Pusat Reflex Pro Wireless Gaming Mouse User Manual

Overview   Setup   Operating   Introduction   Package Contents   Product   Maintenance   Troubleshooting   Specifications   Warranty & Support

1. INTRODUCTION

Thank you for choosing the Pusat Reflex Pro Wireless Gaming Mouse. This manual provides essential information for setting up, operating, and maintaining your new high-performance gaming mouse. Please read this manual thoroughly before use to ensure optimal performance and longevity of your device.

2. PACKAGE CONTENTS

Verify that all items are present in your package:

- Pusat Reflex Pro Wireless Gaming Mouse
- Charging Dock
- USB Wireless Receiver
- USB-C Charging Cable
- User Manual (this document)

3. PRODUCT OVERVIEW

The Pusat Reflex Pro is designed for high-performance gaming, featuring a PixArt PAW 3335 wireless sensor, Kailh GM4.0 mechanical switches, and customizable RGB lighting.

3.1 Mouse Components

- **Left Click Button:** Primary mouse button.
- **Right Click Button:** Secondary mouse button.
- **Scroll Wheel:** For scrolling and middle-click functionality.
- **DPI Cycle Button:** Changes DPI sensitivity levels.
- **Side Buttons (x2):** Programmable buttons for custom functions.
- **RGB Lighting Zones:** Customizable lighting effects.
- **Optical Sensor:** PixArt PAW 3335 for precise tracking.
- **Power/Mode Switch:** Located on the bottom, for 2.4G wireless or Off.
- **USB Receiver Storage:** Compartment on the bottom for the wireless receiver.
- **PTFE Skates:** Low-friction feet for smooth gliding.

4. SETUP

4.1 Charging the Mouse

1. Connect the USB-C charging cable to the charging dock and a USB power source (e.g., computer USB port, USB wall adapter).
2. Place the Pusat Reflex Pro mouse onto the charging dock. Ensure the mouse is properly seated for charging to begin. The mouse's RGB lighting will indicate charging status.
3. Alternatively, you can connect the USB-C cable directly to the mouse for wired use and charging.

4.2 Connecting the USB Wireless Receiver

1. Locate the USB wireless receiver stored in the compartment on the bottom of the mouse.
2. Plug the USB wireless receiver into an available USB port on your computer.
3. Turn on the mouse using the power switch on the bottom. Set it to the '2.4G' position for wireless operation.
4. Your computer should automatically detect and install the necessary drivers.

4.3 Installing Pusat Reflex Pro Software

For full customization of DPI settings, button assignments, and RGB lighting, download and install the Pusat Reflex Pro application from the official Pusat website. This software allows you to create custom profiles for different games
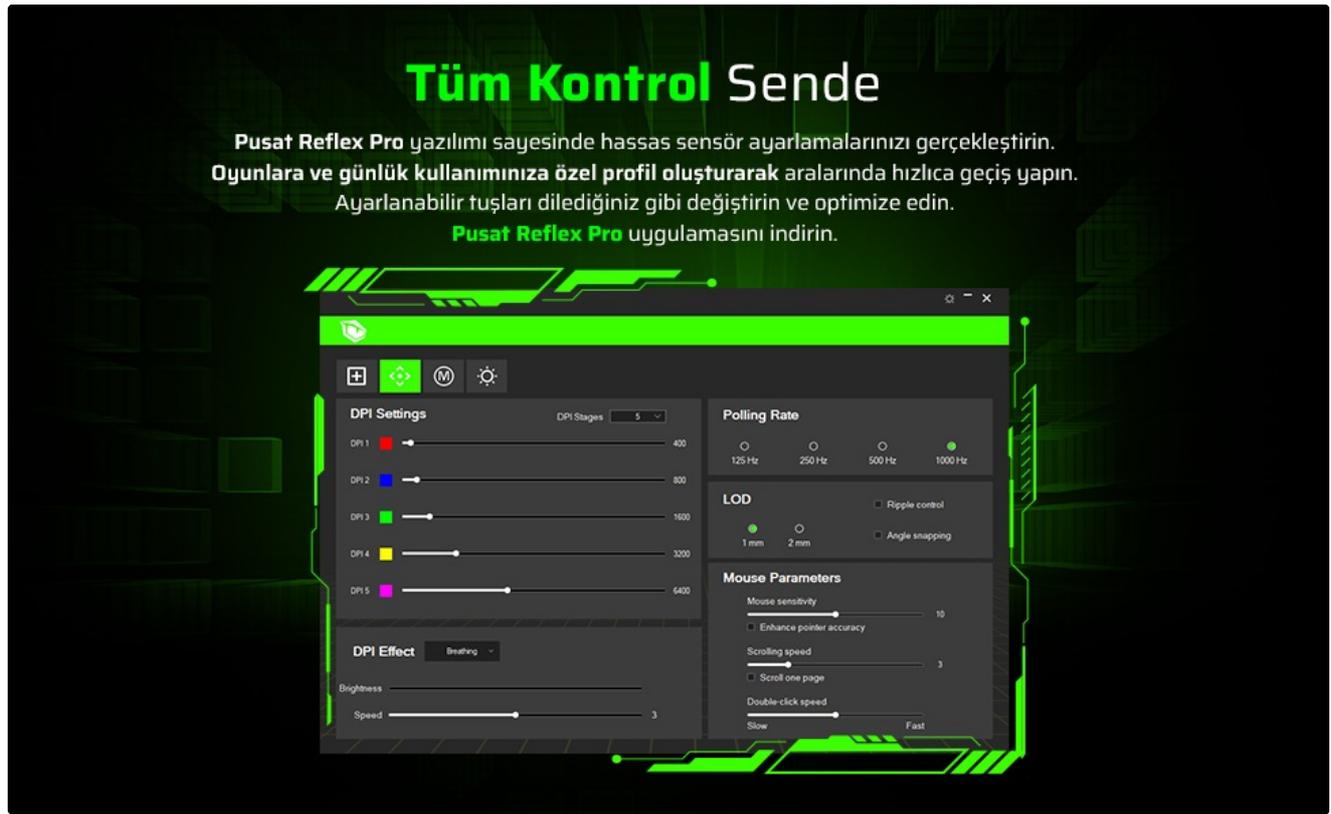

