YOTO PRP3XX02848

YOTO Player (3rd Generation) Instruction Manual

Model: PRP3XX02848

1. Introduction

The YOTO Player (3rd Generation) is a versatile, screen-free audio device designed for children aged 3-12+. It provides a safe and engaging platform for stories, music, podcasts, and more, fostering independence and imagination without digital screens. This manual provides essential information for setting up, operating, and maintaining your YOTO Player.

2. Product Overview

The YOTO Player offers a range of features designed for a child's development and entertainment:

- **Screen-Free Experience:** Encourages imaginative play without digital screens.
- **Audio Content:** Plays stories, music, podcasts, radio, white noise, and soundscapes via physical Yoto Cards.
- **Multi-Functional:** Functions as a portable audio player, nightlight, Ok-to-Wake alarm clock, and room thermometer.
- **User-Friendly:** Simple controls with large dials for volume and track selection.
- **Connectivity:** Bluetooth and Wi-Fi enabled for app control and content downloads.
- **Long Battery Life:** Up to 24 hours of playback on a single charge.
- **Internal Storage:** 32GB memory for over 600 hours of offline listening.

3. Setup

3.1 What's in the Box

- Yoto Player (3rd Generation)
- 1.5m (USB-A to USB-C) Charging Cable
- Welcome Card

3.2 Initial Charging and Power On

1. Connect the Yoto Player to a power source using the provided USB-C charging cable. The device will begin charging.
2. Press and hold the power button (located on the side) to turn on the Yoto Player.

3.3 Connecting to Wi-Fi and Yoto App

To unlock the full potential of your Yoto Player, connect it to your home Wi-Fi network and link it with the Yoto App:

1. Download the free Yoto App on your smartphone or tablet.
2. Follow the in-app instructions to set up your Yoto Player and connect it to your Wi-Fi network. This allows for content downloads and device management.

4. Operating Instructions

4.1 Using Yoto Cards

Yoto Cards are the key to accessing content on your player. Each card contains unique audio content.

1. To play content, simply insert a Yoto Card into the slot on top of the player. The content will begin playing automatically.
2. To stop playback, remove the card from the slot.

Image: A young child demonstrates how to insert a Yoto Card into the top slot of the YOTO Player to initiate audio playback.

4.2 Controls and Dials

The Yoto Player features two large orange dials on top for easy control:

- **Left Dial:** Adjusts volume.
- **Right Dial:** Skips tracks or chapters within the current audio content.

4.3 Yoto App Functions

The Yoto App provides advanced control and customization options:

- **Volume Control:** Remotely adjust the player's volume.
- **Timers:** Set sleep timers for bedtime stories or activity timers.
- **Content Management:** Browse and download new Yoto Cards, manage your library, and create 'Make Your Own' cards.

- **Settings:** Customize nightlight colors, Ok-to-Wake settings, and other device preferences.

4.4 Nightlight and Ok-to-Wake

The Yoto Player includes an ambient nightlight and an Ok-to-Wake alarm clock function:

- **Nightlight:** The player emits a soft glow. Colors and brightness can be customized via the Yoto App.
- **Ok-to-Wake:** Set a specific time in the Yoto App for the player's display to change color, indicating it's time to wake up.

4.5 Room Thermometer

The Yoto Player includes a built-in room thermometer. The temperature can be viewed on the player's pixel display or through the Yoto App.

4.6 Headphone Use

For private listening, connect headphones to the 3.5mm headphone jack located on the side of the player. The player also supports Bluetooth headphone connectivity.

4.7 Make Your Own Cards

The Yoto Player supports 'Make Your Own' cards, allowing you to record your own audio or upload content via the Yoto App. This feature enables personalized stories, messages, or custom playlists.

5. Maintenance

5.1 Charging

Charge your Yoto Player using the provided USB-C cable. A full charge provides up to 24 hours of playback. Optional charging docks are available separately for convenient placement and charging.

5.2 Cleaning

Wipe the Yoto Player with a soft, dry cloth. Avoid using abrasive cleaners or submerging the device in water.

6. Troubleshooting

If you encounter issues with your Yoto Player, consider the following:

- **No Power:** Ensure the player is fully charged. Connect it to the USB-C charger and allow some time for it to power on.
- **No Sound:** Check the volume levels using the left dial or the Yoto App. Ensure headphones are not connected if you expect sound from the speaker.
- **Content Not Playing:** Verify that the Yoto Card is fully inserted. Ensure the content for the card has been downloaded via the Yoto App while connected to Wi-Fi.
- **Connectivity Issues:** Check your Wi-Fi connection. Restart both your Yoto Player and your Wi-Fi router if problems persist.
- **App Sync Issues:** Ensure your Yoto Player and the Yoto App are both connected to the internet and updated to the latest versions.

7. Specifications
