HUAWEI WUKUN-BE32

HUAWEI WIFI BE3 BE3600 Dual-Band Wi-Fi 7 Router User Manual

Model: WUKUN-BE32
Brand: HUAWEI

1. Introduction

The HUAWEI WIFI BE3 BE3600 is a high-performance dual-band Wi-Fi 7 router designed to provide fast and stable internet connectivity for home and small office environments. With advanced Wi-Fi 7 technologies, it offers superior speeds and extended coverage, ensuring a seamless online experience for multiple connected devices.

Front view of the HUAWEI WIFI BE3 router, a white rectangular device with four upright antennas, featuring 'HUAWEI' logo on the front and 'WiFi 7' on one antenna.

2. Key Features

- **Incredibly Fast Wi-Fi 7:** Experience speeds up to 3.6 Gbit/s for streaming, gaming, browsing, and conferencing without slowdowns.
- **High-Speed Ports:** Equipped with one 2.5 Gbit/s WAN/LAN port and three 1 Gbit/s WAN/LAN ports for maximum speed across all your devices.
- **Wider Coverage:** Powerful signal amplifiers extend Wi-Fi signals through walls and obstacles, ensuring comprehensive coverage throughout your space.
- **Visual Wi-Fi Diagnostics:** Utilize the Huawei AI Life app to generate a real-time network coverage heatmap and diagnose network faults across over 80 scenarios.
- **Simple Configuration:** Set up your HUAWEI WiFi BE3 easily in three straightforward steps, eliminating complex procedures.

A diagram illustrating the extended Wi-Fi coverage provided by the HUAWEI router, showing signal penetration across multiple rooms and floors within a house.

3. Setup Guide

Follow these steps to set up your HUAWEI WIFI BE3 router:

1. **Unpack the Router:** Carefully remove the router, power adapter, and network cable from the packaging.
2. **Connect the Power:** Plug the power adapter into the router's power port and then into a power outlet. Wait for the power indicator light to stabilize.
3. **Connect to Internet Source:** Connect one end of the provided network cable to the 2.5G WAN/LAN port on the router and the other end to your modem or optical network terminal (ONT).
4. **Connect Your Device:** Connect your computer or smartphone to the router's Wi-Fi network (SSID and password are usually found on a label at the bottom of the router) or via an Ethernet cable to one of the 1G LAN ports.
5. **Access Setup Page:** Open a web browser on your connected device and enter the default IP address (e.g., 192.168.3.1 or router.huawei.com) to access the router's web-based setup page.
6. **Follow On-Screen Instructions:** Complete the initial setup by following the prompts, which typically include setting up your Wi-Fi name (SSID) and password, and administrator password.

4. Operation

4.1 Connecting Devices

- **Wi-Fi Connection:** On your device, search for available Wi-Fi networks and select the SSID you configured during setup. Enter the Wi-Fi password to connect.
- **Ethernet Connection:** For wired devices, connect an Ethernet cable from the device to any of the available 1G LAN ports on the router.

4.2 Using the Huawei AI Life App

Download the Huawei AI Life app from your device's app store. The app allows you to manage your router, monitor

network status, perform Wi-Fi diagnostics, and configure parental controls. For detailed instructions on app features, refer to the in-app help or the official Huawei support website.

4.3 Parental Control

The router includes parental control features to manage internet access for specific devices. These settings can be configured via the web-based management page or the Huawei AI Life app. Features typically include time limits, website filtering, and content restrictions.

5. Maintenance

- **Firmware Updates:** Regularly check for and install firmware updates to ensure optimal performance, security, and access to new features. Updates can usually be performed via the router's web interface or the AI Life app.
- **Cleaning:** Keep the router clean and free from dust. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or aerosols.
- **Placement:** Place the router in a central location, away from obstructions, large metal objects, and other electronic devices that may cause interference. Ensure adequate ventilation to prevent overheating.
- **Restarting:** If you experience network issues, try restarting the router by unplugging the power adapter for 10 seconds and then plugging it back in.

6. Troubleshooting

6.1 No Internet Access

- Check all cable connections, ensuring they are secure.
- Restart your modem/ONT and then the router.
- Verify your internet service provider (ISP) connection status.
- Check the router's indicator lights for internet connectivity status.

6.2 Weak Wi-Fi Signal or Slow Speeds

- Relocate the router to a more central position, away from obstacles and interference sources.
- Adjust the router's antennas for optimal signal direction.
- Reduce the number of connected devices or prioritize bandwidth for critical applications.
- Consider using Wi-Fi extenders or a mesh system for larger homes.

6.3 Cannot Access Router's Web Interface

- Ensure your device is connected to the router's network (Wi-Fi or Ethernet).
- Verify the correct IP address or domain name (e.g., 192.168.3.1 or router.huawei.com).
- Try a different web browser.
- Clear your browser's cache and cookies.
- If you forgot the administrator password, you may need to perform a factory reset (refer to the Quick Start Guide for instructions, as this will erase all settings).

7. Specifications

Feature	Detail

Brand	HUAWEI
Model Name	WUKUN-BE32
Color	White
Connectivity Technology	Wi-Fi
Wireless Communication Standard	802.11ax, 802.11ac, 802.11.be (Wi-Fi 7)
Frequency Band Class	Dual-Band (2.4 GHz & 5 GHz)
Ethernet Ports	1 x 2.5 Gbps WAN/LAN, 3 x 1 Gbps WAN/LAN
Special Features	Internet Security (HomeSec), Parental Control, Visual Wi-Fi Diagnostics
Compatible Devices	Laptop, Tablet, Smartphone
Included Components	1 Power Adapter, 1 Network Cable, Quick Start Guide and Safety Information
Manufacturer	HUAWEI
Country of Origin	China

8. Support

For further assistance, technical support, or to access the latest drivers and firmware, please visit the official HUAWEI support website or contact their customer service. Refer to the Quick Start Guide included in your product packaging for specific contact details or regional support information.
