Aroepurt IMDL-LS

Aroepurt Protective Case for SKY Devices Elite D65

Model: IMDL-LS

INTRODUCTION

Thank you for choosing the Aroepurt Protective Case for your SKY Devices Elite D65. This manual provides detailed instructions for the proper installation, use, and maintenance of your new phone case. Designed with durability and functionality in mind, this case offers robust protection and enhanced usability for your device.

PRODUCT FEATURES

- **Comprehensive Protection:** Features a combination of a hard PC back panel and a soft silicone frame, designed to absorb shocks and protect against drops.
- **Shock Airbags:** Equipped with reinforced corners containing shock airbags to provide superior impact resistance.
- **Elevated Edges:** The case design includes raised edges around the camera and screen to prevent direct contact with flat surfaces, offering enhanced protection.
- **Integrated Ring Stand:** An adhesive metal finger ring support is included, offering 360-degree rotation for comfortable holding and use as a kickstand.
- **Magnetic Car Mount Compatibility:** The metal ring support is compatible with magnetic car mounts (car mount not included).
- **IMD Laser Style Finish:** The back panel features a unique IMD (In-Mold Decoration) laser style with a frosted surface, providing a delicate feel and colorful light reflection effects.
- **Durable 4-Layer Back Panel:** Constructed with a solid PC layer, ultra-high definition pattern layer, special process layer, and a clear, scratch-resistant surface layer for lasting aesthetics and protection.

Figure 1: Overview of the Aroepurt Protective Case, showing the main case, detachable ring stand, and an included screen protector.

SHOCKPROOF

Soft silicone frame + hard PC backplane, thickened four corners, and a silicone buffer layer in the middle, which is higher than the screen and camera design.

Figure 2: Illustration of the shockproof design, highlighting the soft silicone frame, hard PC backplane, thickened four corners, and internal silicone buffer layer with 'Shock Airbags' for enhanced protection.

IMD laser style

Different angles will produce different color reflection effects

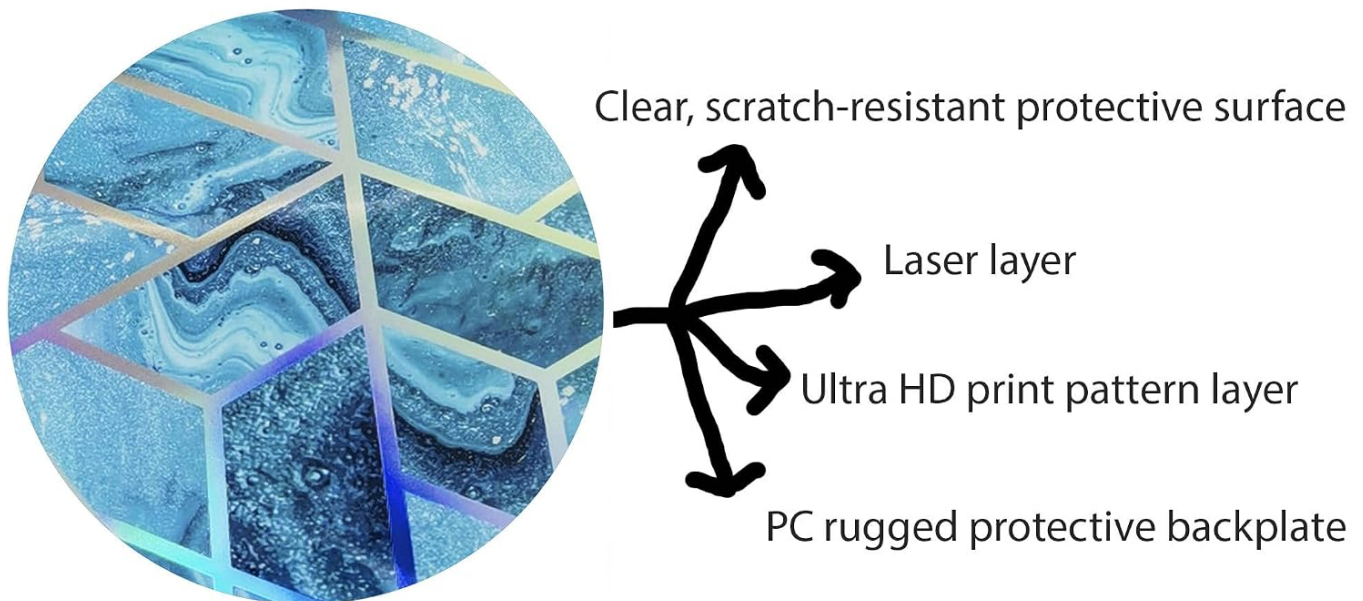

Figure 3: Detailed breakdown of the IMD laser style back panel construction, illustrating its four layers: a clear, scratch-resistant protective surface, a laser layer, an ultra HD print pattern layer, and a PC rugged protective backplate.

SETUP AND INSTALLATION

1. **Clean Your Device:** Before installation, ensure your SKY Devices Elite D65 phone is clean and free of dust or debris.
2. **Install the Case:** Gently align your phone with the case, inserting one side first (e.g., the top or bottom), then carefully press the remaining edges of the phone into the soft silicone frame until it is fully seated. Ensure all buttons and ports align correctly with the case cutouts.
3. **Attach Ring Stand (Optional):** The adhesive metal finger ring support can be attached to the back of the case or used separately. Peel off the protective film from the adhesive backing of the ring stand. Carefully position it on the desired area of the case's back, ensuring it is centered and level for optimal balance. Press firmly for 30 seconds to secure adhesion. Allow a few hours for the adhesive to fully cure before heavy use.
4. **Install Screen Protector (If Included):** If a screen protector is included, follow its specific instructions for installation. Typically, this involves cleaning the screen, aligning the protector, and carefully applying it to avoid bubbles.

