ULANZI D200

ULANZI D200 U-Studio Macro Keyboard Stream Controller User Manual

Model: D200

Introduction

The ULANZI D200 U-Studio Macro Keyboard Stream Controller is a versatile device designed to streamline workflows for various applications, including streaming, content creation, and general productivity. It features a combination of LCD keys and customizable macro keys to provide instant access to actions and functions.

This device is equipped with 14 LCD keys, including one large LCD key for CPU/GPU/time displays, and 13 fully customizable LCD keys. It allows users to trigger unlimited actions with a single tap, significantly enhancing efficiency.

The U-Studio App Store provides access to a wide range of plugins, configuration files, and icons, supporting popular applications like Photoshop, Premiere, and OBS. The Ulanzi Creative Community offers continuous access to creative resources, enabling users to share content and participate in open-source projects.

Multi-page functionality allows for seamless switching between different profiles, secondary pages, and folders, adapting to various scenarios. Up to 10 secondary pages are supported, with page navigation and indicators for easy retrieval.

Setup is intuitive, involving a simple drag-and-drop interface for assigning actions to keys and personalizing settings. The device supports multi-action efficiency, allowing for the execution of multiple actions simultaneously or in sequence.

Setup

Follow these steps to set up your ULANZI D200 U-Studio Macro Keyboard:

1. **Connect the Device:** Connect the D200 to your PC using the provided 2-in-1 charging cable, which features both Micro-B and USB-C connectors. The device supports USB-A and USB-C connectivity.
2. **Download Software:** Visit the official Ulanzi website athttps://www.ulanzi.com/p-pages/downloads to download and install the U-Studio application.
3. **Launch and Customize:** Launch the U-Studio application and follow the on-screen guide to complete the initial settings. You can then customize the keys and functions according to your preferences.

What's in the Box:

- ULANZI D200 U-Studio Macro Keyboard Stream Controller
- USB Cable (2-in-1 charging cable with Micro-B and USB-C connectors)
- Stand (D200*1, Stand*1)
- User Manual

Operation

The ULANZI D200 is designed for intuitive operation, allowing you to execute complex actions with a single tap. The device features 14 keys, including a large LCD key for system monitoring and 13 customizable LCD keys.

Customizing Keys and Macros:

The U-Studio software provides a drag-and-drop interface for assigning actions to keys. You can personalize settings and create multi-actions that trigger several tasks simultaneously or in a specific sequence. This allows for highly efficient workflows tailored to your needs.

