

WAAW BOOM 200

WAAW by ALOK BOOM 200 Bluetooth Speaker Instruction Manual

Model: BOOM 200

Brand: WAAW

INTRODUCTION

The WAAW by ALOK BOOM 200 is a powerful Bluetooth speaker designed to deliver an immersive audio experience. Featuring 80W RMS power, IPX4 splash protection, dynamic light shows, and TWS (True Wireless Stereo) technology, it's built for versatility and high-quality sound. This manual provides essential information for setting up, operating, and maintaining your speaker.

Key features include:

- **TWS Technology:** Connects up to two BOOM 200 speakers for enhanced stereo sound.
- **Bluetooth 5.3:** Ensures stable and extended wireless connectivity.
- **Up to 12 Hours Playtime:** Enjoy long-lasting music on a single charge.
- **IPX4 Protection:** Resistant to splashes, making it suitable for various environments.
- **3 Speakers:** Equipped with one subwoofer and two tweeters for clear bass, mids, and highs.
- **80W RMS Power:** Delivers robust and clear audio output.
- **Dynamic Light Show:** Integrated LED lighting to enhance your listening experience.
- **Power Bass:** Feature for powerful bass reinforcement.
- **Multiple Connectivity Options:** USB and 3.5mm AUX IN ports.

PACKAGE CONTENTS

Upon unboxing, please ensure all the following components are present:

- WAAW by ALOK BOOM 200 Bluetooth Speaker

- Charger
- USB-C Cable
- User Manual

SETUP

Charging the Speaker

Before initial use, fully charge your WAAW BOOM 200 speaker.

1. Connect the provided USB-C cable to the charging port on the speaker.
2. Connect the other end of the USB-C cable to the charger, then plug the charger into a power outlet.
3. A red LED indicator will illuminate, indicating that the speaker is charging.
4. The LED indicator will turn off once charging is complete.

Note: When the battery level is low, you will hear an audible notification.

OPERATING INSTRUCTIONS

Power On/Off

To power on or off the speaker, press and hold the power button located on the control panel.

Image: Top view of the speaker showing the power button and other controls.

Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing LED, refer to product for specific indicator).
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "WAAW BOOM 200" from the list of devices.
4. Once connected, the speaker will provide an audible confirmation, and the LED indicator will change (e.g., solid blue).

TWS (True Wireless Stereo) Pairing

The WAAW BOOM 200 features TWS technology, allowing you to connect two BOOM 200 speakers for a true stereo sound experience.

1. Ensure both BOOM 200 speakers are powered on and not connected to any other Bluetooth device.
2. On one of the speakers, press and hold the TWS button (refer to product for specific button). The speakers will search for each other.
3. Once connected, you will hear an audible confirmation, and the LED indicators on both speakers will synchronize.
4. Now, connect your device to one of the paired speakers via Bluetooth as described in the "Bluetooth

Pairing" section. Both speakers will play audio in stereo.

Controls and Features

- **Volume Control:** Use the '+' and '-' buttons on the control panel to adjust the volume.
- **Play/Pause:** Press the play/pause button to control music playback.
- **Dynamic Light Show:** The speaker features integrated LED lighting. Use the light button (often indicated by a sun icon) to cycle through different light modes or turn them off.
- **Power Bass:** Activate this feature for enhanced bass. Refer to the product's physical buttons for the specific Power Bass control.
- **USB Input:** Connect USB devices for audio playback.
- **AUX IN (3.5mm Audio Input):** Connect devices using a 3.5mm audio cable (not included).
- **Microphone Input (P10 6.35mm):** Connect a microphone for karaoke or announcements.

80W RMS DE POTÊNCIA

Com 1x subwoofer + 2x tweeters, os alto-falantes da BOOM 200 proporcionam um som claro, potente e com batidas poderosas.

MAINTENANCE

Water Resistance (IPX4)

The WAAW BOOM 200 is rated IPX4, meaning it is resistant to splashes of water. This allows for use in environments where it might be exposed to light water spray, such as near pools or at the beach. However, it is **not** waterproof and should not be submerged in water.

Resetting the Speaker

If the speaker experiences issues or becomes unresponsive, you can perform a reset:

1. Locate the reset button (typically a small pinhole).
2. Using a pointed object (e.g., a paperclip), gently insert it into the reset button hole.
3. Press and hold the reset button for 6 seconds. The speaker will automatically reset.
