King Size Canopy Bed Instruction Manual

Model: HJH-WF9290AAM-0809 | Brand: Bellemave

PRODUCT OVERVIEW

The Bellemave King Size Canopy Bed is a wood platform floor bed designed with slat support, featuring four posters for a timeless and minimalist aesthetic. This bed frame is constructed from sturdy pine wood and MDF, ensuring stability and durability. It is designed to allow air circulation beneath the mattress, promoting freshness and longevity for your mattress. No box spring is required.

This manual provides detailed instructions for assembly, proper usage, maintenance, and troubleshooting to ensure a safe and enjoyable experience with your new bed frame.

IMPORTANT SAFETY INFORMATION

Always follow the assembly instructions carefully to prevent instability or injury. Be aware of the low profile of the bed frame to avoid injury when getting in and out. Do not exceed the weight capacity of 700 lbs to ensure safety and longevity of the bed frame.

Keep all small parts and packaging materials away from children during assembly to prevent choking hazards.

SETUP AND ASSEMBLY

Assembly of the Bellemave King Size Canopy Bed is required. All necessary parts, tools, and an installation manual are included in the package. Follow the step-by-step instructions provided in the separate installation manual for proper assembly.

Before You Begin:

- Verify all components are present by checking against the parts list in the installation manual.

- Ensure you have adequate space for assembly.
- Use a soft, clean surface to protect parts from scratches during assembly.

General Assembly Steps:

1. Attach the side rails to the headboard and footboard using the provided hardware.
2. Install the central support beam and support legs for added stability.
3. Secure the wooden slats across the bed frame to create the mattress support surface.
4. Assemble the four canopy posts and connect them with the top rails to form the canopy structure.
5. Ensure all connections are tightened securely before placing the mattress on the frame.

OPERATING INSTRUCTIONS (USAGE)

The Bellemave King Size Canopy Bed is designed for use with a standard King size mattress (80 x 76 inches). No box spring is required due to the integrated slat support system.

Key Usage Points:

- **Mattress Placement:** Carefully place your King size mattress directly onto the wooden slats.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 700 lbs (approximately 317 kg) to ensure the structural integrity and safety of the bed frame.
- **Canopy Customization:** The full-length slide rails on the top of the canopy allow for the addition of curtains or other decorative elements to personalize your sleeping space.
- **Low Profile Design:** The bed features a low profile, making it easy to get in and out, particularly suitable for children and toddlers.

MAINTENANCE

Regular maintenance will help preserve the appearance and longevity of your Bellemave King Size Canopy Bed.

Cleaning:

- For general cleaning, wipe the wooden surfaces with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the wood finish.
- Promptly wipe up any spills to prevent staining or water damage.

Periodic Checks:

- Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- Check the wooden slats for any signs of wear or damage. Replace any broken or severely worn slats immediately.

TROUBLESHOOTING

This section addresses common issues you might encounter with your bed frame.

Squeaking Noises:

- **Loose Connections:** Check all bolts and screws, especially at the joints of the frame and where the slats connect. Tighten any loose hardware.
- **Slat Movement:** Ensure all wooden slats are properly seated and secured. If slats are rubbing against the frame, a thin piece of felt or fabric can be placed between them.

Instability/Wobbling:

- **Uneven Floor:** If the floor is uneven, use furniture glides or shims under the bed legs to level the frame.
- **Loose Assembly:** Re-check all assembly points and ensure all hardware is fully tightened.

Missing or Damaged Parts:

- If you discover any missing or damaged parts upon unboxing, do not proceed with assembly. Contact Bellemave customer service immediately for assistance.

SPECIFICATIONS

Feature	Detail
Size	King
Product Dimensions (L x W x H)	83.9" x 76.2" x 74.8"
Compatible Mattress Size	80" x 76" (King)