OPERATING INSTRUCTIONS

Using the Ring Stand

- **Secure Grip:** Slide your finger through the ring for a more secure and comfortable grip, reducing the risk of accidental

drops, especially during one-handed operation.

- **Kickstand Function:** Rotate the ring to your desired angle (up to 360 degrees) and prop your phone up on a flat surface for hands-free viewing of videos or video calls. The ring can rotate 180 degrees for optimal viewing angles.

One-Hand Operation

Touch more spots on the screen

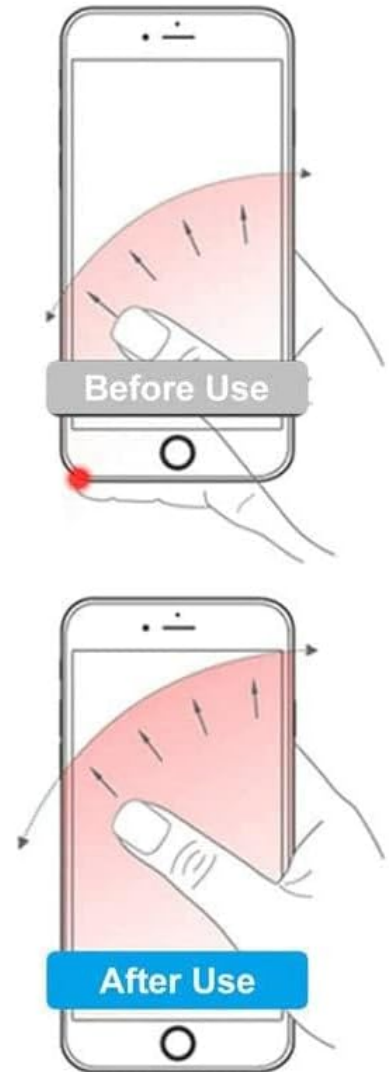

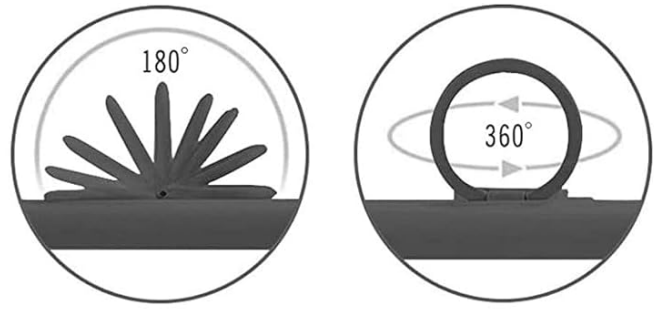

Figure 4: Demonstration of how the integrated ring stand facilitates one-hand operation, allowing users to comfortably reach more areas of the screen.

Magnetic Car Mount Usage

- The metal plate within the ring stand allows your phone to securely attach to compatible magnetic car mounts. Simply place the back of your cased phone onto the magnetic surface of your car mount.
- **Note:** A magnetic car mount is not included with this product.
- **Important:** This case does not support wireless charging due to the metal ring component. For wireless charging, the case must be removed.

SUPPORT MAGNETIC CAR MOUNT

Not include magnetic car mount,
not support wireless charging.

Figure 5: Visual representation of the ring stand's 180-degree and 360-degree rotation capabilities, alongside an illustration of its compatibility with a magnetic car vent mount.

MAINTENANCE

- **Cleaning:** To clean your case, gently wipe it with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these may damage the case's finish.
- **Inspection:** Periodically inspect the case for any signs of wear or damage, especially around the corners and the ring stand. If significant damage is observed, consider replacing the case to ensure continued protection for your device.
- **Ring Stand Care:** Ensure the ring stand mechanism remains free of dirt or debris to maintain smooth rotation.

SPECIFICATIONS

Compatible Phone Model	SKY Devices Elite D65
Case Model Number	IMDL-LS
Material	PC hard back panel + soft silicone frame + metal support finger ring

Product Dimensions	0.39 x 0.39 x 0.39 inches (approximate, for the case itself)
Item Weight	2.46 ounces
Special Features	360 Rotating Ring, Car Magnetic Fixing, Finger ring + support + car bracket magnetic suction, Shock Airbags, Elevated Camera/Screen Protection
What's in the Box	1*Phone Case (Screen protector may be included as per product images, but not explicitly listed in 'whats_in_the_box' from data)

TROUBLESHOOTING

- Case Not Fitting Properly:** Ensure you have the correct case model for your SKY Devices Elite D65. Double-check that the phone is aligned correctly and gently pressed into all corners of the case.
- Ring Stand Loose:** If the adhesive ring stand becomes loose, ensure the surface of the case was clean and dry before application. Re-apply with a stronger adhesive if necessary, or consider using a new ring stand.
- Difficulty with Wireless Charging:** This case is not compatible with wireless charging due to the metal ring. Please remove the case before attempting to wirelessly charge your device.
- Reduced Magnetic Hold:** Ensure your magnetic car mount is clean and free of debris. The strength of the magnetic hold can vary depending on the car mount used.

WARRANTY AND SUPPORT

For any questions, concerns, or warranty inquiries regarding your Aroepurt Protective Case, please contact the seller or manufacturer directly through your purchase platform. Please refer to your purchase documentation for specific warranty terms and contact information.
