JIVOIT Loft Bed

JIVOIT Full Size Wood Loft Bed Frame Instruction Manual

Model: Loft Bed | Brand: JIVOIT

1. PRODUCT OVERVIEW

This JIVOIT Full Size Wood Loft Bed Frame is designed to maximize space efficiency, featuring a built-in wardrobe, a desk, 3-tier storage shelves, and 3 drawers. Constructed from pinewood and MDF board, it offers stability and functionality for various living spaces.

2. SETUP AND ASSEMBLY

Assembly of the JIVOIT Loft Bed Frame requires careful attention to detail and is recommended for two individuals. All necessary tools and a detailed instruction guide are included with your purchase. Please ensure all components are present before beginning assembly.

2.1 Unpacking and Component Check

- Unpack all three packages carefully and lay out components on a clean, soft surface to prevent scratches.
- Verify all parts against the provided parts list in the assembly guide. Contact customer support immediately if any parts are missing or damaged.

2.2 Assembly Tools

While a basic Allen wrench is provided, using a screwdriver with a 5/32 hex bit and a power drill (for pre-drilling pilot holes where necessary, as some holes may not be pre-drilled) can significantly ease the assembly process. Exercise caution when using power tools to avoid overtightening or damaging components.

exceed the recommended thickness of 8 inches.

- Access the bed using the integrated ladder. Always use the ladder facing the bed and maintain three points of contact.

3.2 Wardrobe Functionality

The built-in wardrobe provides enclosed storage for clothing. It includes a hanging rod for garments and shelves for folded items. The wardrobe door opens outward for access.

3.3 Desk and Storage Shelves

The integrated desk (39.4" x 15.4") provides a dedicated area for work, study, or creative activities. Adjacent to the desk are 3-tier storage shelves, suitable for books, decorative items, or personal belongings. Below the desk, three drawers offer additional concealed storage.

4. MAINTENANCE

Proper maintenance ensures the longevity and appearance of your JIVOIT Loft Bed Frame.

- **Cleaning:** Wipe surfaces with a dry cloth. Avoid abrasive cleaners or harsh chemicals that may damage the wood finish.
- **Hardware Check:** Periodically check all bolts, screws, and connections to ensure they remain tight. Retighten as necessary to maintain structural integrity.
- **Wood Care:** Protect the wood from excessive moisture and direct sunlight to prevent warping or fading.

5. TROUBLESHOOTING

This section addresses common issues that may arise during assembly or use.

- **Wobbly Frame:** Ensure all connections are fully tightened. If wobbling persists, verify that all components are correctly aligned according to the assembly instructions. Consider adding additional reinforcement if necessary, ensuring it does not compromise the bed's design or safety.
- **Missing or Misaligned Holes:** During assembly, if you encounter missing or misaligned pilot holes, carefully pre-drill new pilot holes using an appropriate drill bit size to prevent wood splitting. Always measure and mark before drilling.
- **Wood Splitting:** Wood splitting can occur from overtightening screws or incorrect pilot hole placement. Always hand-tighten screws initially and use a power drill on a low torque setting if necessary. If splitting occurs, wood glue and clamps can be used for minor repairs.
- **Drawers Not Operating Smoothly:** Check that drawer slides are correctly installed and aligned. Ensure no debris is obstructing the drawer mechanism. Verify that all screws securing the drawer

slides are tight.

6. SPECIFICATIONS

Feature	Detail
Material	Pine Wood + MDF
Size	Full
Color	Grey
Overall Product Dimensions	76.4"L x 55.3"W x 59"H
Full Bed Dimensions	75.2" x 54.6"
Desk Dimensions	39.4" x 15.4"
Recommended Mattress Thickness	8"
