#### 4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your HOOBRO Bathroom Wall Cabinet. All necessary tools and illustrated instructions are included in the package.

1. **Unpack and Verify:** Carefully unpack all components and compare them with the provided parts list to ensure nothing is missing or damaged.
2. **Assemble the Frame:** Connect the side panels to the top and bottom panels using the designated fasteners. Ensure all connections are secure.
3. **Install Back Panel:** Attach the back panel to the assembled frame.
4. **Insert Adjustable Shelf:** The internal shelf can be adjusted to three different heights. Insert the shelf supports into the desired holes and place the shelf on top.
5. **Attach Doors:** Mount the doors to the cabinet frame using the provided hinges. Ensure the doors open and close smoothly.
6. **Install Handles:** Attach the metal handles to the cabinet doors.

## 5. INSTALLATION

---

Proper installation is essential for the stability and safety of your wall cabinet.

1. **Choose Location:** Select a suitable wall location, ensuring there are no hidden pipes or electrical wires.
2. **Mark Drilling Points:** Hold the cabinet against the wall at the desired height and mark the drilling points for the mounting screws. Use a level to ensure it is straight.
3. **Drill Holes:** Drill pilot holes at the marked points. Use the appropriate drill bit size for the provided expansion screws. The cabinet includes two types of expansion screws for different wall materials.
4. **Insert Wall Anchors:** Insert the wall anchors into the drilled holes.
5. **Mount Cabinet:** Align the cabinet with the wall anchors and secure it using the provided screws and back mounting board. Tighten all screws firmly but do not overtighten.

## 6. OPERATION

---

The HOOBRO WT18CW01 cabinet is designed for simple and convenient use.

- **Door Functionality:** The double doors open smoothly to reveal the interior storage space. The metal handles provide an easy grip.
- **Adjustable Shelf:** To adjust the shelf height, remove the shelf and its supports. Reinsert the supports into the desired set of holes and place the shelf back.

## 7. MAINTENANCE AND CARE

---

To ensure the longevity and appearance of your cabinet, follow these maintenance guidelines:

- **Cleaning:** The smooth surface of the premium panels facilitates daily cleaning. Wipe with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the material.
- **Inspection:** Periodically check all fasteners and connections to ensure they remain tight. Retighten if necessary.
- **Avoid Damage:** Do not place excessively hot or cold items directly on the cabinet surface without protection. Avoid impact from sharp objects.

## 8. TROUBLESHOOTING

If you encounter any issues with your cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Doors are not aligned or do not close properly.	Hinges are loose or improperly adjusted.	Adjust the screws on the hinges to align the doors. Ensure all hinge screws are tightened.
Cabinet feels wobbly after installation.	Mounting screws are not fully tightened or incorrect wall anchors were used.	Ensure all mounting screws are securely tightened. Verify that the correct type of expansion screws were used for your wall material.
Shelf does not sit level.	Shelf supports are not inserted correctly or are uneven.	Remove the shelf and supports, then reinsert the supports into corresponding holes on both sides, ensuring they are at the same level.
