SAFETY INFORMATION

Important Safety Warning:

Warning: This chair has sharp edges and surfaces. Be cautious when handling. Always use the chair in the intended manner and follow the instructions for reclining and adjusting the position to prevent falls.

- Ensure all components are securely fastened before use.
- Do not allow children to operate the electronic adjustments unsupervised.

- Keep hands and clothing clear of moving parts during adjustment.
- Avoid placing excessive weight on any single part of the chair.
- Do not attempt to modify the chair's structure or electronic components.

PRODUCT FEATURES

The Scorpion Game Chair is engineered with advanced features for comfort and functionality:

- **Scorpion-shaped Design:** A unique computer cockpit suitable for professional gamers and office workers.
- **Multi-Monitor Support:** Capable of supporting a single screen up to 43 inches, a 49-inch ultra-wide screen, or up to three 32-inch monitors. Expandable to five 27-inch monitors.
- **Ergonomic Adjustments:** Electronically controlled adjustments for swing arm lifting/lowering, overall zero-gravity cockpit positioning, seat back, and pitching seat. Supports upright, half-lying, and fully reclined postures.
- **Integrated RGB Lighting:** The overall frame is equipped with adjustable 16-color RGB light strips.
- **Manual Entry/Exit:** Armrest and keyboard tray can be manually opened and closed for convenient access.
- **Spacious Keyboard Tray:** An oversized 90x40 cm keyboard tray accommodates laptops and includes a hidden cup holder and headphone hanger.
- **Durable Construction:** Features an all-steel structure with an electroplating spraying process and high-quality PU leather for comfort and longevity.

SETUP AND ASSEMBLY

The Scorpion Game Chair requires assembly. It is recommended to have at least two people for safe and efficient setup. Refer to the included assembly guide for detailed step-by-step instructions and hardware identification.

Pre-Assembly Considerations:

- **Space Requirements:** Ensure adequate space for assembly and operation. The chair has significant dimensions when fully extended.
- **Entry Dimensions:** Verify that your entryways are wide enough to accommodate the packaged and assembled chair.

