WOGXN Glass Oil Film Cleaner & Brush Kit User Manual

Model: SQRK65H6MMPUKOTLWP

1. PRODUCT OVERVIEW

The WOGXN Glass Oil Film Cleaner & Brush Kit is designed to effectively remove stubborn oil film, dirt, and water stains from various glass surfaces, including automotive windshields, side windows, and household glass. This kit includes a specialized cleaning brush and a replenisher liquid, formulated to restore glass clarity and improve visibility.

Key Features:

- Efficiently breaks down oil film and restores original glass clarity.
- Forms an invisible protective layer to reduce fogging and rainwater adhesion.
- Integrated liquid brush for easy application and cleaning of hard-to-reach areas.
- Safe for car paintwork and rubber seals; eco-friendly formulation.
- Versatile use for automotive and household glass surfaces.

2. PACKAGE CONTENTS

Please verify that all items are present in your package:

- 1 x Car Glass Oil Film Cleaner (120ml)
- 1 x Refill Liquid (60ml)

3. SAFETY INFORMATION

Please read and follow these safety guidelines before using the product:

- Keep out of reach of children and pets.
- Avoid contact with eyes. In case of contact, rinse immediately with plenty of water and seek medical advice if irritation persists.
- Do not ingest. If swallowed, do not induce vomiting; seek medical attention immediately.

- Use in a well-ventilated area.
- Store in a cool, dry place away from direct sunlight and extreme temperatures.

4. SETUP AND PREPARATION

Before applying the cleaner, ensure the glass surface is properly prepared:

1. **Rinse the Glass:** Thoroughly rinse the glass surface with water to remove loose dirt, dust, and debris. This prevents scratching during the cleaning process.

Image 4.1: Illustration of rinsing the glass surface with water as the first step.

5. OPERATING INSTRUCTIONS

Follow these steps for effective cleaning:

1. **Prepare the Applicator:** Open the lid of the integrated brush applicator. The design allows for easy dispensing of the cleaning solution with a single click or press.

Open the lid and apply it with one click
Stubborn oil film can be removed
with one wipe
Labor-saving design

2. **Apply Evenly:** Gently press the applicator onto the wet glass surface and spread the cleaning solution evenly using the integrated brush. The ergonomic design ensures a comfortable grip and ease of use, allowing you to reach corners effectively.

Ergonomic design Comfortable grip and easy to use

Image 5.2: Shows the ergonomic design of the brush and its comfortable grip during application on a car windshield.

- 3. Clean Thoroughly:** Work the solution into the glass surface with the brush, focusing on areas with heavy oil film or stains. Stubborn oil film can typically be removed with one thorough wipe.
- 4. Rinse Again:** After applying and cleaning, rinse the glass surface thoroughly with clean water until no residue remains. The glass surface should appear clean and traceless.

