## WearMe Pro 1087

# WMP Eyewear Modern Square Sunglasses User Manual

Model: 1087

## INTRODUCTION

Welcome to the user manual for your new WMP Eyewear Modern Square Sunglasses. These sunglasses feature a contemporary frame with a subtle brow slope, sharp squared rims, slightly winged temples, a molded nose bridge, and sleek double rivet accents. Designed for both style and functionality, they offer superior eye protection and comfort for daily wear.

Please read this manual carefully to ensure proper use, care, and maintenance of your sunglasses, maximizing their lifespan and performance.

## PRODUCT FEATURES

Your WMP Eyewear Modern Square Sunglasses are engineered with advanced features for optimal vision and durability:

- **Polarized Lenses:** Reduces glare and improves visibility, providing a clearer and more comfortable visual experience.
- **100% UVA/UVB Protection:** Shields your eyes from harmful ultraviolet rays, ensuring comprehensive eye safety.
- **Lightweight Acetate Frame:** Crafted from high-quality acetate, offering a comfortable and durable fit for extended wear.
- **Premium Quality Construction:** Features optical-grade materials, refined temples, and solid metal hinges for enhanced strength and flexibility compared to typical plastic frames.
- **Modern Design:** A stylish square frame with subtle details that blend contemporary aesthetics with bold elements.

## DENVER

### MODERN SQUARE SUNGLASSES

Denver's contemporary frame is defined by a subtle brow slope that transitions seamlessly into sharp, squared rims. The slightly winged temples, molded nose bridge, and sleek double rivet accents add just the right amount of edge, blending modern design with bold details for a standout look.

## SETUP AND FIRST USE

Your WMP Eyewear sunglasses are ready to use right out of the box. Follow these simple steps for initial preparation:

1. **Unpacking:** Carefully remove the sunglasses from their packaging. Inspect them for any visible damage during transit.
2. **Initial Cleaning:** Before wearing, gently wipe the lenses with a clean, soft microfiber cloth (not included) to remove any dust or fingerprints. Avoid using abrasive materials or harsh chemicals.
3. **Fit Adjustment:** The flexible tips and temples are designed to be adjustable for a custom fit. If needed, a professional optician can help adjust the frame for optimal comfort.

## OPERATING YOUR SUNGLASSES

Using your WMP Eyewear sunglasses is straightforward. Here are some tips for optimal performance and longevity:

- **Wearing:** Place the sunglasses gently on your face, ensuring the nose pads rest comfortably on your nose bridge and the temples extend over your ears without pinching.
- **Handling:** Always hold the sunglasses by the frame, not by the lenses, to avoid smudges and potential damage.
- **Sun Protection:** Wear your sunglasses whenever exposed to bright sunlight to protect your eyes from UVA/UVB rays and reduce glare.

## CARE AND MAINTENANCE

Proper care will extend the life and maintain the clarity of your WMP Eyewear sunglasses:

- **Cleaning Lenses:** Use a dedicated lens cleaning spray and a clean microfiber cloth. Spray the solution on both sides of the lenses and gently wipe in a circular motion until clean and dry. Avoid using paper towels, clothing, or harsh cleaning agents, as these can scratch the lenses.
- **Cleaning Frames:** Wipe the frame with a damp, soft cloth. For stubborn dirt, a mild soap solution can be used, followed by rinsing with clean water and drying thoroughly.
- **Storage:** When not in use, store your sunglasses in their protective pouch or a hard case to prevent scratches and damage. Avoid leaving them in direct sunlight or extreme temperatures (e.g., on a car dashboard), as this can warp the frame or damage the lens coatings.
- **Avoid Chemicals:** Keep sunglasses away from perfumes, hairsprays, solvents, and other chemicals that can damage the frame material or lens coatings.

## TROUBLESHOOTING

If you encounter any issues with your sunglasses, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lenses appear smudged or dirty after cleaning.	Improper cleaning cloth or solution; residue from previous cleaning.	Use a clean, dedicated microfiber cloth and lens cleaning spray. Ensure the cloth is free of debris.
Sunglasses feel loose or slide down.	Frame adjustment needed.	Gently adjust the temple tips for a snugger fit. For significant adjustments, consult a professional optician.

Problem	Possible Cause	Solution
Scratches on lenses.	Improper storage or abrasive cleaning.	Always store in a protective pouch/case. Use only microfiber cloths for cleaning. Note: Scratches cannot be removed, only prevented.

If the issue persists or is not listed above, please refer to the Warranty and Support section for assistance.
