Smeg DCF02

Smeg 50's Retro Style Aesthetic Drip Coffee Machine DCF02 User Manual

Model: DCF02

1. INTRODUCTION

Welcome to the user manual for your new Smeg 50's Retro Style Aesthetic Drip Coffee Machine, model DCF02. This appliance is designed to brew delicious coffee with ease, combining a classic aesthetic with modern functionality. Please read this manual thoroughly before first use to ensure proper operation, maintenance, and safety.

Figure 1: Front view of the Smeg DCF02 Drip Coffee Machine. This image displays the main unit with the glass carafe in place, featuring the control panel and digital display.

2. IMPORTANT SAFETY INFORMATION

Please observe the following safety precautions to reduce the risk of fire, electric shock, personal injury, or damage to the appliance.

- Read all instructions before using the appliance.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against fire, electric shock, and injury to persons, do not immerse cord, plugs, or the appliance in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and

before cleaning the appliance.

- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions, or has been damaged in any manner. Return appliance to the nearest authorized service facility for examination, repair, or adjustment.
- The use of accessory attachments not recommended by the appliance manufacturer may result in fire, electric shock, or injury to persons.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "off", then remove plug from wall outlet.
- Do not use appliance for other than intended use.
- **WARNING:** This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

3. PRODUCT COMPONENTS

Your Smeg Drip Coffee Machine includes the following main components:

- Main Coffee Machine Unit
- Glass Carafe (10-cup / 1.4 liters capacity)
- Reusable Coffee Filter
- Filter Basket
- Water Reservoir with Level Indicator
- Heating Plate

Figure 2: The 10-cup glass carafe with measurement markings, designed for easy pouring and handling.

Figure 3: The reusable coffee filter, an eco-friendly alternative to paper filters.

4. SETUP

1. **Unpacking:** Carefully remove all packaging materials and ensure all components are present.
2. **Initial Cleaning:** Before first use, wash the glass carafe, lid, reusable coffee filter, and filter basket in warm, soapy water. Rinse thoroughly and dry. Wipe the exterior of the coffee machine with a damp cloth.
3. **First Use Cycle:** To clean the internal components, fill the water reservoir to the MAX level with fresh water. Place the empty filter basket with the reusable filter (or a paper filter) into position. Do not add coffee grounds. Place the empty carafe on the heating plate. Run a full brewing cycle. Discard the water and repeat this process once more.
4. **Placement:** Place the coffee machine on a stable, flat, heat-resistant surface, away from the edge of the counter. Ensure adequate ventilation around the appliance.
5. **Power Connection:** Plug the power cord into a grounded electrical outlet.

Figure 4: Side view illustrating the water reservoir with clear level markings for accurate filling.

5. OPERATING INSTRUCTIONS

5.1. Brewing Coffee

1. **Fill Water Reservoir:** Open the lid and fill the water reservoir with fresh, cold water up to the desired level indicated on the side. Do not exceed the MAX line.
2. **Add Coffee Grounds:** Place the reusable filter (or a #4 paper filter) into the filter basket. Add your desired amount of ground coffee. A general guideline is one tablespoon of coffee per cup (5 oz).
3. **Position Carafe:** Ensure the glass carafe is correctly placed on the heating plate.

4. **Select Aroma Intensity:** Use the aroma intensity button (often labeled with a coffee bean icon) to choose between "Light" or "Intense" brew strength. The selected setting will be indicated on the display.
5. **Start Brewing:** Press the ON/OFF button to begin the brewing cycle. The machine will start heating water and dispensing coffee into the carafe.
6. **Keep Warm Function:** After brewing, the machine will automatically switch to the "Keep Warm" function, maintaining the coffee's temperature for up to 60 minutes. The heating plate will turn off automatically after this period.

5.2. Setting the Auto-Start Feature

The auto-start feature allows you to program the machine to begin brewing at a specific time.

1. **Prepare the Machine:** Follow steps 1-3 from "5.1. Brewing Coffee" (fill water, add grounds, position carafe).
2. **Set Current Time:** Refer to the full instruction manual for specific button combinations to set the current time on the LED display. This typically involves holding a button and using the lever.
3. **Set Auto-Start Time:** Press the "Auto Start" button (often indicated by a clock icon). Use the control knob or designated buttons to set your desired brewing time. Confirm the time.
4. **Activate Auto-Start:** Ensure the auto-start function is activated. A small indicator light or icon on the display will confirm it is set. The machine will now brew coffee at the programmed time.

6. MAINTENANCE AND CLEANING

Regular cleaning and maintenance will prolong the life of your coffee machine and ensure optimal coffee flavor.

6.1. Daily Cleaning

- Always unplug the appliance before cleaning.
- Wash the glass carafe, lid, reusable filter, and filter basket after each use with warm, soapy water. These parts are generally dishwasher-safe on the top rack, but hand washing is recommended for longevity.
- Wipe the exterior of the machine with a soft, damp cloth. Do not use abrasive cleaners or scouring pads.
- Clean the heating plate with a damp cloth. Do not use harsh chemicals.

6.2. Descaling

Mineral deposits from water can build up over time, affecting performance and coffee taste. Descale your machine regularly, depending on water hardness and frequency of use (e.g., every 1-3 months).

1. Prepare a descaling solution according to the descaler manufacturer's instructions, or use a mixture of white vinegar and water (e.g., 1 part vinegar to 2 parts water).
2. Pour the descaling solution into the water reservoir.
3. Place the empty carafe on the heating plate.
4. Run a brewing cycle without coffee grounds.
5. After the cycle, discard the solution.
6. Rinse the machine by running 2-3 full cycles with fresh water to remove any residual descaling solution.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Coffee does not brew.	No water in reservoir; machine not plugged in; power outage; auto-start not set correctly.	Fill water reservoir; check power connection; reset auto-start time.

