SETUP

The Marsail MS01-1 Adjustable Bed Base is designed for quick and easy assembly, typically within 3 minutes, with no additional tools required.

1. Unfolding the Bed Base

Carefully unfold the bed base from its compact packaging. Ensure it is placed in the desired location with ample space around it.

2. Attaching the Legs

Screw the desired leg height options (8", 10", 11", or 13" using the included 2", 3", and 8" sets) into the designated threaded holes on the underside of the bed base. Hand-tighten securely.
