KIIROO 11501

KIIROO Pocket Stroker Compact User Manual

Model: 11501 | Brand: KIIROO

1. Introduction and Overview

The KIIROO Pocket Stroker Compact is a male masturbator designed for discreet and travel-friendly use. It features a body-safe, realistic skin-like material for a lifelike experience. This device is optimized to accommodate a range of sizes and can be paired with the KIIROO PowerBlow interactive device for enhanced suction and interactive functionalities.

Image 1.1: KIIROO Pocket Stroker Compact with key features.

- **Compact Design:** Approximately 37% smaller than standard KIIROO Feel Strokers, making it ideal for travel.
- **Body-Safe Material:** Constructed from Thermoplastic Elastomer (TPE) that mimics the feel of real skin.
- **Versatile Fit:** Designed to accommodate various sizes, with an optimal diameter range of 2 cm to 4.8 cm.
- **PowerBlow Compatible:** When used with the KIIROO PowerBlow device (sold separately), it provides 25% more suction power and enables interactive experiences.
- **Easy Maintenance:** Engineered for straightforward cleaning and long-term hygiene.

2. Setup

2.1 Unpacking

Carefully remove the KIIROO Pocket Stroker Compact from its packaging. Inspect the device for any visible damage. Retain the packaging for future storage or transport.

2.2 Initial Cleaning

Before first use, clean the device thoroughly. Refer to the 'Maintenance' section for detailed cleaning instructions.

2.3 Applying Lubricant

For optimal comfort and experience, apply a generous amount of water-based lubricant to the entrance and interior of the stroker. Ensure the lubricant is compatible with TPE materials.

2.4 Optional: PowerBlow Pairing

If you intend to use the Pocket Stroker Compact with a KIIROO PowerBlow device, ensure the PowerBlow is charged and follow its specific pairing instructions. The PowerBlow device is sold separately.

3. Operating Instructions

3.1 Basic Use

1. Ensure the device is clean and adequately lubricated.
2. Position the device for comfortable use.
3. Engage with the stroker as desired.

3.2 Using with KIIROO PowerBlow (Optional)

When paired with the KIIROO PowerBlow, the Pocket Stroker Compact offers enhanced suction and interactive capabilities. Refer to the PowerBlow's instruction manual for specific operational details and how to connect to interactive content.

Interactive features, when used with PowerBlow, may include:

- Connecting to interactive videos and VR experiences.
- Interacting with webcam performers.
- Connecting to a partner's compatible device.

4. Maintenance

4.1 Cleaning After Each Use

To ensure hygiene and prolong the life of your device, clean it immediately after each use.

1. Rinse the interior and exterior thoroughly with warm water.
2. Apply a mild, toy-safe soap or specialized toy cleaner. Gently clean all surfaces, paying attention to textured areas.
3. Rinse again with warm water until all soap residue is removed.

4.2 Drying and Storage

After cleaning, allow the device to air dry completely. You may gently pat it with a lint-free cloth. Store the Pocket Stroker Compact in a clean, dry, and dust-free environment, away from direct sunlight and extreme temperatures. Avoid storing it with other silicone products to prevent material degradation.

4.3 Material Care

The TPE material can sometimes become slightly sticky over time. To address this, you may lightly dust the

exterior with cornstarch or a similar powder after it is completely dry. This helps maintain its smooth finish.

5. Troubleshooting

- **Reduced Suction:** Ensure adequate water-based lubricant is applied. If using with PowerBlow, check PowerBlow's battery and connection.
- **Difficulty Cleaning:** Ensure warm water and a mild, toy-safe soap are used. For stubborn residue, a soft brush may be used gently. Always rinse thoroughly.
- **Material Stickiness:** This is normal for TPE over time. Apply a small amount of cornstarch or talc-free powder to the dry surface to restore smoothness.
- **Discomfort During Use:** Ensure sufficient water-based lubricant is applied. If discomfort persists, discontinue use.

6. Specifications

Feature	Detail
Model Number	11501
Product Dimensions	3.54 x 3.54 x 6.61 inches (9 x 9 x 16.8 cm)
Product Weight	1.01 Pounds (0.46 kg)
Material	Thermoplastic Elastomer (TPE)
Color	Black
Optimal Diameter Range	2 cm to 4.5 cm (0.7 inch to 1.7 inch)
Total Length	15 cm (5.9 inch)
Tightest Diameter	1.35 cm (0.53 inch)
Largest Diameter	2.5 cm (0.98 inch)
Opening Slit Height	1.9 cm (0.75 inch)
