## OPERATING INSTRUCTIONS

---

### Height Adjustment

The desk features an electric lifting mechanism allowing seamless transition between sitting and standing positions. Use the control panel located on the front edge of the desk to adjust the height.

- Use the '+' and '-' buttons for incremental height adjustments.
- The digital display shows the current height in inches.
- Utilize the '1', '2', and '3' preset buttons to save and recall your preferred sitting and standing heights. To save a height, adjust the desk to the desired level, then press and hold the 'M' button followed by the desired preset number (1, 2, or 3) until the display confirms the setting.

## MAINTENANCE

To ensure the longevity and appearance of your Marsail Glass Standing Desk, follow these simple care instructions:

- For general cleaning, wipe the glass surface and frame with a dry cloth.
- For more thorough cleaning, use a slightly damp cloth. Avoid abrasive cleaners or harsh chemicals that could

damage the glass or finish.

- Regularly check all screws and connections to ensure they remain tight and secure.

## TROUBLESHOOTING

If you encounter any issues with your Marsail Glass Standing Desk, please refer to the following general advice. For specific problems not listed, or if issues persist, contact Marsail Customer Support.

- **Desk not adjusting height:** Ensure the power cable is securely plugged into both the desk and a working wall outlet. Check for any obstructions under or around the desk that might impede movement.
- **Unusual noises during adjustment:** Minor operational sounds are normal. If loud or persistent grinding/clicking occurs, stop operation and check for any loose components or obstructions.
- **USB ports not charging:** Verify that the desk is powered on and that your device's charging cable is fully inserted into the port. Test with a different device or cable to rule out external issues.
