## Hiswelle H786

# Hiswelle H786 8L Smart Humidifier Instruction Manual

BRAND: HISWELLE | MODEL: H786

## Introduction

This manual provides comprehensive instructions for the safe and efficient operation of your Hiswelle H786 8L Smart Humidifier. Please read this manual thoroughly before use and retain it for future reference. This humidifier is designed to enhance air quality and comfort in various indoor environments.

## What's in the Box

- Smart Humidifier (1 unit)
- Remote Control (1 unit)
- User Manual (1 unit)

## Setup

### 1. Unboxing and Initial Inspection

Carefully remove all components from the packaging. Inspect the humidifier for any signs of damage. Ensure all listed items are present.

*Video: Unboxing the Hiswelle Smart Humidifier. This video demonstrates the careful packaging and initial unboxing of the humidifier and its accessories.*

### 2. Placement

Place the humidifier on a flat, stable surface in your desired room. The floor-standing design allows for placement in various areas such as bedrooms, offices, or living rooms, minimizing clutter on desks or tables.

# Humidifier for Large Room

### 3. Water Filling

The humidifier features a convenient top-fill design. Open the top cover and pour clean water directly into the water tank. The clear water level window with scale lines allows you to monitor the water level. Do not exceed the 'MAX 8L' line.

Press it, the oil tray pops out  
Add 2 drops of your favorite essential oils

Compatible  
with any essential oils

*Video: How to Clean the humidifier H786. This video demonstrates the process of refilling the humidifier, which is similar to the initial filling process.*

#### **4. Power Connection**

Connect the power cord to a suitable electrical outlet. The humidifier is now ready for operation.

### **Operating Instructions**

#### **Control Options**

Your Hiswelle H786 humidifier offers multiple control methods for convenience:

- **Touch Screen:** The humidifier features a user-friendly touch screen display for direct control.
- **Remote Control:** Use the included remote control to adjust settings from a distance.
- **Smartphone App:** Download the free "Tuya" app from Google Play or Apple Store to monitor and manage your humidifier anytime, anywhere. Ensure your device is connected to a 2.4GHz WiFi network for initial setup.

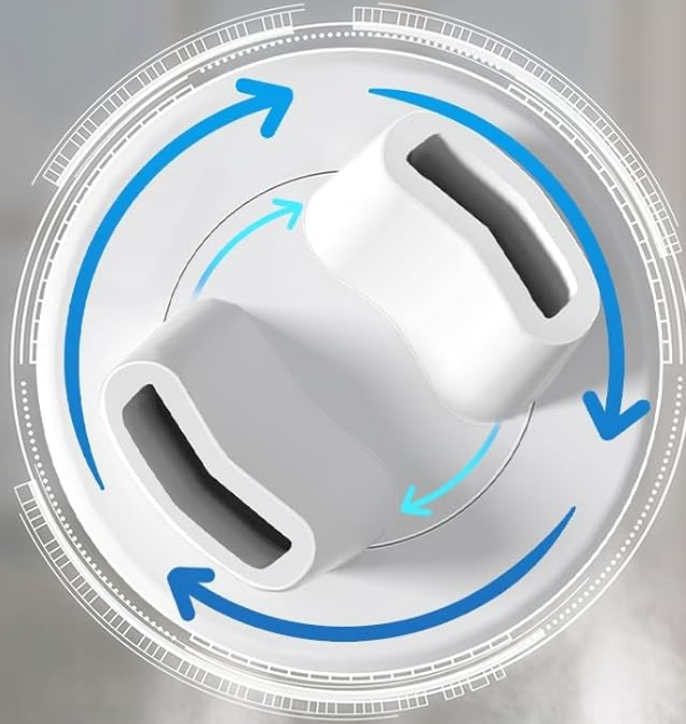

*Image: Various control methods for the humidifier, including the touch screen, remote, and smartphone app.*

### **Mist Modes and Volume**

The humidifier offers 3 levels of mist volume. Adjust the mist output to suit your preference and room size. The maximum mist volume is suitable for spaces up to 505 square feet. The 360° rotating nozzle allows you to direct the mist as needed.

## 360° Rotating Nozzle

130ml/1h

240ml/1h

### Custom Humidity Settings

Utilize the advanced sensors to set your desired humidity level (40% to 90% RH). The humidifier will automatically activate or deactivate to maintain this set humidity, providing personalized humidification.

Image: Display showing customized humidity settings and recommended ranges for different environments.

### Timer and Sleep Mode

Set a timer for up to 12 hours of operation. In sleep mode, the humidifier operates at a low noise level (as low as 35dB) and the display can be turned off, ensuring a tranquil environment for uninterrupted sleep.

# Whisper-quiet Operation

Bring you sweet dreams

*Image: The humidifier operating quietly in a bedroom at night, illustrating its sleep mode features.*

## Aromatherapy and Ambient Light

The humidifier includes a built-in aromatherapy function. Place 4-5 drops of your favorite essential oil onto the fragrance pad located on the back of the humidifier. The ambient light feature offers various colors that automatically change in a breathing light pattern, providing a soothing atmosphere.

**Easy to refill & clean**

## Maintenance

### Cleaning

The humidifier is designed for easy cleaning. The top-fill design and removable components facilitate thorough cleaning, which is crucial for maintaining optimal performance and hygiene.

*Video: How to Clean the humidifier H786. This video provides a step-by-step guide on how to properly clean your humidifier.*

## Water Level Window

The clear water level window allows for convenient monitoring of the water level, even at night, ensuring you know when a refill is needed.

## Troubleshooting

If you experience issues such as no mist output despite the device running, or if the device emits unusual odors, please ensure the water tank is correctly filled and the unit is properly assembled. If problems persist, contact customer service.

## Specifications
