SETUP AND ASSEMBLY

Assembly of the Hasuit bed frame is designed to be straightforward. Follow the detailed installation instructions provided in your package. It is recommended to assemble the bed frame with two people.

General Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Match them against the parts list in your instruction manual.
2. **Assemble Headboard:** Connect the headboard panels and attach the top shelf. Install the LED light strip and charging station into the designated slots.
3. **Assemble Footboard:** Construct the footboard, ensuring the storage ottoman mechanism is correctly installed.
4. **Connect Side Rails:** Attach the side rails to the assembled headboard and footboard.
5. **Install Center Support:** Secure the center support beam and legs to the bed frame.
6. **Place Metal Slats:** Position the metal slats across the frame. The snap-fit design allows for easy installation. Ensure anti-noise tape is correctly positioned on the slats to prevent squeaking.
7. **Final Checks:** Verify all bolts and screws are tightened. Ensure the bed frame is stable and level.

MAINTENANCE

Regular maintenance helps prolong the life and appearance of your bed frame.

- **Cleaning:** Wipe down the wood and metal surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Upholstery Care:** For the padded ottoman, spot clean with a mild soap and water solution if necessary.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Retighten as needed to maintain stability and prevent noise.
- **Electrical Components:** Ensure the charging station and LED light connections are secure. Do not attempt to repair electrical components yourself.

TROUBLESHOOTING

If you encounter any issues, refer to the following common troubleshooting steps.

- **Bed Frame is Squeaking:**

- Ensure all bolts and screws are securely tightened.
- Verify that the anti-noise tape on the metal slats is properly installed and intact.
- Check that the mattress is correctly seated on the slats.

- **Charging Station Not Working:**

- Confirm the bed frame's main power cord is plugged into a functional wall outlet.
- Check that the charging station unit is properly connected within the headboard.
- Test with different devices and cables to rule out device-specific issues.

- **LED Lights Not Functioning:**

- Ensure the bed frame's main power cord is plugged in.
- Check the connection of the LED light strip and its controller.
- If using the APP, ensure your device is properly paired and the APP is updated.
- Try controlling with the physical button to isolate the issue.

If these steps do not resolve the issue, please contact customer support.
