4. Maintenance

Regular maintenance ensures optimal performance and longevity of your vacuum cleaner.

4.1 Emptying the Dust Cup

When the dust cup is full (indicated by the MAX line), press the release button to open the bottom flap and empty the contents into a trash bin. The dust cup can also be detached for thorough cleaning.

4.2 Filter Cleaning and Replacement

The vacuum includes a washable filter. Regularly remove and clean the filter under running water. Ensure it is completely dry before reinserting. An extra filter is provided for convenience.

4.3 Brush Roll Cleaning

Periodically check the brush roll for tangled hair or debris. Use the provided cleaning tool to cut and remove any entangled hair from the brush roll.

5. Troubleshooting

If you experience issues with your SunSare X9 Cordless Vacuum Cleaner, consider the following:

- **Reduced Suction:** Check if the dust cup is full or if the filter needs cleaning. Ensure there are no blockages in the attachments or main tube.
- **Battery Not Charging:** Verify that the charging cord is securely connected to both the battery and the power outlet. Ensure the outlet is functional. If the battery is old, its capacity may have diminished over time.
- **Vacuum Not Turning On:** Ensure the battery is fully charged and correctly installed.