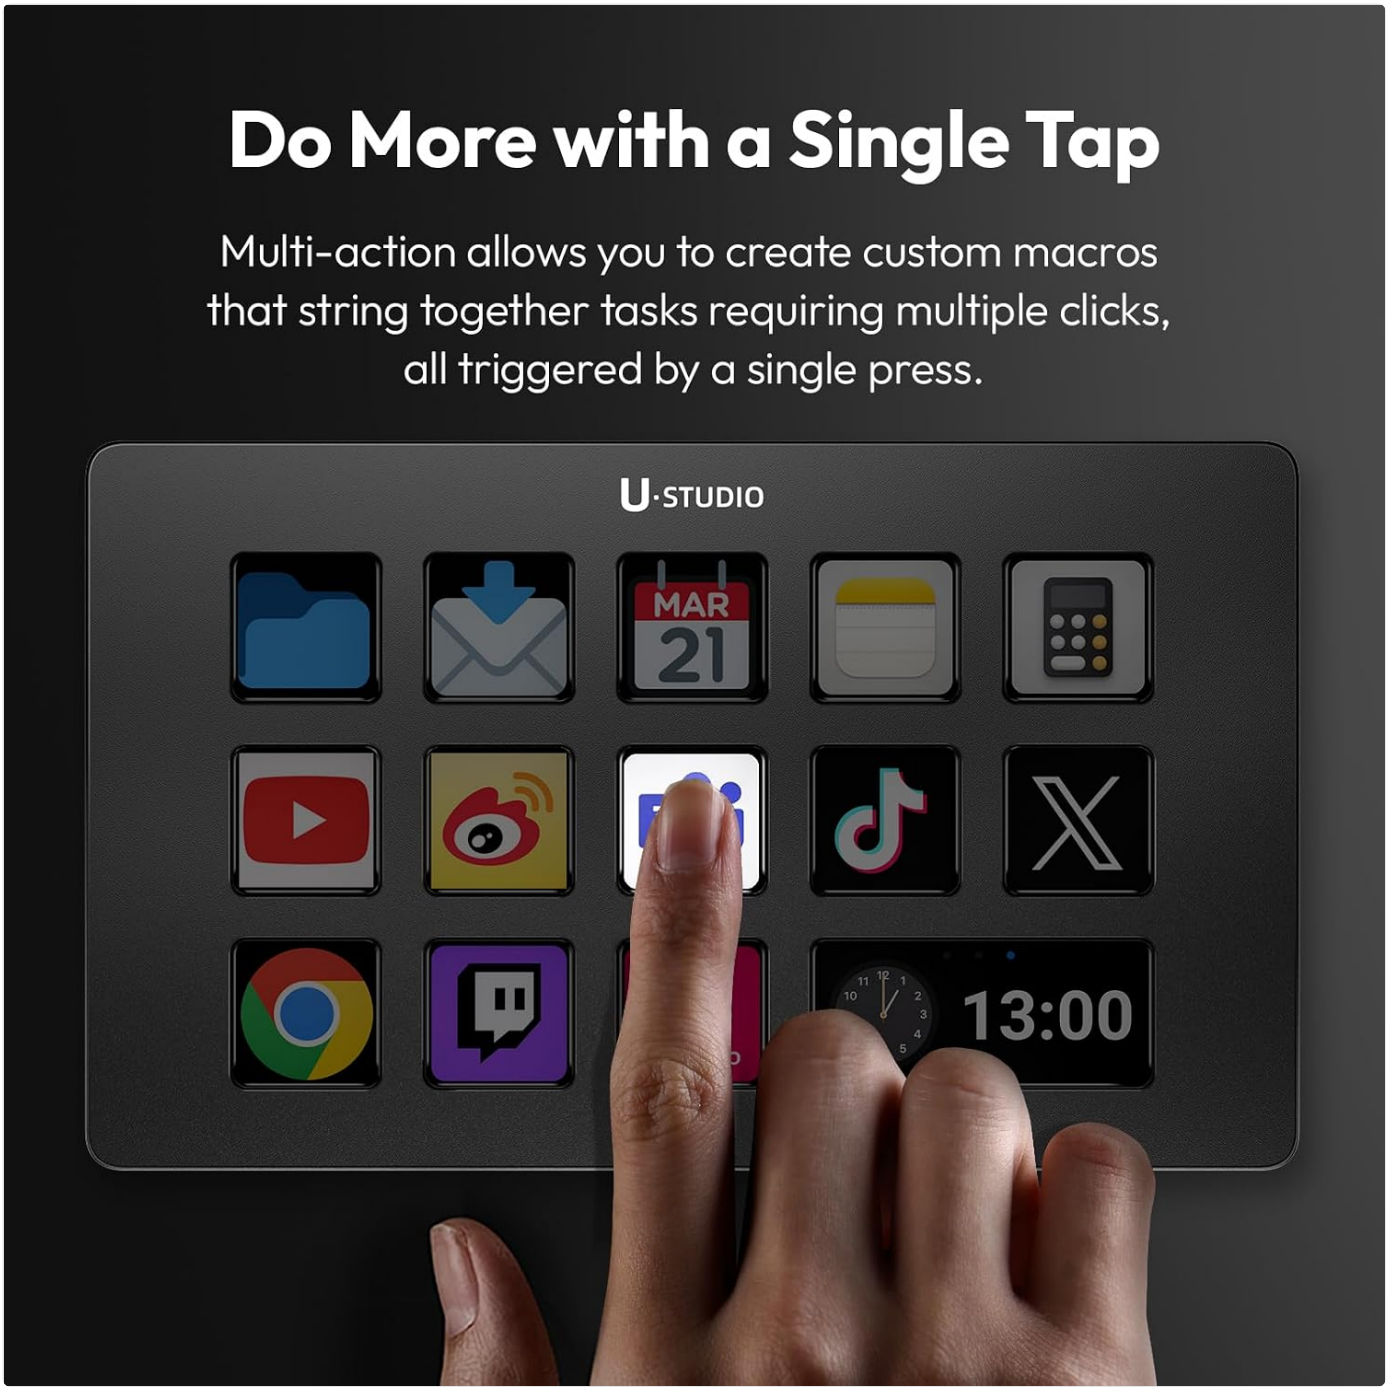

Figure 3: A hand interacting with the ULANZI D200, demonstrating the ease of triggering custom macros with a single tap.

Multi-Page Functionality:

The D200 supports multiple pages, allowing you to organize different sets of macros and profiles. You can freely switch between profiles, secondary pages, and folders to adapt to various scenarios, such as gaming, office work, live streaming, or content creation. The device supports up to 10 secondary pages, with indicators to help you navigate and quickly find the desired functions.

Figure 5: Examples of how the D200 simplifies workflows for various tasks, including gaming, office work, live streaming, and content creation, by displaying tailored key layouts.

App Store and Community:

Access the U-Studio App Store to download rich plugins, configuration files, and icons. The Ulanzi Creative Community serves as a platform to continuously obtain creative resources, share original content, and participate in open-source projects, expanding the functionality of your D200.

Maintenance

To ensure the longevity and optimal performance of your ULANZI D200, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the surface of the device. For stubborn smudges, slightly dampen the cloth with water. Avoid using harsh chemicals, abrasive cleaners, or solvents, as these can damage the finish and LCD screens.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place away from direct sunlight and extreme temperatures.

- **Handling:** Handle the device with care to prevent drops or impacts, which could damage internal components or the LCD keys.
- **Cable Care:** Ensure the USB cable is not kinked or strained, as this can lead to damage over time.

Troubleshooting

If you encounter issues with your ULANZI D200, refer to the following common troubleshooting tips:

- **Software Language Issues:** If the software or plugins appear in an unexpected language (e.g., Chinese), ensure your system language settings are correctly configured to English. Check for language options within the U-Studio application settings. If the issue persists, try reinstalling the software after verifying language settings.
- **Application Crashes or Freezes:**
  - Ensure the U-Studio software is updated to the latest version.
  - Restart the U-Studio application and/or your computer.
  - Temporarily disable any conflicting background applications or antivirus software.
- **Keys Stuck Pressed / Unresponsive:**
  - Disconnect and reconnect the USB cable to the device and your computer.
  - Restart the D200 device by unplugging and re-plugging it.
  - Ensure the U-Studio software is running correctly in the background.
- **Device Sliding During Use:** The D200 features a premium build. If you experience sliding, ensure it is placed on a stable, non-slip surface. Consider using a desk mat or non-slip pads if necessary.
- **Plugin Issues / Limited Functionality:**
  - Verify that you have downloaded and installed the correct plugins from the U-Studio App Store.
  - Ensure the target application (e.g., OBS, Photoshop) is running and compatible with the plugin.
  - Check the Ulanzi Creative Community for updated plugins or community-driven solutions.

For further assistance, refer to the official Ulanzi support resources or the Ulanzi Creative Community.
