## 2. COMPATIBILITY

This 20mm braided nylon strap is specifically designed for smartwatches with a 1.69-inch display that use a 20mm quick-release pin system. It is compatible with the following models:

- Glory fit Motast P32 1.69 inch
- Glory fit Nerunsa P32B 1.69 inch
- Glory fit Ordtop P32E1 1.69 inch
- Glory fit Togala P32D 1.69 inch
- Glory fit Bowost P32D-F 1.69 inch

- Glory fit Judneer P32H 1.69 inch
- Glory fit mebossco P32H 1.69 inch
- Glory fit Sudugo P32H 1.69 inch
- Glory fit Donerton P32 1.69 inch
- Glory fit Doubc P32H 1.69 inch

*Please verify your smartwatch model and lug width (20mm) before attempting installation.*

### 3. SETUP AND INSTALLATION

---

The Meliya smartwatch strap features quick-release pins for easy attachment and removal. Follow these steps to install your new strap:

1. **Prepare your Smartwatch:** If your smartwatch currently has a strap, carefully remove it by locating the quick-release pins on the underside of the strap where it connects to the watch lugs. Slide the pin inward to detach.
2. **Align the New Strap:** Take one half of the Meliya strap. Locate the quick-release pin on the strap. Align one end of the pin with the corresponding hole on one side of your smartwatch's lug.
3. **Insert the Pin:** While holding the strap, slide the quick-release pin lever inward. Carefully guide the other end of the pin into the opposite hole on the smartwatch lug.
4. **Secure the Strap:** Once both ends of the pin are seated in the lug holes, release the quick-release lever. Gently pull on the strap to ensure it is securely fastened and does not detach.
5. **Repeat for Second Half:** Follow the same steps for the second half of the strap.

Image: Visual representation of the strap's key features, including its soft, stretchy, and breathable fabric, highlighting its adjustable nature and seamless fit.

## 4. OPERATING AND ADJUSTMENT

---

The Meliya elastic nylon strap is designed for comfortable wear and easy adjustment.

### 4.1 Wearing the Strap

Once installed, simply slide your hand through the loop of the strap and position the smartwatch on your wrist. The elastic nature of the strap allows for a snug yet comfortable fit.

### 4.2 Adjusting the Size

This strap features an upgraded magnetic buckle for quick and precise size adjustment. To adjust:

1. **Loosen:** Gently pull the magnetic buckle away from the strap to loosen the fit.
2. **Adjust:** Slide the buckle along the strap to achieve your desired wrist circumference.

3. **Secure:** Once the desired fit is achieved, the magnetic buckle will strongly adsorb to the strap, securing it in place.

The strap is designed to fit a wide range of wrist sizes:

- Small size fits wrist: 130mm - 175mm (5.1 - 6.9 inches)
- Large size fits wrist: 140mm - 215mm (5.5 - 8.5 inches)
- One size fits wrist: 140mm - 240mm (5.5 - 9.4 inches) -*Note: This range is for the "Adjustable Nylon Loop Band" variant.*

## Upgrade Magnetic Buckle

The magnetic buckle can strongly adsorb stable fit  
More convenient to adjust the length.

## 5. MAINTENANCE AND CARE

---

To ensure the longevity and appearance of your Meliya elastic nylon strap, follow these care instructions:

- **Cleaning:** Hand wash the strap with mild soap and cool water. Avoid harsh detergents or abrasive cleaners.
- **Drying:** Allow the strap to air dry completely before reattaching it to your smartwatch. Do not use direct heat sources like hair dryers or radiators, as this can damage the elastic fibers.
- **Avoid Chemicals:** Keep the strap away from strong chemicals, solvents, and excessive exposure to direct sunlight, which can cause discoloration or material degradation.
- **Storage:** When not in use, store the strap in a clean, dry place away from extreme temperatures.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your Meliya smartwatch strap, refer to the following common solutions:

- **Strap does not fit my watch:**

Ensure your smartwatch has a 20mm lug width and is one of the compatible models listed in Section 2. This strap is specifically designed for 20mm quick-release systems.

- **Strap is difficult to attach:**

Verify that the quick-release pins are properly aligned with the lug holes on your smartwatch. Ensure the pin is fully retracted before attempting to seat it. Apply gentle pressure and ensure both ends of the pin click into place.

- **Strap feels too loose or too tight:**

Utilize the magnetic buckle to adjust the strap to your desired comfort level. Refer to Section 4.2 for detailed adjustment instructions. Ensure the magnetic buckle is securely fastened after adjustment.

- **Strap shows signs of wear or damage:**

Regularly inspect the strap for any signs of fraying, stretching, or damage to the magnetic buckle. Follow the maintenance guidelines in Section 5 to prolong the strap's lifespan. If significant damage occurs, consider replacing the strap.
