### Panasonic ES-PV3B-K803

# Panasonic ES-PV3B-K803 Series 900s Electric Shaver User Manual

Men's Wet & Dry 5-Blade Electric Shaver with Responsive Beard Sensor and USB-C Case

## 1. INTRODUCTION

---

Thank you for purchasing the Panasonic ES-PV3B-K803 Series 900s Electric Shaver. This manual provides essential information for the safe and effective use, maintenance, and care of your new shaver. Please read it thoroughly before first use and keep it for future reference.

# REDEFINE YOUR SHAVE

## Series 900s

The Panasonic ES-PV3B-K803 Series 900s shaver in use, highlighting its compact design and close shaving capability.

## 2. SAFETY INFORMATION

---

To ensure safe operation and prevent injury or damage, observe the following precautions:

- Always use the shaver with caution to avoid cuts and skin irritation.
- Be careful when using the shaver near water to prevent slipping.
- Always unplug the charger before using the shaver and avoid charging it in damp or wet environments.
- Always follow the cleaning instructions to prevent bacterial growth.
- The shaver's blades are sharp, so handle with care to avoid injury.
- Do not disassemble, repair, or modify the shaver yourself. Contact authorized service personnel for repairs.
- Keep the shaver out of reach of children.

## 3. PRODUCT OVERVIEW

---

The Panasonic ES-PV3B-K803 Series 900s is a compact and minimalist electric shaver designed for a close and comfortable shave. It features a 5-blade shaving system and a responsive beard sensor.

### Components Included:

The complete set of the Panasonic ES-PV3B-K803 Series 900s electric shaver, including the shaver, protective cover, USB-C charging cable, power adapter, cleaning oil, and cleaning brush.

- Shaver Unit (ES-PV3B-K803)
- Protective Cover Case
- USB Type-C Charging Cable
- Power Adapter
- Cleaning Oil
- Cleaning Brush

## 4. SETUP

### Charging the Shaver:

Before first use, fully charge the shaver. The shaver features USB Type-C charging for convenience.

1. Connect the USB Type-C charging cable to the shaver and the power adapter.

2. Plug the power adapter into a suitable electrical outlet.
3. The charging indicator will illuminate. A full charge takes approximately 2 hours and provides up to 50 minutes of shaving time.
4. Ensure the shaver and charging port are dry before connecting the charger.

The Panasonic ES-PV3B-K803 shaver connected to its USB-C charger, illustrating its portability and battery specifications.

## 5. OPERATING INSTRUCTIONS

### General Shaving Technique:

The shaver is equipped with a fast linear motor, delivering 70,000 cross-cutting actions per minute for efficient shaving.

- Press the power button to turn on the shaver.
- Hold the shaver at a right angle to your skin and move it slowly against the direction of beard growth.
- Apply gentle pressure. Do not press too hard, as this can cause skin irritation.
- The responsive beard sensor technology automatically adapts to your beard thickness and density, ensuring an even and precise shave without irritating the skin.

Responsive beard sensor+  
technology

The responsive beard sensor technology of the Panasonic ES-PV3B-K803 shaver adjusts power based on beard density for optimal comfort and efficiency.

### **Wet & Dry Shaving:**

This shaver is IPX7 waterproof, allowing for both dry and wet use.

- **Dry Shaving:** For a quick shave, use the shaver on dry skin.
- **Wet Shaving:** For a refreshing shave, use with shaving gel or foam, or even in the shower. Ensure the shaver is fully charged before wet use.

Wet/dry

Waterproof  
(IPX7 standard)

\*IPX7 Waterproofing, based on immersion test  
(30 minutes in water up to 1m depth)

The Panasonic ES-PV3B-K803 shaver is suitable for both wet and dry use, and can be easily cleaned under running water due to its IPX7 waterproof rating.

## 6. MAINTENANCE

Regular cleaning and maintenance will ensure optimal performance and extend the life of your shaver.

### Cleaning the Shaver:

1. Turn off the shaver and unplug it from the charger.
2. Remove the outer foil frame and inner blades.
3. Rinse the outer foil frame and inner blades thoroughly under running water to remove hair clippings and debris.
4. Use the provided cleaning brush to remove any stubborn hair from the shaver body and blade area.
5. Allow all parts to air dry completely before reassembling.
6. Apply a drop of the provided cleaning oil to the outer foil and inner blades to maintain smooth operation.

### Blade Replacement:

The durable Japanese stainless steel blades are designed to provide a close shave for up to 5 years. When you notice a decrease in shaving performance or comfort, it is time to replace the outer foil and inner blades. Replacement parts can be purchased from authorized Panasonic retailers.

## 7. TROUBLESHOOTING

If you encounter issues with your shaver, refer to the following common solutions:

Problem	Possible Cause	Solution
Shaver does not turn on.	Battery is depleted.	Charge the shaver fully.
Poor shaving performance.	Blades are dull or clogged with hair.	Clean the shaver thoroughly. Replace outer foil and inner blades if necessary.
Skin irritation after shaving.	Incorrect shaving technique or sensitive skin.	Ensure gentle pressure and proper angle. Consider using shaving gel/foam for wet shaving.
Shaver stops during use.	Battery is low.	Recharge the shaver.