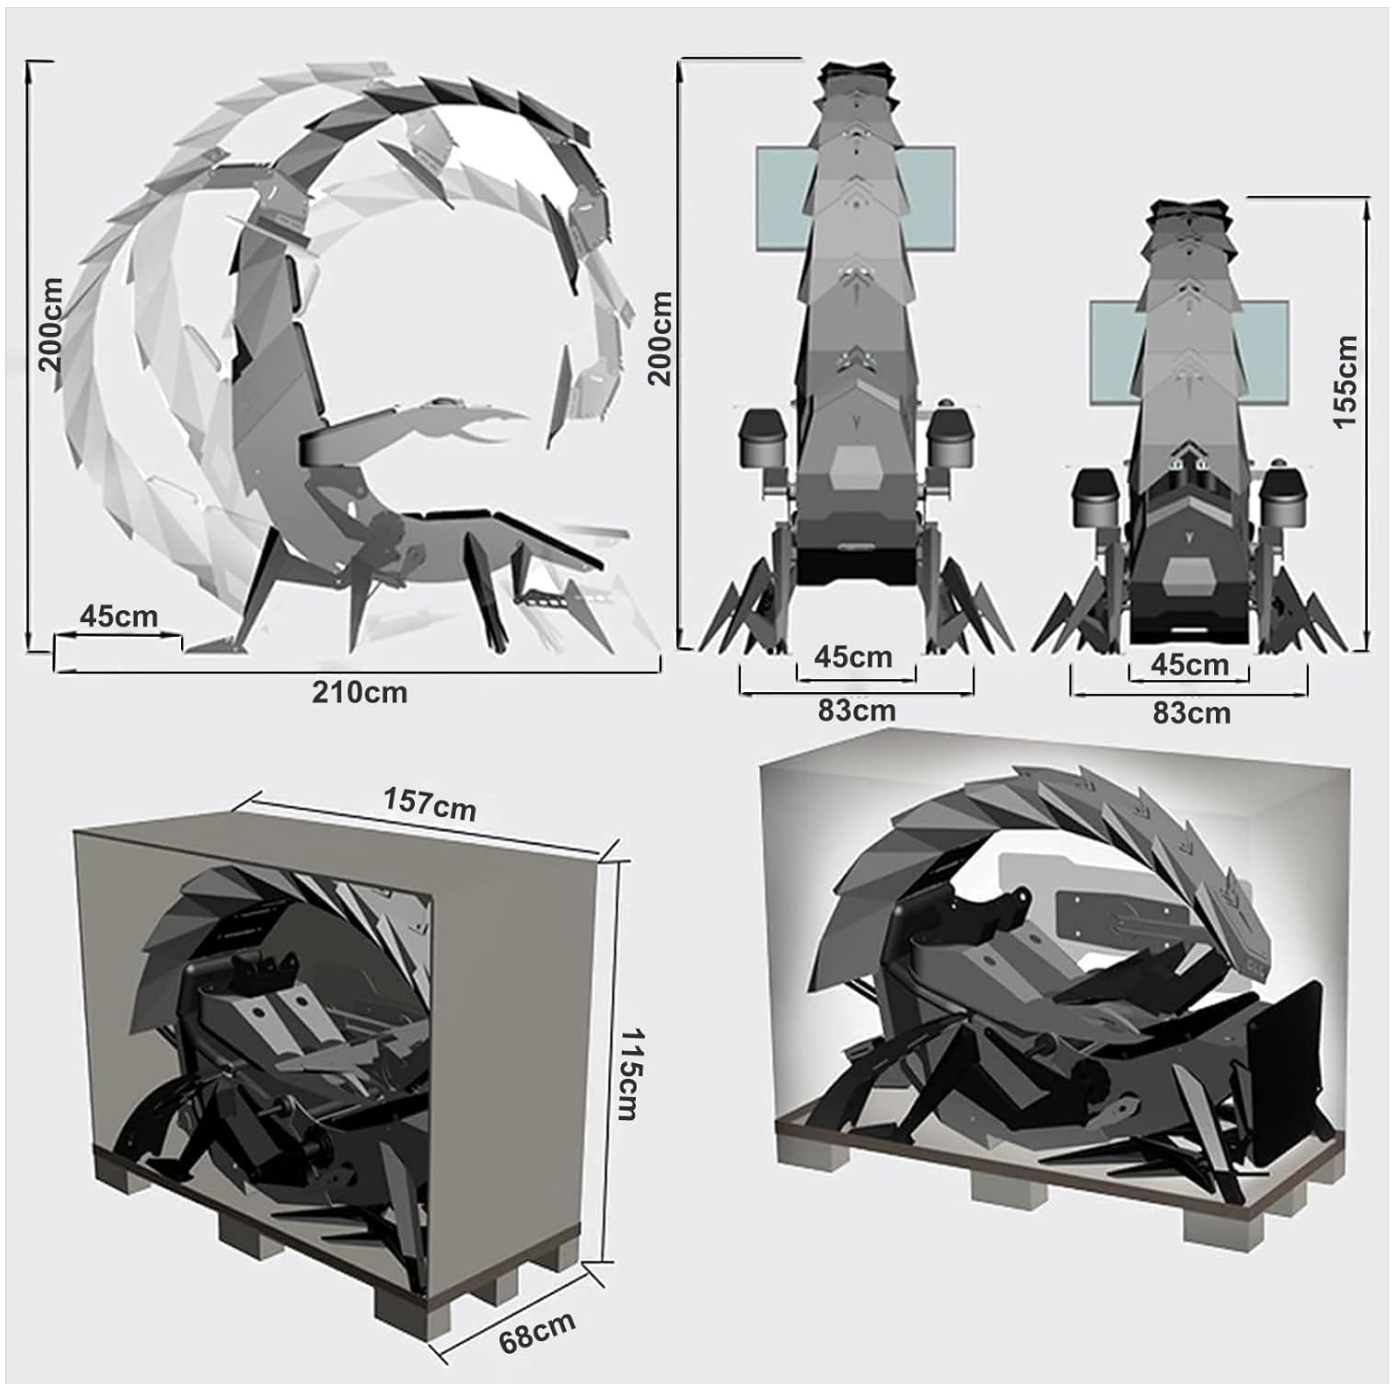

Image: Dimensional drawings of the chair in different positions and its shipping package, indicating overall size and footprint.

