Novzix S11

Novzix Slim Wallet Tracker Card S11 User Manual

Model: S11

INTRODUCTION

The Novzix Slim Wallet Tracker Card S11 is designed to help you locate your valuable items using Apple's built-in Find My function. Its ultra-thin design allows it to fit seamlessly into wallets, bags, or attached to keys, providing peace of mind without adding bulk. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting.

PRODUCT FEATURES

- **Ultra-Thin Design:** Measures only 0.12 inches (3mm) thick, designed to fit easily into wallet card slots without adding significant bulk.
- **Apple Find My Compatibility:** Utilizes the Apple Find My network for real-time location tracking without requiring additional applications.
- **Durable Construction:** Crafted from high-quality materials for long-term reliability.
- **Extended Battery Life:** Features a built-in battery designed to last up to 2 years, reducing the need for frequent replacements.
- **Versatile Use:** Suitable for tracking various items such as wallets, backpacks, keys, and suitcases.
- **Concealed Tracking:** Its discreet design makes it difficult to detect, enhancing security for your belongings.

SETUP INSTRUCTIONS

Follow these steps to connect your Novzix S11 Tracker Card to your Apple Find My app:

1. Ensure your iPhone is updated to the latest iOS version.
2. Open the **Find My** app on your Apple device.
3. Navigate to the **Items** tab.
4. Tap the **+** icon and select **Add Other Item**.
5. Turn on your Novzix S11 Tracker Card by pressing the button. You will hear a startup sound.
6. Your device will begin searching for the tracker. Once detected, tap **Connect**.
7. Follow the on-screen prompts to name your item and assign an emoji.
8. Confirm the connection. Your Novzix S11 Tracker Card is now paired and ready to use.

OPERATING INSTRUCTIONS

Locating Your Item

To find your item, open the **Find My** app on your Apple device. Select the Novzix S11 Tracker Card from your list of items. The app will display its last known location on a map. If the item is nearby, you can use the **Play Sound** feature to emit an audible alert from the tracker, helping you pinpoint its exact location.

Versatile Placement

Thanks to its slim profile, the Novzix S11 can be discreetly placed in various items you wish to track:

- **Wallets:** Fits into standard card slots without adding bulk.
- **Backpacks & Bags:** Slip it into an internal pocket.
- **Keys:** Attach it to your keychain using the integrated loop.
- **Suitcases & Travel Items:** Ideal for tracking luggage during travel.

MAINTENANCE

Battery Information

The Novzix S11 Tracker Card features a built-in battery designed to last up to 2 years under normal usage conditions. This device is designed with a non-replaceable battery to maintain its slim profile and water resistance. Once the battery life is depleted, the unit is intended for replacement.

Factory Reset

If you need to reset your Novzix S11 Tracker Card to its factory settings, follow these steps:

1. Ensure the device is powered on.
2. Double-click the button on the tracker. After hearing a beep, confirm the device is powered on.
3. Press the button 4 times consecutively.
4. On the fifth press, press and hold the button until you hear a distinct sound. This sound indicates a successful factory reset.

TROUBLESHOOTING

- **Device Not Connecting to Find My:**

Ensure your iPhone's Bluetooth is enabled and the Find My app has location permissions. Perform a factory reset on the tracker card and attempt the pairing process again. Verify your iOS version is compatible with Apple Find My accessories.

- **Inaccurate Location Tracking:**

The accuracy of location tracking depends on the density of Apple devices in the vicinity. In areas with fewer Apple devices, location updates may be less frequent or precise. Ensure the tracker is not obstructed by thick materials that could interfere with its signal.

- **No Sound from Tracker:**

If the "Play Sound" feature does not work, ensure the tracker card is within Bluetooth range of your Apple device or another device on the Find My network. If the issue persists, a factory reset may resolve it. If the speaker is damaged, contact customer support.

- **Short Battery Life:**

The built-in battery is designed for up to 2 years of use. Factors such as frequent "Play Sound" activations or being constantly out of range of Apple devices can slightly reduce battery life. The battery is non-replaceable, and the unit is designed for replacement after its battery life is depleted.

SPECIFICATIONS

Brand	Novzix
Model	S11
Material	Plastic
Product Thickness	0.12 inches (3mm)
Battery Type	Built-in (non-replaceable)
Battery Life	Up to 2 years