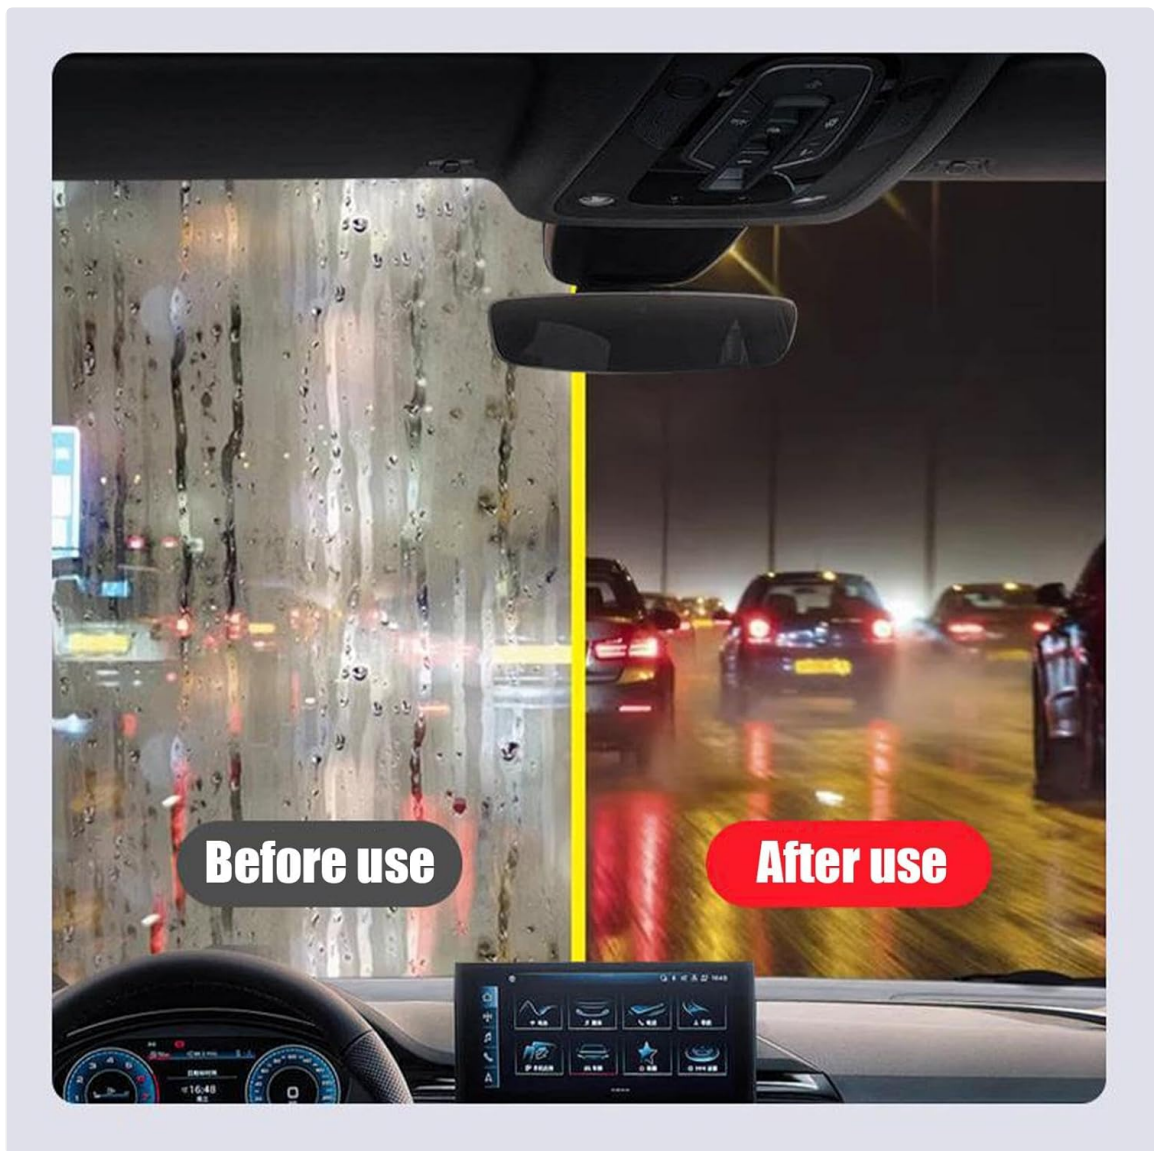

Image 5.3: A visual comparison showing a car windshield before and after using the cleaner, highlighting improved clarity.

6. MAINTENANCE

To ensure the longevity and effectiveness of your cleaning kit:

- After each use, rinse the brush applicator thoroughly with clean water to remove any remaining cleaning solution or debris.
- Allow the brush to air dry completely before closing the lid and storing.
- Store the cleaner and refill liquid in a cool, dry place, away from direct sunlight and freezing temperatures.

7. TROUBLESHOOTING

If you encounter any issues, refer to the following common solutions:

- **Streaks or Residue Remain:** Ensure the glass surface was thoroughly rinsed before application. Re-apply the cleaner and rinse more thoroughly, ensuring all product is washed away.
- **Oil Film Not Fully Removed:** For very stubborn oil film, a second application may be necessary. Ensure sufficient product is applied and worked into the surface.

- **Applicator Not Dispensing:** Check if the lid is fully open and if there is enough liquid in the reservoir. Gently press the applicator to prime it.

8. SPECIFICATIONS

Image 8.1: Dimensions of the cleaning brush applicator, showing approximate measurements of 10.5cm (4.13in) length, 7.5cm (2.95in) width, and 5cm (1.96in) height.
