HiFuture ULTRA3-PRO-GÜMÜŞ

HiFuture ULTRA3 Pro Smartwatch User Manual

Model: ULTRA3-PRO-GÜMÜŞ

INTRODUCTION

This manual provides essential information for the proper setup, operation, and maintenance of your HiFuture ULTRA3 Pro Smartwatch. Please read this manual thoroughly before using the device to ensure optimal performance and longevity.

The HiFuture ULTRA3 Pro Smartwatch is designed to offer seamless connectivity and comprehensive health monitoring. It features Bluetooth calling, advanced fitness tracking, long battery life, and an IP68 waterproof rating, all presented on a vibrant 2.04-inch AMOLED display.

PRODUCT OVERVIEW

Front view of the HiFuture ULTRA3 Pro Smartwatch displaying time, date, and various health metrics like calories, distance, and heart rate.

Angled view of the HiFuture ULTRA3 Pro Smartwatch, showcasing an abstract watch face design.

Side view of the smartwatch, highlighting the display with health metrics and the metallic strap.

Close-up angled view of the smartwatch, showing the detailed watch face and the side button.

Rear view of the smartwatch, clearly showing the heart rate sensor with green lights and model information.

Angled view of the smartwatch, emphasizing the metallic strap and the sleek design of the watch body.

Another angled view, providing a different perspective of the smartwatch and its metallic strap.

Top-down view of the smartwatch, showing the full display with an abstract watch face.

SETUP GUIDE

1. Unboxing and Initial Charge

1. Carefully open the product packaging and remove the smartwatch and all accessories.
2. Connect the charging cable to the smartwatch's charging port. Ensure the magnetic pins align correctly.
3. Plug the USB end of the charging cable into a compatible USB power adapter (5V/1A recommended) or a computer's USB port.
4. Allow the smartwatch to charge fully before first use. A full charge typically takes approximately 2 hours. The battery icon on the display will indicate charging status.

2. Pairing with Your Smartphone

1. Ensure your smartphone's Bluetooth is enabled.

2. Download and install the official HiFuture companion application from your smartphone's app store (e.g., Google Play Store for Android, Apple App Store for iOS). Refer to the QR code in the quick start guide or search for "HiFuture" app.
3. Open the HiFuture application and follow the on-screen instructions to create an account or log in.
4. In the app, navigate to the "Device" or "Add Device" section.
5. Select "HiFuture ULTRA3 Pro" from the list of available devices. If prompted, confirm the pairing request on both your smartphone and the smartwatch.
6. Once paired, the smartwatch will synchronize time and data with your phone.

OPERATING INSTRUCTIONS

Basic Navigation

- **Power On/Off:** Press and hold the side button to power on or off the device.
- **Wake Screen:** Raise your wrist, press the side button, or tap the screen to wake the display.
- **Touchscreen Gestures:**
 - *Swipe Up:* Access quick settings/notifications.
 - *Swipe Down:* View notifications/quick settings.
 - *Swipe Left/Right:* Navigate through widgets and main functions (e.g., heart rate, activity, weather).
 - *Tap:* Select an item or enter a menu.
 - *Press and Hold:* Customize watch faces (on the home screen).

Key Features and Functions

- **Bluetooth Calling:** Once paired, you can answer, reject, or make calls directly from your wrist. Access the call log and contacts via the phone icon on the watch.
- **Health Monitoring:**
 - *Heart Rate:* The watch continuously monitors your heart rate. View real-time data on the watch or detailed trends in the app.
 - *Sleep Tracking:* Wear the watch to bed for automatic sleep analysis. Data on sleep stages (deep, light, REM) and duration will be available in the app.
 - *Activity Tracking:* Tracks steps, distance, and calories burned throughout the day. Set daily goals in the app.
- **Sports Modes:** The watch supports over 100 sports modes. Select your activity from the sports menu to track specific workout data.
- **Notifications:** Receive notifications for calls, messages, and app alerts from your paired smartphone. Manage notification settings in the HiFuture app.
- **Music Control:** Control music playback on your smartphone directly from the watch (play, pause, skip tracks).
- **Weather:** View current weather conditions and forecasts after syncing with the app.

MAINTENANCE AND CARE

- **Cleaning:** Regularly clean the watch and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Water Resistance (IP68):** The watch is IP68 waterproof, meaning it can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, showering, and shallow swimming. *Do not use in hot water, saunas, or for diving. Avoid exposure to high-pressure water.*

- **Charging:** Use only the provided charging cable. Ensure the charging contacts on the watch and cable are clean and dry before charging.
- **Storage:** Store the watch in a cool, dry place when not in use. Avoid extreme temperatures.
- **Strap Care:** If the strap is removable, clean it separately. Ensure it is securely reattached before wearing.

TROUBLESHOOTING

Problem	Possible Solution
Watch does not power on.	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Unable to pair with smartphone.	• Ensure Bluetooth is enabled on your phone. • Make sure the watch is within Bluetooth range (approx. 10 meters). • Restart both the watch and your smartphone. • Clear Bluetooth cache on your phone (Android) or forget the device and re-pair. • Ensure the HiFuture app is updated to the latest version.
Notifications are not received.	• Check notification permissions for the HiFuture app in your phone's settings. • Ensure the watch is connected via Bluetooth. • Verify that "Do Not Disturb" mode is off on both the watch and phone.
Inaccurate health data.	• Ensure the watch is worn snugly on your wrist, not too loose or too tight. • Clean the sensor on the back of the watch. • Avoid excessive movement during measurements.
Short battery life.	• Reduce screen brightness. • Limit continuous heart rate monitoring if not needed. • Turn off unnecessary notifications. • Disable "raise to wake" if not frequently used.
