## ZEALOT S98

# ZEALOT Portable Bluetooth Speaker 2025 Instruction Manual

Model: **S98**

Brand: **ZEALOT**

## INTRODUCTION

---

Thank you for choosing the ZEALOT S98 Portable Bluetooth Speaker. This manual provides detailed instructions for setting up, operating, and maintaining your speaker to ensure optimal performance and longevity. Please read this manual thoroughly before using the product.

The ZEALOT S98 is a powerful 160W RMS wireless speaker designed for exceptional audio quality, featuring IPX6 waterproofing, a large 36000mAh battery, and multiple playback modes. It is ideal for home use, outdoor activities, parties, and travel.

## PACKAGE CONTENTS

---

Ensure all items are present in the package:

- ZEALOT S98 Portable Bluetooth Speaker
- Power Cable
- Quick Start Guide

### Packing List

### Key Features:

- **Monstrous Sound:** 160W RMS (200W Peak) power with 4 drivers for deep bass and clear highs.

- **Extended Playtime & Power Bank:** Massive 36,000mAh battery doubles as a power bank.
- **Wireless Stereo Pairing:** Connect two S98 speakers for enhanced audio.
- **Built Tough:** IPX6 waterproof and dustproof design for outdoor use.
- **Customizable Sound:** 4 playback modes (BT, USB, TF card, line-in) and 3 EQ modes (bass boost, vocal clarity, balanced sound).

## Powering On/Off

Press and hold the **Power button** (  ) for 2-3 seconds to turn the speaker on or off. A sound prompt will indicate the power status.

## OPERATING INSTRUCTIONS

### Bluetooth Pairing

1. Turn on the ZEALOT S98 speaker. It will automatically enter Bluetooth pairing mode, indicated by a flashing LED.
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "ZEALOT S98" from the list. Once connected, the LED indicator will become solid, and you will hear a confirmation sound.

The speaker will automatically reconnect to the last paired device when powered on, if the device is within range and Bluetooth is enabled.

### Playback Modes

The ZEALOT S98 supports multiple playback modes:

- **Bluetooth Mode:** Connect wirelessly to your device.
- **USB Mode:** Insert a USB flash drive with audio files.
- **TF Card Mode:** Insert a TF (microSD) card with audio files.
- **AUX-in Mode:** Connect an external audio device using a 3.5mm audio cable.

Press the **Mode (M) button** to switch between modes.

### Controlling Playback

- **Play/Pause:** Press the **Play/Pause button** (  ).
- **Volume Up:** Press the **Volume + button**.
- **Volume Down:** Press the **Volume - button**.
- **Next Track:** Long press the **Volume + button**.
- **Previous Track:** Long press the **Volume - button**.

## EQ Modes

The speaker features 3 EQ modes to customize your audio experience:

- **Bass Boost:** Enhances low frequencies for a more powerful bass.
- **Vocal Clarity:** Optimizes mid-range frequencies for clearer vocals.
- **Balanced Sound:** Provides a neutral and balanced audio profile.

Press the **EQ button** to cycle through the available modes.

## Wireless Stereo Pairing (TWS Function)

To achieve a more immersive stereo sound, you can pair two ZEALOT S98 speakers together:

1. Ensure both S98 speakers are powered on and not connected to any Bluetooth device.
2. On one speaker (this will be the primary speaker), press and hold the **Dual Pairing button** ().
3. The primary speaker will search for the secondary speaker. Once connected, you will hear a confirmation sound, and the LED indicators on both speakers will change.
4. Now, connect your device to the primary speaker via Bluetooth. Audio will play in stereo through both speakers.

## MAINTENANCE

### Cleaning

Wipe the speaker with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure all ports are dry before charging or connecting devices.

## Storage

Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures. If storing for an extended period, charge the battery to approximately 50% every few months to preserve battery life.

## Water Resistance (IPX6)

The speaker is IPX6 waterproof, meaning it can withstand powerful water jets. It is suitable for use in rainy conditions or near water bodies. However, it is **not designed for submersion**. Ensure the port cover is securely closed before exposing the speaker to water.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not turn on.	Battery is low or depleted.	Charge the speaker fully.
Cannot pair via Bluetooth.	Speaker is not in pairing mode; device Bluetooth is off; too far from device.	Ensure speaker is in pairing mode (flashing LED). Turn on device Bluetooth. Move device closer to speaker (within 33 ft/10m).
No sound or low volume.	Volume too low on speaker or device; incorrect input mode; audio file issue.	Increase volume on both speaker and device. Ensure correct playback mode is selected. Try a different audio file.
Sound distortion.	Volume too high; weak Bluetooth signal; audio source quality.	Reduce volume. Move device closer to speaker. Try a higher quality audio source.
TWS pairing fails.	Speakers already paired to other devices; too far apart.	Disconnect both speakers from any Bluetooth devices. Ensure they are close to each other. Follow TWS pairing steps carefully.
