

Dyonery DY-MS200-DYB14-TXL

Dyonery Adjustable Bed Frame with 14-inch Copper Gel Memory Foam Mattress - Twin XL Instruction Manual

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your Dyonery Adjustable Bed Frame with 14-inch Copper Gel Memory Foam Mattress. Please read this manual thoroughly before use to ensure proper setup and safe operation.

Key Features:

- **Adjustable Head and Foot Incline:** Customize your sleeping or lounging position with independent head (0-57 degrees) and foot (0-38 degrees) adjustments.
- **Wireless Remote Control:** Conveniently adjust positions with a user-friendly wireless remote.
- **14-inch Copper Gel Memory Foam Mattress:** Designed for comfort, temperature regulation, and support.
- **Multi-Length Legs:** Includes 5-inch and 7-inch legs for a total height of up to 12 inches, allowing for under-bed storage.
- **Quick, Tool-Free Assembly:** Designed for easy setup in approximately 5 minutes.

Important Safety Warnings:

- Always keep the remote control out of reach of children.
- This product is not intended for use by children under 10 years of age.
- Do not place this product near a crib, bassinet, or toddler bed.
- Always follow weight capacity guidelines to prevent injury or damage. The maximum weight capacity for this bed frame is 750 pounds.

SETUP INSTRUCTIONS

The Dyonery Adjustable Bed Frame is designed for quick and easy assembly without the need for tools.

Please follow these steps carefully.

Package Contents:

- Adjustable Bed Frame (pre-assembled sections)
- Wireless Remote Control
- Mattress
- Legs (5-inch and 7-inch options)

Assembly Steps:

1. **Unpack Components:** Carefully remove all components from the packaging. Place the folded bed frame on a clean, flat surface.
2. **Unfold Frame:** Gently unfold the bed frame sections. Ensure all hinges and locking mechanisms engage securely.
3. **Install Legs:** Screw the desired leg height (5-inch or 7-inch, or a combination for a total of 12 inches) into the designated threaded holes on the underside of the frame. Hand-tighten until secure.
4. **Position Mattress:** Place the 14-inch copper gel memory foam mattress onto the assembled bed frame. Allow the mattress to fully expand if it was compressed for shipping.
5. **Connect Power:** Plug the power cord from the bed frame into a grounded electrical outlet.
6. **Insert Remote Batteries:** Open the battery compartment on the wireless remote control and insert the required batteries (typically AAA, check remote for specifics).

OPERATING INSTRUCTIONS

Your Dyonery Adjustable Bed Frame is operated using the provided wireless remote control. Familiarize yourself with the remote's functions for optimal comfort.

Wireless Remote Control Functions:

- **Head Up/Down:** Adjusts the head section of the bed.
- **Foot Up/Down:** Adjusts the foot section of the bed.
- **Flat:** Returns the bed to a completely flat position.
- **Pre-set Positions:** Dedicated buttons for common comfort positions such as TV, Anti Snore, and Zero Gravity. Refer to the remote for specific button labels (e.g., M1, M2 for memory positions).
- **Memory Positions:** Some remotes may include programmable memory buttons (M1, M2) to save your favorite custom positions. Consult your remote's specific guide for programming instructions.

Benefits of Adjustable Positions:

- **Reduced Snoring:** Elevating the head can help open airways.
- **Pain Relief:** Adjusting positions can alleviate pressure points and support the spine.
- **Improved Circulation:** Elevating legs can promote better blood flow.
- **Enhanced Digestion:** A slightly elevated head can aid digestion.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your adjustable bed frame and mattress.

Mattress Care:

- **Rotation:** Rotate your mattress every 3-6 months to ensure even wear and extend its lifespan.
- **Cleaning:** Spot clean spills immediately with a mild detergent and damp cloth. Avoid saturating the mattress. Do not use harsh chemicals.
- **Protection:** Use a mattress protector to shield against spills, stains, and allergens.
- **Ventilation:** The copper gel memory foam is designed to regulate temperature and control moisture/odor. Ensure adequate room ventilation.

STRUCTURE OF MATTRESS

- 1 COOLING KNIT FABRIC COVER**
Regulate your body temperature while you sleep.
- 2 FIBERGLASS-FREE FR INNER COVER**
No skin irritation, breathing problems, or health risks.
- 3 VENTILATED COPPER-GEL AEROFUSION MEMORY FOAM**
More restful and rejuvenating sleep experience.
- 4 FLEX SUPPORT BASE FOAM**
Provide the support needed to keep the spine aligned.

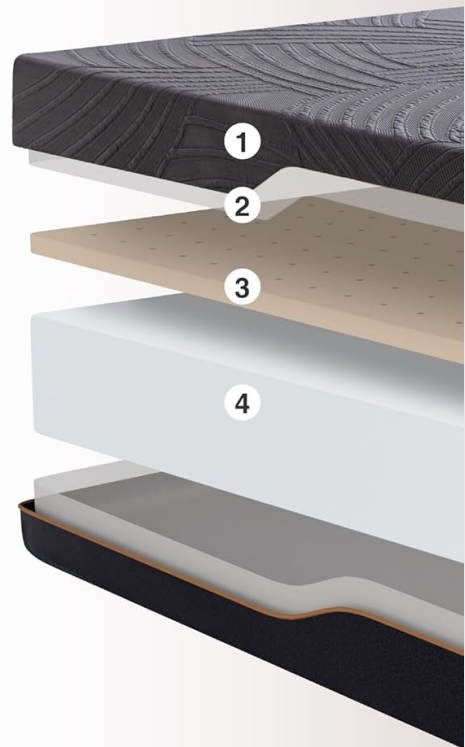

Figure 5: Structure of the 14-inch Copper Gel Memory Foam Mattress.

Bed Frame Care:

- **Cleaning:** Wipe the metal frame with a damp cloth to remove dust. Avoid abrasive cleaners.
- **Connections:** Periodically check all leg and frame connections to ensure they remain tight and secure.
- **Motor Area:** Keep the area around the motors clear of obstructions.

TROUBLESHOOTING

If you encounter issues with your adjustable bed frame, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Bed does not respond to remote.	No power, remote batteries dead, remote not paired.	Check power cord connection. Replace remote batteries. Refer to remote's specific guide for re-pairing instructions.

Problem	Possible Cause	Solution
Motor makes noise but bed does not move.	Obstruction under bed, mechanism jammed.	Check for any objects obstructing the moving parts of the bed frame. Ensure the mattress is properly seated.
Bed moves unevenly.	Loose leg or frame connection.	Inspect all leg and frame connections and tighten if necessary.

If the problem persists after attempting these solutions, please contact customer support.