Entry Door Dimensions Requirements

Product Size

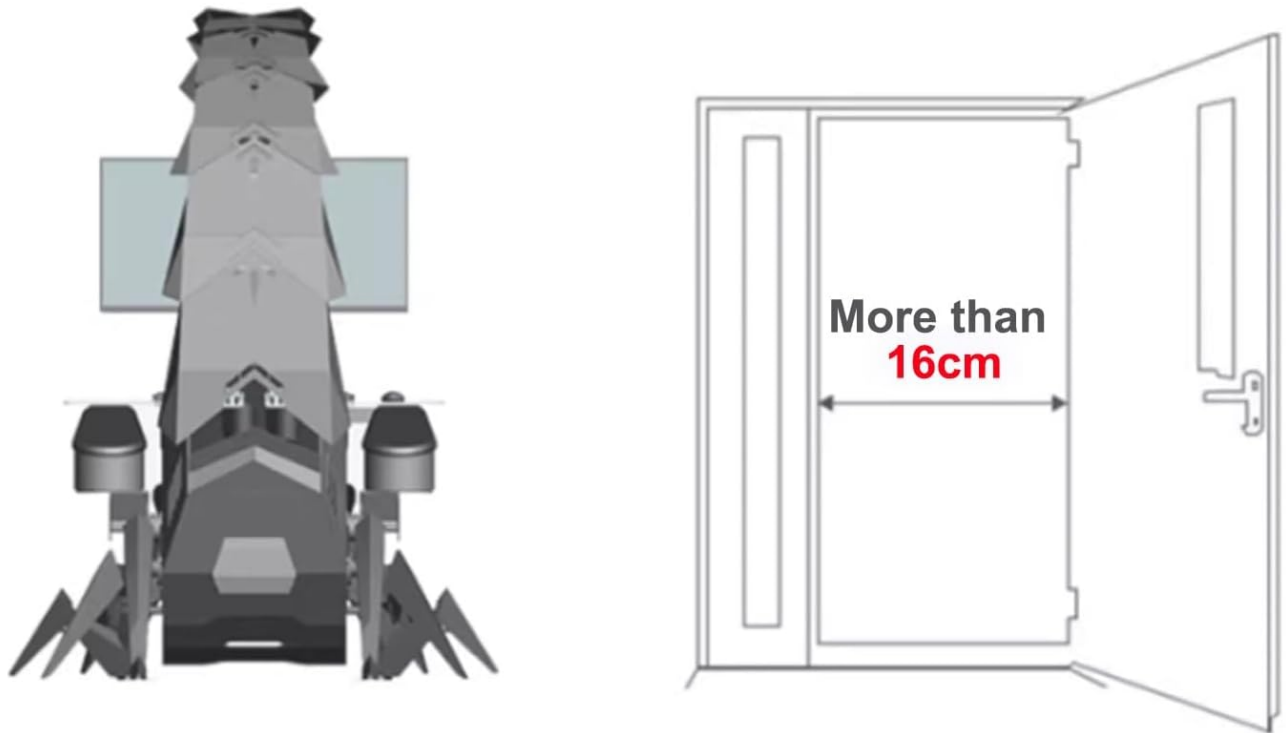

Image: Illustration detailing the minimum required door width for transporting the chair, indicating it must be greater than 16cm.

Monitor Installation:

The chair supports various monitor configurations. Carefully attach your monitor(s) to the adjustable screen bracket using the provided hardware. Ensure monitors are securely mounted before operating the chair's electronic adjustments.

OPERATING INSTRUCTIONS

The Scorpion Game Chair features electronic controls for various adjustments. Locate the control panel, typically on the armrest, which includes buttons for movement.

Electronic Adjustments:

- **Swing Arm:** Use the designated buttons to raise or lower the monitor swing arm.
- **Cockpit Zero Gravity:** Adjust the overall tilt of the cockpit to achieve a zero-gravity posture.
- **Seat Back:** Recline or incline the seat back to your desired angle.
- **Pitching Seat:** Adjust the forward or backward tilt of the seat base.
- **RGB Lighting:** Cycle through 16 different color options for the integrated RGB light strips.

One-Click Start

Say goodbye to the cumbersome process and enter the state of transformation immediately

