## OLV A22

# OLV Hand Warmers Rechargeable (Model A22) Instruction Manual

Model: A22

## INTRODUCTION

Thank you for choosing the OLV Hand Warmers Rechargeable. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your device. Please read it thoroughly before use and retain it for future reference.

The OLV Hand Warmers are designed to provide portable and long-lasting warmth, featuring a strong magnetic connection for combined use, multiple heat settings, and advanced safety features. They are ideal for various indoor and outdoor activities in cold weather.

## PACKAGE CONTENTS

Upon unpacking, please ensure all items listed below are present and in good condition:

- 2 x OLV Hand Warmers
- 1 x USB-C Charging Cable
- 1 x User Manual (this document)

## SETUP

---

Before first use, fully charge both hand warmers. Use the provided USB-C charging cable to connect the devices to a compatible USB power source.

### Charging Instructions:

1. Connect the dual USB-C ends of the charging cable to the charging ports on each hand warmer.
2. Connect the USB-A end of the cable to a USB power adapter (not included) or a computer USB port.
3. The blue indicator lights on the hand warmers will illuminate to show charging status. All four blue lights indicate a full charge.
4. Charging typically takes approximately 3 hours.

# Reliable Choice & Trustworthy Quality

**FCC,CE,UL**  
Certification

**Long-lasting Battery**  
6000mAh Capacity

**Magnetic Rechargeable**  
USB-C Charging Port

## OPERATING INSTRUCTIONS

### Power On/Off:

- To power on, press and hold the power button (paw print icon) for 3 seconds. The red indicator lights will illuminate.
- To power off, press and hold the power button for 3 seconds until the red lights turn off.

### Adjusting Heat Levels:

The hand warmers feature 4 adjustable heat levels. Once powered on, short press the power button to cycle through the heat settings:

- **Level 1 (1 Red Light):** 105-116°F (up to 18+ hours)
- **Level 2 (2 Red Lights):** 116-125°F (up to 15 hours)
- **Level 3 (3 Red Lights):** 125-134°F (up to 12 hours)
- **Level 4 (4 Red Lights):** 134-143°F (up to 8 hours)

Heat is released instantly, within 3 seconds of activation.

### Magnetic Feature:

The two hand warmers are equipped with strong magnets, allowing them to be combined into a single unit for concentrated warmth or separated for individual use. This ergonomic design ensures a comfortable

grip.

## Maintenance

---

- Clean the surface of the hand warmers with a soft, dry cloth. Do not use abrasive cleaners or immerse in water.
- Store the hand warmers in a cool, dry place when not in use.
- Avoid dropping the devices or exposing them to extreme temperatures.

## Troubleshooting

---

Problem	Possible Cause	Solution
Device not turning on	Low battery	Charge the device fully.
Device not heating	Not powered on or low battery	Ensure the device is powered on (red lights visible) and fully charged.
Short battery life	High heat setting used continuously	Lower the heat setting for extended battery life. Ensure full charge before use.
Charging issue	Faulty cable or power source	Try a different USB-C cable or power adapter.

## Specifications

---

- **Brand:** OLV
- **Model Name:** Hand Warmers Rechargeable
- **Model Number:** A22
- **Color:** Beige
- **Material:** Plastic
- **Battery Capacity:** 6000 mAh (total for 2 units, 3000 mAh each)
- **Charging Time:** Approximately 3 hours
- **Heat Levels:** 4 levels (105-143°F)
- **Max Temperature:** 143°F
- **Max Duration:** Up to 18+ hours (on lowest setting)
- **Power Source:** Battery Powered
- **Reusability:** Rechargeable
- **Item Package Dimensions:** 6.06 x 4.37 x 0.87 inches
- **Package Weight:** 0.22 Kilograms
- **Certifications:** UL, FCC, CE

## Warranty and Support