and applications.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

Use the switch on the bottom of the mouse to toggle between 'Off' and '2.4G' wireless mode. For wired use, simply connect the USB-C cable directly to the mouse.

5.2 DPI Adjustment

Press the DPI cycle button (usually located behind the scroll wheel) to cycle through preset DPI levels. You can customize these levels and add more stages using the Pusat Reflex Pro software.

5.3 RGB Lighting Modes

The mouse features customizable RGB lighting. Use the Pusat Reflex Pro software to select from various lighting effects, colors, and brightness levels to match your setup and style.

5.4 Programmable Buttons

The Pusat Reflex Pro mouse has 6 programmable buttons. Utilize the Pusat Reflex Pro software to assign macros, keyboard functions, or multimedia controls to these buttons for enhanced productivity and gaming performance.

5.5 Battery Life and Charging

The mouse offers up to 70 hours of usage on a single charge. When the battery is low, the RGB lighting may indicate this status. Place the mouse on its charging dock or connect it via USB-C cable to recharge.

6. MAINTENANCE

6.1 Cleaning the Mouse

To clean your mouse, use a soft, dry, lint-free cloth. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals, solvents, or abrasive materials, as these can damage the mouse's surface and internal components.

6.2 Cleaning PTFE Skates

Periodically inspect the PTFE skates on the bottom of the mouse for dirt or debris. Clean them gently with a cotton swab or a soft cloth to ensure smooth gliding performance.

Image: The underside of the Pusat Reflex Pro mouse, highlighting the 100% PTFE skates for smooth movement.

7. TROUBLESHOOTING

7.1 Mouse Not Responding

- Ensure the mouse is powered on and set to '2.4G' mode.
- Check if the USB wireless receiver is securely plugged into a working USB port on your computer.
- Verify the mouse battery level. Charge the mouse if the battery is low.
- Try connecting the mouse directly with the USB-C cable to see if it works in wired mode.
- Test the mouse on a different USB port or computer.

7.2 Intermittent Connectivity

- Ensure the USB receiver is not too far from the mouse or obstructed by metal objects.
- Avoid placing the receiver near other wireless devices that might cause interference.
- Ensure the mouse is fully charged.

7.3 Sensor Tracking Issues

- Clean the optical sensor on the bottom of the mouse with a soft, dry cloth.

- Ensure you are using the mouse on a clean, suitable mouse pad or surface. Highly reflective or transparent surfaces may cause tracking problems.
- Adjust DPI settings using the DPI button or software.

8. SPECIFICATIONS

Brand	PUSAT
Model	Reflex Pro
Sensor	PixArt PAW 3335 Optical
DPI	Up to 16,000 (Adjustable)
Tracking Speed	400 IPS
Acceleration	40G
Switches	Kailh GM4.0 Mechanical
Switch Lifespan	60 Million Clicks
Connectivity	2.4GHz Wireless, USB-C Wired
Battery Life	Up to 70 Hours
Weight	87 grams
Programmable Buttons	6
Skates	100% PTFE
Hardware Platform	PC
Color	White