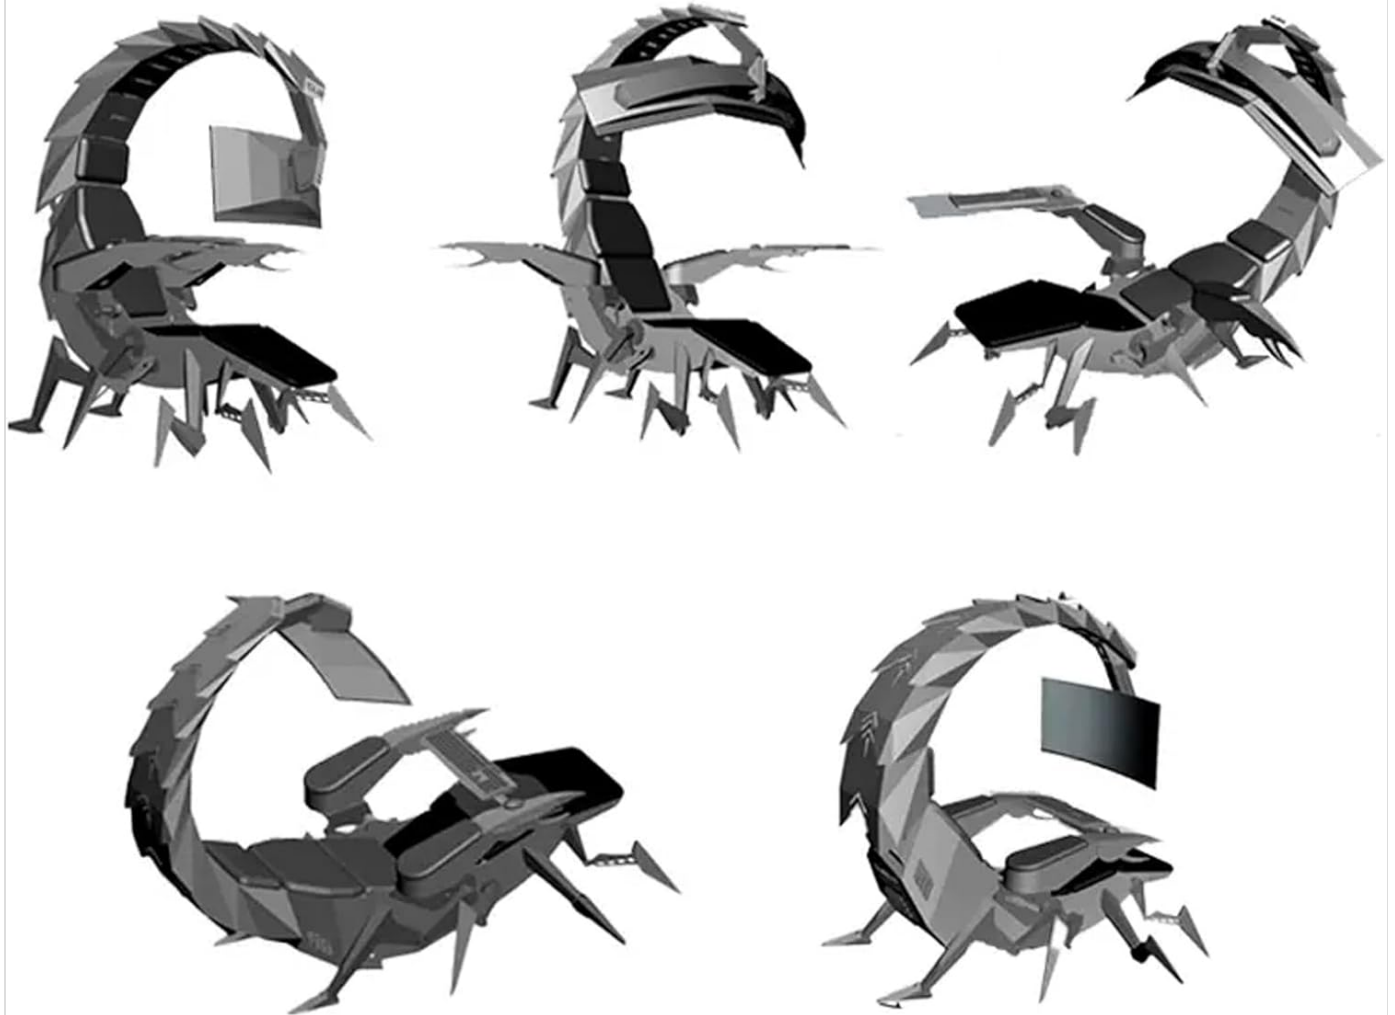

Image: Visual representation of the chair's "One-Click Start" feature, demonstrating its ability to transform into various ergonomic positions.

Keyboard Tray and Armrests:

The armrests and keyboard tray can be manually opened and closed. This allows for easy entry and exit from the cockpit. Ensure the tray is securely positioned when in use.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Scorpion Game Chair.

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the PU leather or finish.
- **Inspection:** Periodically check all bolts and fasteners to ensure they are tight.
- **Electronic Components:** Keep electronic components dry and free from dust.
- **Moving Parts:** Do not lubricate moving parts unless specifically instructed by the manufacturer.

TROUBLESHOOTING

If you encounter issues with your Scorpion Game Chair, refer to the following common troubleshooting steps:

- **Power Issues:** If electronic adjustments are not working, ensure the chair is properly plugged into a functional power outlet.

Check all cable connections.

- **Unusual Noises:** If you hear creaking or grinding, inspect all visible connections for looseness. Tighten any loose bolts.
- **Adjustment Malfunction:** If a specific electronic adjustment is not responding, try cycling the power to the chair. If the issue persists, contact customer support.
- **Stability Concerns:** Ensure the chair is placed on a flat, stable surface. Verify all structural components are correctly assembled and tightened.

SPECIFICATIONS

Feature	Detail
Brand	Generic
Model Name	NBCZBAZDA
Color	Blue
Product Dimensions (D x W x H)	1.18"D x 0.79"W x 0.39"H <i>(Note: These dimensions appear to be for a component, not the full chair. Refer to dimensional images for full chair size.)</i>
