Alagoo Advent Calendar 2025: Christmas Tree Building Set with LED Light Instruction Manual

Model: CC0491 | Brand: Alagoo

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly and use of your Alagoo Advent Calendar 2025 Christmas Tree Building Set. This unique set allows you to construct a festive Christmas tree over 24 days, revealing new building components daily from December 1st to December 24th. The completed tree features an integrated LED light strip, adding a warm glow to your holiday decorations. Please read all instructions carefully before beginning assembly.

The Alagoo Advent Calendar 2025 features a Christmas tree building set, complete with an LED light strip. The image displays the fully assembled tree alongside the advent calendar box, highlighting its festive design and the daily countdown concept.

2. WHAT'S INCLUDED

Your Alagoo Advent Calendar 2025 includes the following components:

- 24 numbered boxes, each containing building blocks for a specific day.
- Total of 593 building pieces.
- Detailed instruction manual.
- LED light strip for illumination.
- Exquisite product box.

Christmas Tree Building Blocks

— Advent Calendar —

This image provides an overview of the product's contents, stating '593PCS' (pieces) and showing the dimensions of the assembled tree (10.7 inches tall, 6.3 inches wide) and the packaging box. It also indicates the inclusion of a detailed use manual and an LED light strip.

3. SETUP AND ASSEMBLY

The Christmas tree is designed to be built incrementally over 24 days, starting from December 1st. Each day, you will open a numbered box and assemble the corresponding section of the tree.

Daily Assembly Steps:

1. **Unpack:** On December 1st, open the main advent calendar box. Locate the detailed instruction manual.
2. **Day 1:** Find the box labeled '1'. Open it and carefully remove the building blocks. Refer to the instruction manual for the specific steps to assemble the first section of the tree (typically the base).
3. **Subsequent Days (December 2nd - 24th):** Each day, locate the box corresponding to the current date. Open it and assemble the new section of the tree according to the manual's instructions. The manual provides clear, step-by-step visual guides for each day's build.
4. **Connecting Pieces:** The building blocks are designed for a tight and secure fit. Ensure each piece is firmly connected to the previous day's assembly.
5. **LED Light Integration:** The LED light strip will be integrated into the tree as you build. Follow the

manual's guidance on where and when to incorporate the light components.

By December 24th, you will have completed the entire Christmas tree, ready for display.

The graphic is a festive red advent calendar for a LEGO Christmas tree. At the top, there are pine branches, red and gold ornaments, and stars. On the left is a calendar for December with a gift icon. The main text reads "ADVENT CALENDAR 24 Days Countdown to Christmas Finish 1 Box Per Day". To the right is a 4x6 grid of 24 small images showing the daily building steps. Below this are three larger panels illustrating the progression: 1. "December 1st Start!" showing a red base and box 1. 2. "Dec.2 - Dec.12 Go on!" showing a partially built tree and box 12. 3. "Dec.13 - Dec.24 Done!" showing the complete tree and box 24.

This image illustrates the daily progression of building the Christmas tree, showing how each day's box contributes to the overall structure, culminating in a complete tree by December 24th.

24 DAYS COUNTDOWN TO CHRISTMAS

This image demonstrates the progressive assembly of the Christmas tree over 24 days. It shows the initial base, partial builds for days 2-6 and 7-12, and the final completed tree on Day 24, emphasizing the daily building activity.

4. OPERATING THE LED LIGHT

The Alagoo Christmas Tree Building Set includes an LED light strip to enhance its decorative appeal. Once the tree is fully assembled and the LED strip is integrated, you can activate and control its lighting modes.

Light Modes:

The LED light strip offers three distinct modes:

- **Steady On:** Provides continuous illumination.
- **Slow Flash:** A gentle, rhythmic flashing effect.
- **Quick Flash:** A faster, more dynamic flashing effect.

Refer to the specific instructions in your manual for details on how to power the LED lights and switch between modes. Typically, a small button or switch controls these functions.

A side-by-side comparison of the assembled Christmas tree. The left panel shows the tree with its LED lights off, while the right panel displays the tree with its warm LED lights illuminated, demonstrating the decorative effect.

5. MAINTENANCE

To ensure the longevity and appearance of your Alagoo Christmas Tree Building Set, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the assembled tree and individual blocks with a soft, dry cloth to remove dust. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the building set in its original packaging or a clean, dry container away from direct sunlight and extreme temperatures. This helps prevent discoloration and damage to the plastic components.
- **Handling:** Handle the assembled tree with care to avoid dislodging pieces. The advanced cutting technology ensures a tight fit, but excessive force can cause separation.

6. TROUBLESHOOTING

If you encounter any issues with your building set, refer to the following common solutions:

Pieces Not Fitting:

- **Check Orientation:** Ensure the pieces are oriented correctly as shown in the instruction manual.
- **Apply Gentle Pressure:** Building blocks require firm but gentle pressure to snap into place. Avoid excessive force.
- **Verify Piece Selection:** Double-check that you are using the correct pieces for the current step. The manual provides visual cues for each component.

LED Lights Not Working:

- **Battery Check:** Ensure batteries (if required, not explicitly stated in product data, assume standard small batteries for LED strips) are correctly inserted and not depleted.
- **Connection Check:** Verify that all connections for the LED light strip are secure and properly seated.

- **Switch Position:** Confirm the power switch for the LED lights is in the 'On' position.

7. SPECIFICATIONS

Product Dimensions	6.3 x 5.1 x 10.7 inches
Item Weight	2.48 pounds
Item Model Number	CC0491
Manufacturer Recommended Age	6 years and up
Material	Durable ABS

8. SAFETY INFORMATION

This product is designed with safety in mind. It is made from durable ABS material with smooth edges to prevent injury. However, please observe the following:

- **Choking Hazard:** Contains small parts. Not suitable for children under 3 years due to potential choking hazards.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger children.
- **Intended Use:** Use this product only for its intended purpose as a building set and decorative item.

9. WARRANTY AND SUPPORT

For any questions, concerns, or support regarding your Alagoo Advent Calendar 2025 Christmas Tree Building Set, please refer to the contact information provided on the product packaging or reach out to your retailer. Specific warranty details are not provided in this manual; please consult your purchase documentation for warranty information.
