## Honey Joy HJ-NAT253

# Honey Joy 3-in-1 Cat Eye Nail Magnet Tool

Model: HJ-NAT253

## INTRODUCTION

---

This manual provides instructions for the Honey Joy 3-in-1 Cat Eye Nail Magnet Tool, Model HJ-NAT253. This multi-functional tool is designed to help create various magnetic gel nail art effects. Please read this manual carefully before use to ensure proper application and safety.

## PRODUCT OVERVIEW

---

The Honey Joy 3-in-1 Cat Eye Nail Magnet Tool features a newly designed structure for enhanced control and versatility in creating cat eye manicures. It incorporates new magnetic materials and manufacturing technology, resulting in stronger magnetism for efficient nail art creation.

- **3-in-1 Design:** Combines multiple magnetic shapes in one tool for diverse effects.
- **High Quality:** Made with strong magnetic material for durability and effective results.
- **Quick and Efficient:** Designed to attract magnetic gel polish particles rapidly, achieving cat eye effects in 5-10 seconds.
- **Easy to Use:** Suitable for both beginners and experienced nail technicians.
- **Portable:** Lightweight and easy to carry for home or professional use.

### SAFETY INFORMATION

Please observe the following safety precautions:

- **Magnetic Field Caution:** This product contains strong magnets. Keep away from electronic devices, pacemakers, and other magnetic-sensitive items to avoid interference or damage.
- **Choking Hazard:** Contains small parts. Not suitable for children under 3 years old. Keep out of reach of children to prevent accidental ingestion or injury.
- **Intended Use:** This product is designed for nail art purposes only. Do not use on or near eyes, and avoid direct contact with sensitive skin areas.
- **Storage Warning:** Store in a cool, dry place, away from moisture and high temperatures to maintain product integrity. Always keep magnets separated when not in use to prevent accidental attraction.

### OPERATING INSTRUCTIONS

This tool must be used with magnetic cat eye gel polish. Follow these steps for optimal results:

1. **Prepare Nails:** File and clean your nails. Apply a base coat and cure under a UV light for 2 minutes or an

LED light for 60 seconds.

2. **Apply Cat Eye Gel Polish:** Apply a layer of cat eye gel nail polish. **DO NOT CURE YET.**
3. **Use Magnet Tool:** Immediately after applying the gel polish, place the magnet tool close to the nail surface (1-3mm distance) for 10-15 seconds to create the desired cat eye effect. Do not touch the nail surface with the magnet.
4. **Cure Polish:** Immediately cure the magnetic gel polish under a UV light for 2 minutes or an LED light for 60 seconds.
5. **Apply Top Coat:** Apply a top coat and cure under a UV light for 2 minutes or an LED light for 60 seconds to seal the design.

## MAINTENANCE

To ensure the longevity and effectiveness of your Honey Joy 3-in-1 Cat Eye Nail Magnet Tool, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the magnet tool with a clean, dry cloth after each use to remove any gel polish residue. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the tool in a dry place, away from direct sunlight and extreme temperatures. Keep it away from other magnetic items to prevent accidental attraction or demagnetization.
- **Handling:** Avoid dropping the tool, as this may damage the internal magnets or the casing.

## TROUBLESHOOTING

If you encounter issues while using your magnet tool, consider the following:

- **Weak Cat Eye Effect:** Ensure you are using a magnetic gel polish. The magnet must be held very close to the wet gel polish (1-3mm) for the recommended 10-15 seconds. If the gel polish is too thick or too thin, the effect may be diminished.
- **No Effect:** Confirm that the gel polish is specifically a 'cat eye' or 'magnetic' gel polish. Regular gel polish will not react to the magnet. Also, ensure the gel polish is still wet when applying the magnet.
- **Magnet Attracting Other Objects:** This is normal due to the strong magnetism. Always store the tool separately from other metal or magnetic items.

For further assistance, please contact Honey Joy customer support.

## SPECIFICATIONS

Feature	Detail
Brand Name	Honey Joy
Model Number	HJ-NAT253
Item Form	Solid
Material	Plastic, Wood (Note: Product description states new magnetic material, plastic/wood likely refers to casing)
Package Dimensions	4.61 x 4.53 x 0.83 inches
Item Weight	0.63 ounces
Manufacturer	Honey Joy Beauty & Health

# Product Detailed

Package: pcs stronge cat eye magnet

The image displays three purple cat eye magnets. The first is a simple rod. The second has a circular head with a central black dot. The third has a head with two curved black lines. A fourth, larger view of the third design shows dimensions: 1.75CM for the head width, 1CM for the head depth, and 11.1CM for the total length. Three icons at the top left describe features: a U-shaped magnet icon labeled 'Stronger magnet', a rocket icon labeled 'speeding suction mold', and a cat eye icon labeled 'Further Cat Eye Effect'. The weight is listed as 21g.
