LEKATO AG-04

LEKATO Mini Electric Guitar Amplifier

Model: AG-04

Instruction Manual

1. Introduction

Thank you for choosing the LEKATO Mini Electric Guitar Amplifier. This compact and versatile amplifier is designed for practice, travel, and casual jamming, offering a range of features to enhance your musical experience. With its dual sound modes, long-lasting battery, and Bluetooth connectivity, it's an ideal companion for guitarists on the go.

Key Features:

- **Clean and Overdrive Effects:** Easily switch between pure clean tones and rich overdrive with a single button.
- **Long-lasting Battery Life:** Built-in 2000mAh rechargeable battery provides up to 6 hours of continuous play.
- **3.5mm Headphone Jack:** Practice silently without disturbing others.
- **Retro Aesthetic Design:** Unique woven mesh design for a classic look and optimized sound.
- **Bluetooth 5.0 Connectivity:** Wirelessly connect your devices to play along with backing tracks.
- **Portable and Lightweight:** Compact size (6.3 x 4.3 x 3.52 inches, 13.1 ounces) for ultimate portability.

2. Product Overview

Controls and Ports:

Figure 2.1: Front view of the LEKATO Mini Electric Guitar Amplifier.

Figure 2.2: The amplifier features two tone channels: Clean and Overdrive.

Figure 2.3: The amplifier is equipped with a 2000mAh rechargeable battery, offering up to 6 hours of playtime.

Figure 2.4: A 3.5mm headphone jack allows for private practice sessions.

Figure 2.5: The amplifier features a unique retro woven mesh design for enhanced aesthetics and sound dispersion.

Figure 2.6: Compact size and Bluetooth functionality make the amplifier highly portable.

Figure 2.7: Built-in dual speakers provide clear and powerful sound output.

