FAMIDUO DS-AX-01

FAMIDUO Axolotl Silicone Night Light

Model: DS-AX-01

INTRODUCTION

This instruction manual provides essential information for the safe and effective use of your FAMIDUO Axolotl Silicone Night Light. Please read this manual thoroughly before operating the device and retain it for future reference.

SAFETY INFORMATION

- Keep the device away from water and excessive moisture.
- Do not disassemble or attempt to repair the device yourself. Contact customer support if issues arise.
- Use only the provided USB charging cable.
- This product is made from non-toxic, BPA-free soft silicone material, ensuring safety for all users, including babies and children.
- Avoid placing the night light in direct sunlight or near heat sources.

PRODUCT OVERVIEW

The FAMIDUO Axolotl Silicone Night Light is a charming and functional lighting solution. It features a soft, squishy silicone design, two dimmable brightness levels, and a convenient 20-minute auto-off timer. It is rechargeable via USB-C.

Components

- Axolotl Silicone Night Light (1)
- USB-C Charging Cable (1)

SETUP

Unboxing

Carefully remove the Axolotl Night Light and its accessories from the packaging. Inspect the device for any damage. If any components are missing or damaged, please contact customer support.

Charging the Device

Before first use, fully charge the night light. Locate the USB-C charging port on the bottom of the axolotl. Connect the provided USB-C cable to the port and plug the other end into a compatible USB power adapter (not included). The built-in 1200mAh battery provides up to 6 hours of illumination on a full charge.

OPERATING INSTRUCTIONS

Power On/Off and Timer Settings

On the bottom of the night light, you will find a switch with three positions: OFF, 20', and ON (represented by a sun icon).

- **OFF:** Slide the switch to this position to turn off the night light completely.
- **20':** Slide the switch to this position to activate the 20-minute auto-off timer. The light will turn off automatically after 20 minutes.
- **ON (Sun Icon):** Slide the switch to this position for continuous illumination.

Adjusting Brightness

Once the night light is in either the '20'' or 'ON' position, you can adjust its brightness by gently tapping the axolotl's body. There are two levels of brightness: a low sleep light and a brighter ambient light.

- **First Tap:** Activates the low sleep light (dimmer setting).
- **Second Tap:** Switches to the brighter ambient light.
- **Third Tap:** Turns the light off.

Pat Control

Tap the axolotl to adjust 2 levels brightness

MAINTENANCE

Cleaning

To clean the Axolotl Night Light, gently wipe its surface with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the charging port is dry before charging.

Storage

When not in use for extended periods, store the night light in a cool, dry place away from direct sunlight. Ensure it is fully charged before storing to maintain battery health.

TROUBLESHOOTING

- **Light does not turn on:** Ensure the switch on the bottom is set to '20' or 'ON'. Check if the battery is

charged.

- **Light is dim or flickers:** The battery may be low. Recharge the device fully.
- **Touch control is unresponsive:** Ensure the switch is in the '20" or 'ON' position. Try restarting the device by switching it to 'OFF' and then back to 'ON'.
- **Device not charging:** Verify that the USB-C cable is securely connected to both the night light and the power source. Try a different USB power adapter or cable.
