4. SPECIFICATIONS

Feature	Detail
Model Number	PS-155
Battery Capacity	52800mAh
USB-C Output/Input	PD 30W Max
USB-A Output (x2)	QC 4.0 (22.5W Max per port)
Battery Type	Lithium Polymer
Product Dimensions	6.77 x 3.34 x 1 inches
Item Weight	1.1 pounds
Special Features	Fast Charging, LED Digital Display, Built-in Flashlight

5. SETUP

5.1 Initial Charging of the Power Bank

1. Before first use, fully charge the power bank.
2. Connect the provided USB-C cable to the power bank's USB-C port.
3. Connect the other end of the USB-C cable to a compatible USB wall charger (not included). For optimal charging speed, use a PD 30W compatible charger.
4. The LED digital display will show the charging progress. The power bank is fully charged when the display shows "100%".

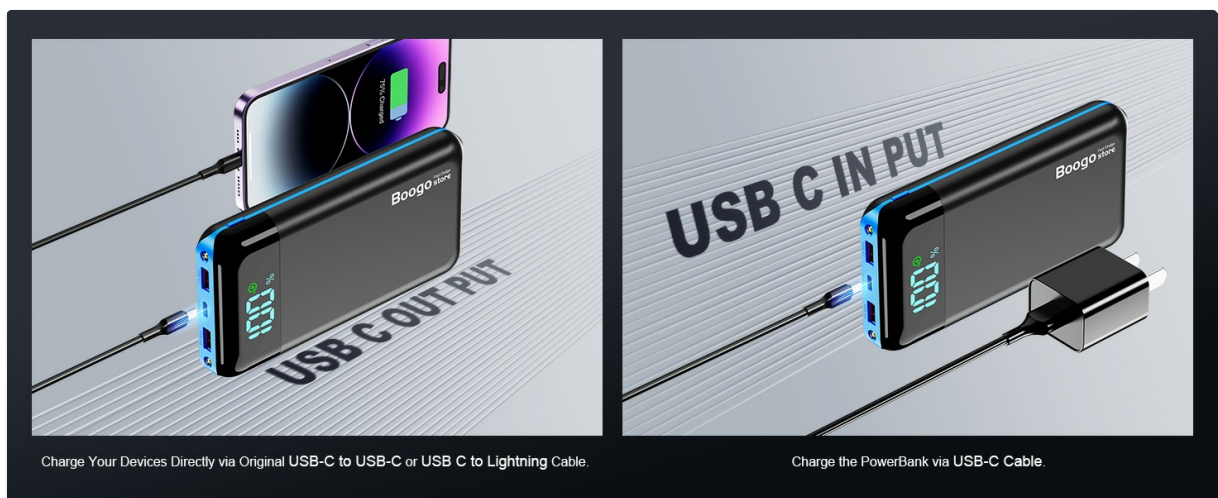

Image 6.2: A smartphone being charged directly from the power bank using a USB-C to USB-C cable.

6.2 Using the LED Digital Display

- **Single Press:** Press the power button once to activate the LED display and check the remaining battery percentage.

- **Double Press:** Quickly press the power button twice to turn off the LED display.

6.3 Operating the Flashlight

- **Turn On:** Long press the power button for 3 seconds to turn on the built-in flashlight.
- **Turn Off:** Long press the power button for 3 seconds again to turn off the flashlight.

Image 6.3: Visual guide on how to operate the LED display and the integrated flashlight using the power button.

7. MAINTENANCE

- Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- Avoid dropping or subjecting the power bank to strong impacts.
- Clean the exterior with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- If the power bank will not be used for an extended period, charge it to approximately 50-75% every three months to maintain battery health.

8. TROUBLESHOOTING

- **Power bank not charging:** Ensure the charging cable is securely connected to both the power bank and the wall adapter. Verify the wall adapter is functioning correctly and provides sufficient power (PD 30W recommended).
- **Device not charging from power bank:** Check if the power bank has sufficient charge. Ensure the charging cable connecting your device to the power bank is functional and properly connected. Some devices may require a specific cable type.
- **Slow charging:** Ensure both the power bank and your device support fast charging protocols (PD 30W, QC 4.0). Use a high-quality, compatible charging cable.
- **Flashlight not working:** Ensure the power bank has charge. Long press the power button for 3 seconds to activate the flashlight.

9. SAFETY INFORMATION

- Do not disassemble, modify, or repair the power bank yourself.
- Keep the power bank away from water, fire, and high temperatures.
- Avoid exposing the power bank to direct sunlight for prolonged periods.
- Do not use the power bank if it is damaged or shows signs of swelling, leakage, or overheating.
- Keep out of reach of children.

- Dispose of the power bank according to local regulations. Do not dispose of it with household waste.

10. WARRANTY AND SUPPORT

boogostore provides intimate 24-hour after-sales service and lifetime friendly customer service for this product. If you encounter any issues or have questions after purchasing, please do not hesitate to contact us. We are committed to providing you with a satisfactory solution.

For support, please refer to the contact information provided with your purchase or visit the official boogostore website.