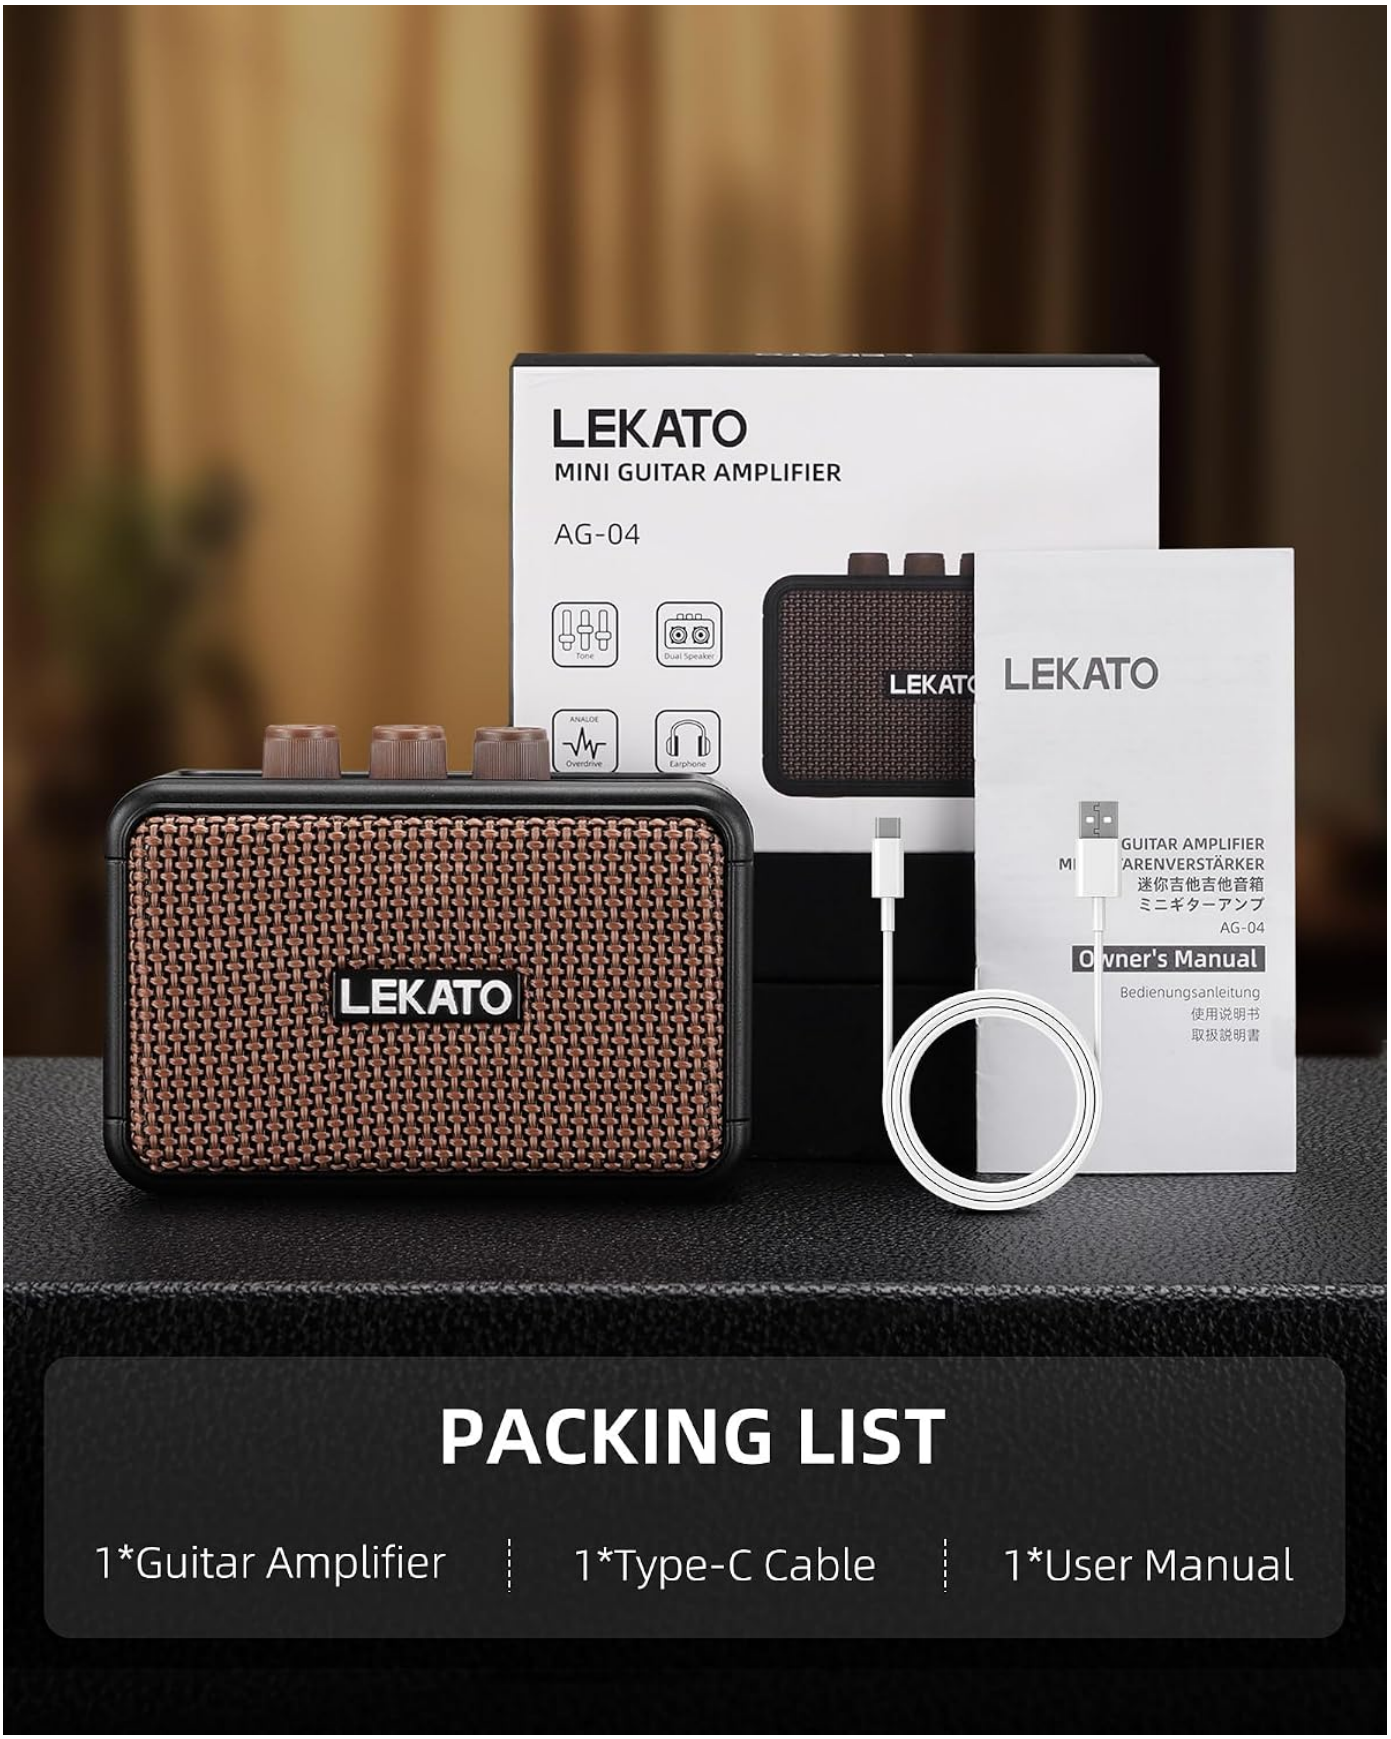

Figure 2.8: The standard packing list includes the guitar amplifier, a Type-C cable, and a user manual.

