KRPTQJoo Joo4829

KRPTQJoo AC Remote Control User Manual

For Noma RG15A(B)/E, 043-5238-4, 043-5240-6 and Mirage RG15A1/E, RG15A2/E, RG15B/E, RG15A/E Portable Air Conditioners

Introduction

This KRPTQJoo remote control is a replacement unit designed for specific Noma and Mirage portable air conditioner models. It is intended to function as a direct replacement for your original remote control. This remote requires no pairing or programming for compatible units. Please verify compatibility with your original remote or air conditioner model before use.
Important Note: This remote control requires 2 AAA batteries (not included).

Setup

1. Battery Installation

To install the batteries:

1. Locate the battery compartment cover on the back of the remote control.
2. Slide the cover downwards or press the latch to open it.
3. Insert two (2) AAA batteries, ensuring the positive (+) and negative (-) terminals match the diagrams inside the compartment.
4. Replace the battery compartment cover, ensuring it clicks securely into place.

How to buy a remote control

The original/old remote control is still exists but it's broken and doesn't work	If you don't have the model number or don't know the model number, send the front and back picture of the remote control to us, there will be a professional technician to match the right remote control for you!
The old remote control is missing, only the brand of the unit	Provide a clear picture of the brand and model of the machine or the old remote control in the manual and the model &manufacturer of the machine, send it to us.
Still have the original remote, but would like to get a spare one	Send us a Clear picture of the old remote control, front & back, as well as the complete brand and model number of the machine.
Important Note : Our remote is Replacement, Only fits the models we list. In some cases, even though the remotes look the same, the codes inside are different. The model number suffixes are not the same, and the suitable remote control is also different. If you're not sure or our remote doesn't work ,Please provide us with as much information as possible in order to find the right product for you or to identify and solve a problem.

2. Initial Use

Once batteries are installed, the remote is ready for use. Point the remote control directly at the infrared receiver on your air conditioner unit. Ensure there are no obstructions between the remote and the air conditioner.

Operating Instructions

This remote control provides standard functions for your compatible air conditioner. The button layout is intuitive for ease of use.

Image: Front view of the remote control with button layout.

- **Power Button (⏻):** Press to turn the air conditioner ON or OFF.
- **Mode Button:** Cycles through available operating modes (e.g., Cool, Fan, Dry, Heat, Auto).
- **Temperature Adjustment (^ / v):** Adjusts the desired temperature setting.
- **Fan Speed Button:** Adjusts the fan speed (e.g., Low, Medium, High, Auto).
- **Timer Button:** Sets the timer for automatic ON/OFF operations.
- **Sleep Mode Button:** Activates or deactivates sleep mode for comfortable night operation.

For specific functions and their detailed usage, please refer to the original user manual of your Noma or Mirage portable air conditioner.

Maintenance

Battery Replacement

Replace batteries when the remote control's range decreases or if the air conditioner does not respond to commands. Always replace both batteries at the same time with new AAA batteries. Do not mix old and new batteries or different types of batteries.

Cleaning

Wipe the remote control with a soft, dry cloth. Do not use liquid cleaners or abrasive materials, as these can damage the remote's surface or internal components.

Storage

If the remote control will not be used for an extended period, remove the batteries to prevent leakage and potential damage.

Troubleshooting

- **Remote not responding:**
  - Ensure batteries are correctly installed and not depleted. Replace if necessary.
  - Check for any obstructions between the remote control and the air conditioner's receiver.
  - Ensure you are within the effective operating range (up to 8 meters).
- **Some buttons have no function:**
  - This remote is a replacement and may have buttons for features not present on your specific air conditioner model. If your air conditioner does not support certain features, the corresponding buttons on this remote will have no function.
  - Refer to your air conditioner's original manual to confirm supported features.
- **Unsure about compatibility:**
  - If you are uncertain whether this remote is compatible with your air conditioner, please refer to the compatibility guide below or contact customer support with your air conditioner's brand and model number.
