Mooyran TYD-XMF-001

Mooyran Bee Robot Galaxy Light Projector User Manual

Model: TYD-XMF-001

Introduction

The Mooyran Bee Robot Galaxy Light Projector is designed to create a captivating aurora and starry night sky experience. This device features a unique bee-shaped design with adjustable components, offering multiple light effects and a convenient timer function. This manual provides detailed instructions for the safe and effective use of your projector.

Package Contents

- 1 x Bee Robot Galaxy Light Projector
- 2 x Wings
- 1 x USB to Type-C Charging Cable
- 1 x User Manual (this document)
- 1 x Remote Control (Requires 2 x AAA batteries, not included)

Product Overview

The Mooyran Bee Robot Galaxy Light Projector features a distinctive bee-inspired robot design. Its head is rotatable, allowing for adjustment of the projection angle. The wings are removable and attach to the back of the robot.

Setup Instructions

1. **Attach the Wings:** Gently insert the two wings into the designated slots on the back of the Bee Robot projector. Ensure they are securely in place.
2. **Connect Power:** Connect the USB to Type-C charging cable to the projector's power input port and then to a compatible USB power adapter (not included). Plug the adapter into a power outlet.
3. **Insert Remote Batteries:** Open the battery compartment on the back of the remote control and insert two AAA batteries (not included), observing the correct polarity.

Operating Instructions

Basic Operation

Once powered on, the projector can be controlled using the included remote control or the buttons on the device itself. The remote allows for comprehensive control over light effects, brightness, and timer settings.

Aurora and Starry Sky Modes

The projector offers 8 distinct aurora effects. The aurora and star patterns can be activated simultaneously or independently. Use the remote control to cycle through the different aurora colors and patterns, and to toggle the starry sky projection on or off.

Timer Function

Utilize the auto-off timer function to set the projector to automatically turn off after a specified duration. Available timer settings are 45 minutes and 90 minutes. This feature is ideal for use as a night light, ensuring the device powers down after a period of relaxation or sleep.

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the projector. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use, store the projector in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Handle the projector with care to avoid damage to the projection lens or internal components.

Troubleshooting

- **No Power:** Ensure the USB cable is securely connected to both the projector and a working power source. Verify the power adapter is functional.
- **No Projection:** Check if the projector is turned on. Ensure the lens is not obstructed.
- **Remote Control Not Working:** Verify that the AAA batteries are correctly inserted and not depleted. Ensure there are no obstructions between the remote and the projector's sensor.
- **Dim or Unclear Projection:** Ensure the room is sufficiently dark for optimal projection. Clean the projection lens gently with a soft cloth if dust is present.

Specifications

Feature	Detail
Model Name	TYD-XMF-001
Product Dimensions	8.66"D x 5.27"W x 4.68"H
Item Weight	1.21 Pounds
Lamp Type	Night Light
Light Source Type	LED
Material	Acrylonitrile Butadiene Styrene (ABS)
Power Source	Corded Electric
Control Method	Remote
Indoor/Outdoor Usage	Indoor
Special Feature	Color Changing, Timer Function