Top Panel Controls:

- **OD./Clean Switch:** Toggles between Overdrive and Clean sound modes.
- **GAIN Knob:** Adjusts the amount of gain/distortion in Overdrive mode.
- **TONE Knob:** Controls the tonal characteristics from dark to bright.
- **VOLUME Knob:** Adjusts the overall output volume of the amplifier.
- **BT/POWER Button:** Press and hold to power on/off. Short press to toggle Bluetooth mode.

- **Headphone Jack (3.5mm):** For private listening.

Side Panel Ports:

- **INPUT (3.5mm):** Connect your electric guitar or bass.
- **USB 5V (Type-C):** Charging port for the internal battery.

3. Setup

3.1 Charging the Amplifier:

Before first use, fully charge the amplifier. Connect the provided Type-C USB cable to the USB 5V port on the side of the amplifier and the other end to a 5V 2A power adapter (not included) or a computer USB port. The charging indicator light will show charging status.

- Charging Time: Approximately 2-3 hours for a full charge.
- Battery Life: Up to 6 hours of continuous playtime on a full charge.

3.2 Powering On/Off:

To power on the amplifier, press and hold the **BT/POWER** button on the top panel for a few seconds until the indicator light illuminates. To power off, press and hold the same button until the light turns off.

3.3 Connecting Your Instrument:

Plug your electric guitar or bass into the **INPUT (3.5mm)** jack on the side panel using a standard 3.5mm instrument cable.

3.4 Bluetooth Pairing:

To use the Bluetooth function:

1. Ensure the amplifier is powered on.
2. Short press the **BT/POWER** button to switch to Bluetooth mode. The indicator light will blink, indicating it's ready for pairing.
3. On your mobile device (smartphone, tablet, PC), enable Bluetooth and search for available devices.
4. Select "**AG-04**" from the list to pair. Once connected, the indicator light will remain solid.
5. You can now play audio from your device through the amplifier.

4. Operating the Amplifier

4.1 Selecting Sound Mode:

Use the **OD./Clean** switch on the top panel to select your desired sound mode:

- **CLEAN:** Provides a pure, uncolored tone suitable for jazz, blues, or acoustic-like sounds.
- **OD. (Overdrive):** Engages a distorted tone, ideal for rock, metal, and other genres requiring a heavier sound.

4.2 Adjusting Sound:

Use the three control knobs to fine-tune your sound:

- **GAIN:** Adjusts the intensity of the overdrive effect. Higher settings result in more distortion.
- **TONE:** Shapes the frequency response. Turn clockwise for brighter tones, counter-clockwise for warmer tones.
- **VOLUME:** Controls the overall output level of your instrument.

4.3 Using Headphones:

For silent practice, plug your 3.5mm headphones into the**Headphone Jack** on the top panel. The amplifier's internal speakers will automatically mute.

4.4 Playing Along with Bluetooth Audio:

Once paired via Bluetooth, start playing music or backing tracks on your connected device. The audio will play through the amplifier's speakers (or headphones if connected), allowing you to play your instrument along with it. Adjust the volume of the Bluetooth audio directly from your connected device.

Video 4.2: Detailed demonstration of the Clean and Overdrive modes on the LEKATO Electric Guitar Amplifier.

Video 4.3: Unboxing and comprehensive demo of the LEKATO Electric Guitar Amplifier.

5. Maintenance

To ensure the longevity and optimal performance of your LEKATO Mini Electric Guitar Amplifier, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the amplifier's exterior. Avoid using abrasive cleaners, solvents, or waxes, as they may damage the finish.
- **Storage:** Store the amplifier in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity.
- **Battery Care:** For long-term storage, charge the battery to approximately 50% every three months to maintain battery health.
- **Handling:** Handle the amplifier with care. Avoid dropping it or subjecting it to strong impacts, which can damage internal components.
- **Ventilation:** Ensure proper ventilation around the amplifier during use to prevent overheating.

6. Troubleshooting

If you encounter any issues with your LEKATO Mini Electric Guitar Amplifier, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
No power	Battery is depleted.	Charge the amplifier using the provided Type-C cable.
No sound from instrument	Instrument cable not fully inserted or faulty. Volume knobs are too low. Incorrect mode selected.	Ensure cable is securely connected. Increase VOLUME knob. Check OD./Clean switch.
No sound from headphones	Headphones not fully inserted or faulty.	Ensure headphones are securely connected. Try another pair of headphones.
Bluetooth not connecting	Amplifier not in pairing mode. Device Bluetooth is off.	Short press BT/POWER button to enter pairing mode (blinking light). Ensure Bluetooth is enabled on your device.
Sound is distorted (in Clean mode)	GAIN knob is too high.	Reduce the GAIN knob setting.

If the problem persists after trying these steps, please contact LEKATO customer support for further assistance.
