- **To insert a microSD card:** Locate the card slot on the side of the tablet and gently insert the card until it clicks into place.
- **To manage storage:** Go to **Settings > Storage** to view usage and free up space.

6.6. Facial Recognition

Set up facial recognition for convenient and secure unlocking.

1. Go to **Settings > Security & privacy > Device unlock > Face unlock**
2. Follow the on-screen instructions to register your face.

6.7. GPS Navigation

The tablet includes an integrated GPS system for navigation.

- Ensure Location services are enabled in **Settings > Location**.
- Use a navigation app (e.g., Google Maps) to plan routes and get directions.

7. MAINTENANCE

7.1. Cleaning the Tablet

- Use a soft, lint-free cloth to wipe the screen and body of the tablet.
- For stubborn marks, slightly dampen the cloth with water or a screen cleaner.
- Avoid using harsh chemicals or abrasive materials.

7.2. Battery Care

- To prolong battery life, avoid fully discharging the battery frequently.
- Do not leave the tablet charging for extended periods after it's fully charged.
- Store the tablet in a cool, dry place when not in use for long periods.

7.3. Software Updates

Regularly check for and install software updates to ensure your tablet has the latest features and security patches.

1. Connect your tablet to a Wi-Fi network.
2. Go to **Settings > System > System update**.
3. Follow the on-screen instructions to download and install any available updates.

8. TROUBLESHOOTING

If you encounter issues with your tablet, try the following solutions:

- **Tablet not powering on:** Ensure the battery is charged. Connect the charger and try again.
- **Screen frozen:** Press and hold the Power button for about 10-15 seconds to force a restart.
- **Wi-Fi connection issues:** Restart your tablet and your Wi-Fi router. Ensure you are within range and have entered the correct password.
- **Slow performance:** Close unnecessary apps, clear cache, or restart the tablet. Consider uninstalling unused apps or moving large files to an SD card.
- **Apps crashing:** Clear the app's cache and data in **Settings > Apps > [App Name] > Storage**. If the issue persists, reinstall the app.
