Glorious Gaming GMMK 3

Glorious Gaming GMMK 3 Custom Mechanical Gaming Keyboard User Manual

Model: GMMK 3 (GLO-KB-GMMK3-100-PB-FOX-W-BLK-US)

Introduction

The Glorious Gaming GMMK 3 is a customizable mechanical gaming keyboard designed for a personalized typing and gaming experience. Its modular gasket system allows for adjustment of typing feel, while hot-swappable switches and durable PBT keycaps offer extensive customization options. The integrated programmable knob provides quick control over media and custom functions. This full-size keyboard features an aluminum switch plate for balanced acoustics and haptic feedback, and vibrant RGB lighting.

Setup

1. **Connect the Keyboard:** Plug the braided USB-C cable into the USB-C port on the top edge of the GMMK 3 keyboard and connect the other end to an available USB port on your computer.
2. **Select Operating System Mode:** On the top edge of the keyboard, locate the small orange toggle switches. Use the switch to select between Mac and PC modes to ensure correct key functionality.
3. **Install Glorious CORE Software (Optional but Recommended):** For full customization of RGB lighting, key remapping, and macro creation, download and install the Glorious CORE software from the official Glorious Gaming website.

Operating Instructions

Customization Features

The GMMK 3 keyboard offers extensive customization to tailor your typing and gaming experience.

- **Hot-Swappable Switches:** The GMMK 3 supports both 3-pin and 5-pin mechanical switches, allowing you to easily swap out switches without soldering. Use the included switch puller to remove existing switches and insert new ones.

- **Modular Gasket System (MGS):** Adjust the typing feel from firm to flexible by customizing the internal gaskets. This system allows for fine-tuning of the keyboard's acoustics and haptic feedback.

Figure 4: Modular Gasket System for Typing Flex

- **Doubleshot PBT Keycaps:** The included keycaps are made from durable PBT material, designed to resist fading and shine over time, ensuring the RGB lighting shines through clearly.

Programmable Knob

The GMMK 3 features a programmable knob for quick access to various functions:

- **Volume Control:** Twist the knob to adjust your device's volume.
- **Media Playback:** Press the knob to play/pause media.
- **Mute Function:** Press and hold the knob to instantly mute audio.
- **Custom Actions:** Utilize the Glorious CORE software to assign custom actions to the knob's twist and press functions.

RGB Lighting and Software Customization

The GMMK 3 features vibrant RGB lighting that can be fully customized using the Glorious CORE software. This software allows you to:

- Create per-key lighting layouts.
- Choose from various lighting effects and colors.
- Adjust brightness and speed of effects.
- Record macros and assign them to any key.
- Save multiple profiles for different applications or games.

Video 1: Glorious GMMK 3 Keyboard Features Overview. This video demonstrates the extensive customization options of the Glorious GMMK 3 keyboard, showcasing its modular design, hot-swappable switches, programmable RGB lighting, and Mac/PC compatibility. It highlights how users can personalize the keyboard's feel, sound, and appearance.

Maintenance

Regular maintenance helps prolong the life and performance of your GMMK 3 keyboard:

- **Cleaning Keycaps:** Use the included keycap puller to remove keycaps. Clean them with a soft, damp cloth and mild soap, then dry thoroughly before reattaching.
- **Cleaning Switches:** Use compressed air to remove dust and debris from around the switches. For deeper cleaning, remove switches and use a small brush.
- **General Cleaning:** Wipe the keyboard's surface with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.

Troubleshooting

If you encounter issues with your GMMK 3 keyboard, try the following:

- **Keyboard Not Responding:** Ensure the USB-C cable is securely connected to both the keyboard and your computer. Try a different USB port or cable.
- **Incorrect Key Output:** Verify that the Mac/PC mode toggle switch is set to the correct operating system. Check keybindings in the Glorious CORE software.
- **RGB Lighting Issues:** Ensure the Glorious CORE software is installed and updated. Check lighting settings within the software.
- **Stuck or Unresponsive Keys:** Carefully remove the keycap and switch using the provided tools. Inspect for any debris or damage. Reinsert the switch firmly.
- **Software Not Detecting Keyboard:** Restart your computer and ensure the Glorious CORE software is running. Reconnect the keyboard.
