Skytech Gaming M-1200N

Skytech Gaming Classic M-1200N RGB Gaming Mouse User Manual

Model: M-1200N

1. INTRODUCTION

The Skytech Gaming Classic M-1200N RGB Gaming Mouse is engineered for precision and comfort, designed to enhance your gaming experience. It features an advanced SPCP199 navigation sensor, customizable RGB lighting, and an ergonomic, lightweight design for extended use.

FEATURES

Navigation Sensor: SPCP199

Switchable CPI: 800, 1600, 2400, 3200, 4800, 6200

USB Connectivity

The Skytech Gaming M-1200N mouse features an advanced SPCP199 navigation sensor for precise control, with DPI settings up to 6200.

2. SETUP

2.1 Connecting Your Mouse

The Skytech Gaming M-1200N is a wired USB mouse, designed for simple plug-and-play functionality.

1. Locate an available USB port on your computer.
2. Insert the USB connector of the mouse cable firmly into the USB port.
3. Your operating system should automatically detect and install the necessary drivers. The mouse will be ready for use within a few moments.

3. OPERATING INSTRUCTIONS

3.1 Adjusting DPI Settings

The mouse features a dedicated DPI button, typically located behind the scroll wheel, allowing you to cycle through different sensitivity levels (DPI - Dots Per Inch) on the fly. This enables quick adaptation to various gaming scenarios or desktop tasks.

- Press the DPI button to switch between the following sensitivity settings: 800, 1600, 2400, 3200, 4800, and 6200 DPI.
- Each DPI setting may correspond to a different LED color indicator, providing visual feedback on the current sensitivity level.

3.2 Customizing RGB Lighting

The Skytech Gaming M-1200N mouse features dynamic RGB lighting that can be customized to match your setup or preference. The lighting effects are integrated with the DPI button functionality.

- As you cycle through the DPI settings using the DPI button, the mouse's RGB lighting will also change colors.
- The available lighting colors include Red, Blue, Purple-Blue, and Purple, providing a visually immersive experience.

Ergonomic and Durable Design

Designed for comfort and durability, the Skytech Gaming Mouse boasts a lightweight, ergonomic structure that fits perfectly in your hand. With high-quality materials like PVC and silicone, and a weight of approximately 95g, it ensures long-lasting performance.

The sturdy braided cable provides an uninterrupted connection and enhanced durability.

The mouse features customizable RGB lighting with four dynamic colors, controlled via the DPI button.

4. MAINTENANCE

4.1 Cleaning Your Mouse

Regular cleaning helps maintain the performance and appearance of your gaming mouse.

- Disconnect the mouse from your computer before cleaning.
- Use a soft, lint-free cloth lightly dampened with water or a mild cleaning solution to wipe the surface of the mouse.
- Avoid using harsh chemicals, abrasive cleaners, or spraying liquids directly onto the mouse.
- For optical sensor cleaning, use a cotton swab lightly dampened with isopropyl alcohol to gently clean the sensor area.
- Ensure the mouse is completely dry before reconnecting it to your computer.

5. TROUBLESHOOTING

5.1 Common Issues and Solutions

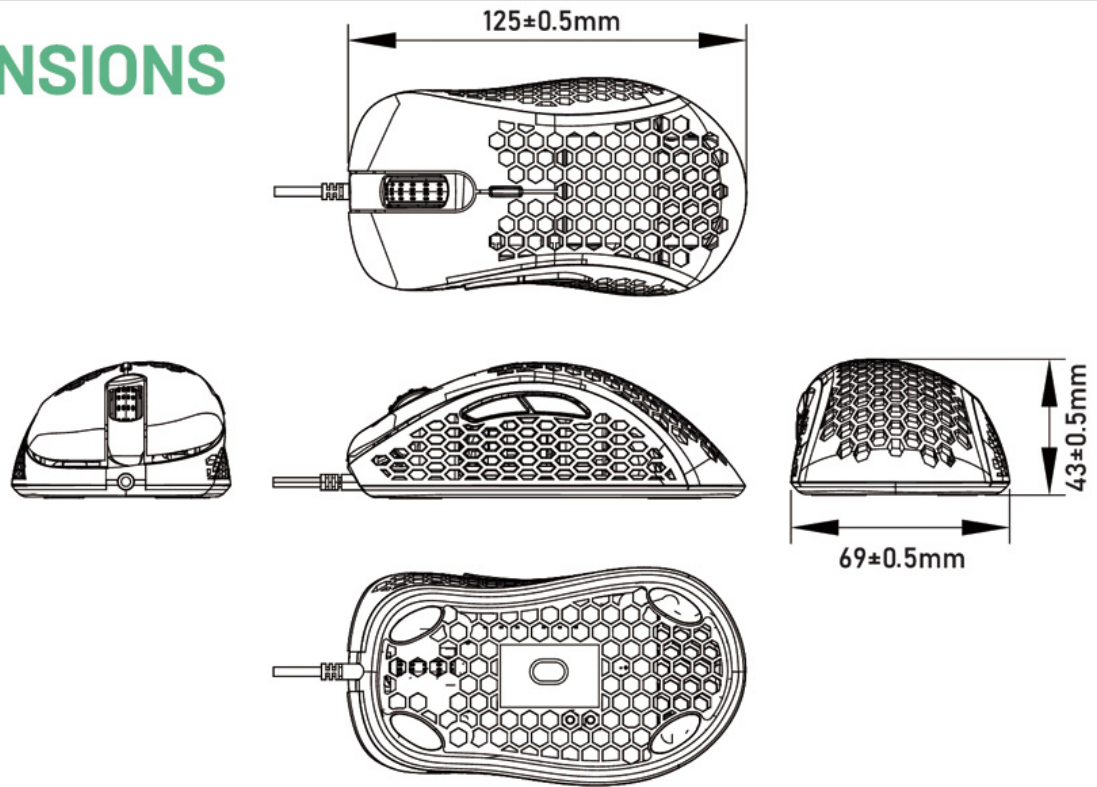

Issue	Possible Solution
Mouse not responding	<ul style="list-style-type: none"> • Ensure the USB cable is securely connected to a working USB port. • Try connecting the mouse to a different USB port on your computer. • Restart your computer. • Check device manager for driver issues.
RGB lighting not working	<ul style="list-style-type: none"> • Verify the mouse is properly connected. • Cycle through DPI settings using the DPI button to see if lights change. • Ensure no software is overriding lighting controls (if applicable).
Erratic cursor movement	<ul style="list-style-type: none"> • Clean the optical sensor at the bottom of the mouse. • Ensure you are using the mouse on a suitable surface (e.g., a mouse pad). • Try a different USB port.
DPI button not changing sensitivity	<ul style="list-style-type: none"> • Ensure the mouse is connected and powered. • Press the DPI button firmly. • If the issue persists, contact customer support.