Problem	Possible Cause	Solution
Coffee is too weak.	Insufficient coffee grounds; "Light" aroma setting selected; coffee grounds too coarse.	Add more coffee grounds; select "Intense" aroma setting; use finer ground coffee.
Coffee is too strong.	Too many coffee grounds; "Intense" aroma setting selected; coffee grounds too fine.	Reduce coffee grounds; select "Light" aroma setting; use coarser ground coffee.
Coffee overflows from filter basket.	Too many coffee grounds; filter clogged; carafe not properly placed.	Reduce coffee grounds; clean filter and filter basket; ensure carafe is centered on heating plate.
Coffee is not hot enough.	Machine needs descaling; "Keep Warm" function expired.	Perform descaling procedure; ensure coffee is consumed within the 60-minute keep warm period.

If the problem persists after attempting these solutions, please contact Smeg customer support.

8. SPECIFICATIONS

- **Model:** DCF02
- **Brand:** Smeg
- **Capacity:** 10 Cups (1.4 Liters / 47 oz)
- **Dimensions (W x H x D):** 10.25" x 14.25" x 9" (approx. 26cm x 36cm x 23cm)
- **Weight:** 7.49 pounds (approx. 3.4 kg)
- **Voltage:** 220V (as per provided data, though US products are typically 120V. User should verify their specific model's voltage.)
- **Special Features:** Auto Shut-Off, Timer, Keep Warm Function (60 minutes), Aroma Intensity Settings
- **Coffee Input Type:** Ground Coffee
- **Included Components:** Coffee Maker, Glass Carafe, Reusable Coffee Filter

9. WARRANTY INFORMATION

Smeg appliances typically come with a manufacturer's warranty covering defects in materials and workmanship. The specific duration and terms of the warranty may vary by region and retailer. Please refer to the warranty card included with your product or visit the official Smeg website for detailed warranty information. Keep your proof of purchase for warranty claims.

10. SUPPORT AND CONTACT

For technical assistance, spare parts, or any questions regarding your Smeg Drip Coffee Machine, please contact Smeg customer support.

- **Official Smeg Website:** www.smeg.com
- **Customer Service:** Refer to the contact information provided in your product packaging or on the official Smeg website for your specific region.

Terms and Conditions
Q4 2025 Smeg Coffee Month Offer

Promotional Period: 26th September 2025 – 2nd November 2025

- Information on how to register your Q4 2025 Smeg Coffee Month Offer ("The Offer") forms part of these terms and conditions.
- Participation in the Q4 2025 Smeg Coffee Month Offer is deemed acceptance of these terms and conditions.
- Claimants must comply with these terms and conditions.
- The Promoter is Smeg Australia Pty Ltd ABN 23 146 700 082 ("Promoter" or "Smeg").
- The Promotion commences at 9:00am (AEST) on 26th September 2025 and closes at 11:59pm (AEST) on 2nd November 2025 ("Promotional Period").
- The Promotional Period may be extended at the sole discretion of the Promoter.
- Claims received after 26th November 2025 will not be accepted.
- The Offer may be amended or replaced, in whole or in part, at any time without notice of the time. The Offer must be registered at promotions.smeg.com.au.
- Normal manufacturer's warranty conditions apply.
- The Offer is only valid for purchases made in Australia during the Promotional Period.
- The Offer is: Purchase a participating Smeg Coffee Machine (ECF01, ECF02, BCC01, BCC02, BCC11, BCC12, BCC13, EGF03, DCF02, DCF01, DCF03) and receive a bonus Barista Pack ("BP") suitable to your appliance.
 - a. The BP Barista Pack (BARS-PACK) including:
 - i. 2x espresso cup
 - ii. 2x saucer
 - iii. 1 measuring spoon
 - iv. 1 small jug
 - v. 1 250g bag of ground Lavazza coffee beans
- Participating products are listed in Appendix A. Offer's are available on all product colour variants.
- The Offer is available for retail sales only from an authorised Smeg retailer. It is not available to any multi-retailer project or to commercial organisations. It is not available for any product purchased on a commercial invoice or commercial pricing. It is not available for any product sold as a factory second or purchased

Opis

Smeg DCF02BLEU
DCF02RDEU/PGAU/WHAU/CRAU/PBAU/SSAU ekspres do kawy filtrowanej, stal nierdzewna 18/8, srebrny, czarny
Producent: Smeg

Ekspres do kawy filtrowanej marki Smeg DCF02 to idealne rozwiązanie dla miłośników aromatycznej kawy zaparzonej przez studzone wyciekające przez specjalną siatkę. Dzięki czemu można z łatwością uzyskać gorącą czystą kawę. Wybudowany wykonany jest ze stal nierdzewnej 18/8, co gwarantuje trwałość i odporność na uszkodzenia. Dzięki temu jest idealnym rozwiązaniem do codziennej kawy.

Ten ekspres przelewno-filtrowy posiada pojemność 1,4 litra, co pozwala na przygotowanie nawet 10 filiżanek kawy jednocześnie. Zaprojektowany jest przy wykorzystaniu ergonmii. Dzięki czemu można z łatwością uzyskać gorącą czystą kawę.

Ekspres Smeg DCF02 został wyposażony w programator czasowy, który umożliwia zaprogramowanie czasu parzenia kawy z wyprzedzeniem. Dodatkowo, umożliwia posiada funkcję nocnego sterowania oraz wiele innych zaawansowanych funkcji, które sprawiają, że korzystanie z niego jest całkowicie bezproblemowe i komfortowe.
