

EDJO XYDUS-KM099C

EDJO Foldable Keyboard and Mouse Combo

MODEL: XYDUS-KM099C

Introduction

Thank you for choosing the EDJO Foldable Keyboard and Mouse Combo. This user manual provides detailed instructions for setting up, operating, and maintaining your new device. Designed for portability and versatility, this combo offers seamless connectivity across multiple operating systems, enhancing your productivity on the go.

Key Features

- **Standard Layout & Innovative Locking:** Features 0.63-inch standard-size keycaps and a traditional numeric pad. Innovative slide-locking mechanisms ensure the keyboard remains flat during use.
- **Pocket Size & Quiet Typing:** Lightweight and compact design, ideal for travel. Silent scissor-switch keys and a low-noise mouse promote concentration.
- **2.4G Wireless & Bluetooth Connection:** Supports syncing up to 3 devices (2.4G+BT1+BT2) with seamless switching and stable connection within a 33ft range.
- **Electronic Screen & USB-C Rechargeable:** Keyboard features a smart electronic screen displaying real-time battery levels, numeric keypad, and Caps Lock status. Both devices are easily charged via USB-C.
- **Wide Compatibility:** Compatible with Windows, Mac OS, iOS, and Android systems, working smoothly on laptops, desktops, and tablets.

Package Contents

- 1 x EDJO Foldable Keyboard
- 1 x Wireless Mouse
- 1 x Portable Hard Case
- 1 x Adjustable Phone Holder
- 1 x USB-C Charging Cable

- 1 x USB Receiver (stored in mouse battery compartment)
- 1 x User Manual

Setup Instructions

1. Charging the Devices

Before first use, fully charge both the keyboard and mouse using the provided USB-C cable. A full charge typically takes 2-3 hours and provides up to 90-120 days of standby time.

Type-C Rechargeable Keyboard Mouse

2. Unfolding and Locking the Keyboard

Gently unfold the keyboard. To ensure stability during typing, slide the locking mechanisms located near the hinges to secure the keyboard in its flat, open position. To fold, unlock these mechanisms first.

Innovative Slide Locking Design

Enjoy typing even on uneven surfaces

Image: A user's hands demonstrating the innovative slide locking mechanism on the keyboard, ensuring it remains flat for stable typing.

3. Connecting to Your Device

The combo supports two connection modes: 2.4G Wireless and Bluetooth.

◦ 2.4G Wireless Connection:

1. Locate the USB receiver stored in the mouse battery compartment.
2. Plug the USB receiver into an available USB port on your computer or device.
3. Turn on the mouse and keyboard. They should automatically connect.

◦ Bluetooth Connection (BT1/BT2):

1. Turn on the keyboard and mouse.
2. On the keyboard, press the Fn key + BT1 or Fn key + BT2 to select a Bluetooth channel. The corresponding indicator on the electronic screen will flash.
3. On your device (laptop, tablet, smartphone), go to Bluetooth settings and search for "EDJO Keyboard" or similar.
4. Select the keyboard to pair. Follow any on-screen prompts.

5. For the mouse, press the channel switch button on the bottom to select BT1 or BT2. The corresponding indicator will flash.
6. In your device's Bluetooth settings, search for "EDJO Mouse" or similar and select to pair.

Operating Instructions

Keyboard Functions

- **Electronic Screen:** The small screen above the function keys displays battery percentage, connection status (2.4G, BT1, BT2), numeric keypad status, and Caps Lock status.

- **Function Keys (Fn Combinations):** The keyboard features multimedia and system control functions accessible by pressing the 'Fn' key in combination with the F1-F12 keys. Refer to the key legends for specific functions (e.g., volume control, media playback, screen brightness).
- **Multi-Device Switching:** Once paired with multiple devices, you can seamlessly switch between them by pressing Fn + BT1, Fn + BT2, or Fn + 2.4G.

Mouse Functions

- **DPI Adjustment:** The mouse has 3 adjustable DPI levels (800/1200/1600). Press the DPI button (located near the scroll wheel) to cycle through the sensitivity settings.
- **Quiet Clicks:** The mouse is designed for low-noise operation, ensuring a quiet working environment.
- **On/Off Switch:** Use the switch on the bottom of the mouse to conserve battery when not in use.

Maintenance

Recharging

When the keyboard's electronic screen indicates low battery, or the mouse's indicator light flashes, connect the devices to a power source using the USB-C charging cable. The charging indicator will show when charging is complete.

Auto-Sleep Function

To conserve battery, both the keyboard and mouse will enter an auto-sleep mode after 30 minutes of inactivity. To wake them up, simply press any key on the keyboard or move/click the mouse.

Cleaning

Use a soft, dry cloth to clean the surfaces of the keyboard and mouse. Avoid using harsh chemicals or abrasive materials.

Troubleshooting

- **Device Not Connecting:**

- Ensure both the keyboard and mouse are fully charged.
 - Verify the correct connection mode (2.4G or Bluetooth) is selected on the devices and your host system.
 - For 2.4G, ensure the USB receiver is securely plugged in. Try a different USB port.
 - For Bluetooth, ensure Bluetooth is enabled on your device and try re-pairing.
 - Restart your host device and try connecting again.
- **Keyboard Not Laying Flat:**
 - Ensure the innovative slide-locking mechanisms are fully engaged after unfolding the keyboard.
- **Mouse Cursor Jumps or is Unresponsive:**
 - Check the mouse battery level.
 - Ensure the mouse is on a clean, flat surface.
 - Try adjusting the DPI setting.
 - If using 2.4G, ensure the USB receiver is not obstructed and is within range.
- **Keyboard Keys Not Responding:**
 - Check the keyboard battery level on the electronic screen.
 - Ensure the keyboard is properly connected to your device.
 - If specific keys are not working, ensure the numeric keypad or Caps Lock functions are not inadvertently activated if that is the issue.
