Marsail Standing Desk User Manual

MODEL: TZESD7N-N1-US

Welcome

Thank you for choosing the Marsail Electric Standing Desk. This manual provides detailed instructions for the assembly, operation, and maintenance of your new adjustable height desk. Designed for ergonomic comfort and productivity, this desk offers a spacious work surface, convenient storage, and smooth, quiet height adjustments. Please read this manual thoroughly before assembly and use to ensure proper function and safety.

Important Safety Instructions

To ensure safe operation and prolong the lifespan of your Marsail Standing Desk, please adhere to the following guidelines:

- Ensure proper assembly by following all steps in this manual. Incorrect assembly can lead to instability and potential injury.
- Do not exceed the maximum weight limit of the desk. Refer to the 'Specifications' section for details.
- Exercise caution when adjusting the desk height. Keep hands, clothing, and other objects clear of moving parts to prevent pinching or entanglement.
- Do not use the desk if it appears damaged or is malfunctioning. Contact customer support immediately.
- Keep children and pets away from the desk during height adjustments.
- Place the desk on a level and stable surface to prevent tipping.

- Avoid spilling liquids on the control panel or motor components.

Assembly Guide

Follow these steps carefully to assemble your Marsail Electric Standing Desk. It is recommended to have two people for assembly.

Step 2: Assembling the Desktop

If your desktop comes in multiple pieces, align them using the wooden dowels and secure them together with the connecting plates and screws. Ensure the desktop surface is flat and securely joined.

Step 3: Attaching the Desktop to the Frame

Carefully place the assembled desktop onto the frame. Align the pre-drilled holes on the desktop with the mounting points on the frame. Secure the desktop to the frame using the appropriate screws. Attach the control box to the underside of the desktop using its designated bracket and screws.

Step 4: Connecting the Cables

Connect the motor cables from each leg to the control box. Then, connect the control panel cable to the

control box. Finally, plug the power adapter into the control box and then into a wall outlet.

Step 5: Attaching the Side Pocket and Headphone Hook

Attach the multifunctional side storage pocket and headphone hook to the designated areas on the desk frame. These accessories provide convenient storage and organization for your workspace.

Operating Your Standing Desk

Height Adjustment

The Marsail Standing Desk features an electric lifting mechanism for smooth height adjustments. Use the 'Up' and 'Down' arrow buttons on the control panel to raise or lower the desk to your desired height. The digital display will show the current height.

Memory Presets

Your desk is equipped with four memory preset buttons (1, 2, 3, 4) to save and recall your favorite sitting and standing heights.

- **To Save a Height:** Adjust the desk to your desired height. Press the 'M' button (or 'Set' button if available) followed by the desired number button (1, 2, 3, or 4). The display will confirm the setting.
- **To Recall a Height:** Simply press the corresponding number button (1, 2, 3, or 4). The desk will automatically move to the saved height.

The intuitive control panel allows for easy height adjustments and saving of preferred positions.

Care and Maintenance

Regular care will help maintain the appearance and functionality of your Marsail Standing Desk.

- **Cleaning:** Wipe the desk surface and frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Cable Management:** Periodically check that all cables are securely connected and not pinched or tangled. Utilize the integrated cable management features to keep wires tidy.

- **Regular Checks:** Ensure all screws and bolts remain tight. Re-tighten if necessary to maintain stability.
- **Avoid Overloading:** Do not place excessive weight on the desk, as this can strain the motor and frame.

Troubleshooting

If you encounter any issues with your Marsail Standing Desk, please refer to the following common troubleshooting tips:

- **Desk Not Moving:** Check if the power cord is securely plugged into both the desk and the wall outlet. Ensure all motor and control panel cables are properly connected to the control box.
- **Uneven Movement:** Verify that the desk is placed on a level surface. Check if all assembly screws are tightened evenly. If the issue persists, a reset might be required (refer to specific reset instructions if provided with the control panel, or contact support).
- **Error Codes:** If the display shows an error code, consult the specific control panel manual (if separate) or contact customer support with the error code for assistance.
- **Noise During Operation:** A slight hum is normal during height adjustment. If you hear unusual or loud noises, ensure no objects are obstructing the legs' movement.

For issues not covered here, or if troubleshooting steps do not resolve the problem, please contact Marsail customer support.
