

AIBBQLIFE A5

AIBBQLIFE A5 Wireless Meat Thermometer User Manual

Model: A5

1. INTRODUCTION

Thank you for choosing the AIBBQLIFE A5 Wireless Meat Thermometer. This device is designed to provide precise temperature monitoring for various cooking methods, including oven, grill, BBQ, and smoker. With Bluetooth 5.2 connectivity and a dedicated app, you can monitor your food's temperature remotely, ensuring perfectly cooked results every time. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting.

3. PRODUCT OVERVIEW

Key Features:

- **Real-Time Monitoring:** Obtain precise temperature readings directly on your smartphone.
- **Extended Bluetooth Range:** Bluetooth 5.2 provides up to 656ft (200m) range for remote monitoring.
- **Preset Cooking Menus:** Includes 10 food menus and 5 taste presets for various dishes.
- **Fast Connection:** Advanced Bluetooth 5.2 technology ensures quick and stable device pairing.
- **Accurate Temperature:** Temperature deviation of only $\pm 1^{\circ}\text{C}$ (or $\pm 1.8^{\circ}\text{F}$).
- **IP68 Waterproof:** Stainless steel probe is fully waterproof for easy cleaning and use in various environments.
- **Long Battery Life:** Base charges in 3 hours for 24 hours of continuous use; probe operates for up to 48 hours on a full charge.
- **Magnetic Design:** Charging base features a strong magnetic back for convenient attachment to metallic surfaces.

4. SETUP GUIDE

4.1. Charging the Device

Before first use, ensure both the probe and the charging base are fully charged.

1. Insert the probe into the charging base.
2. Connect the provided USB Type-C charging cable to the charging base and a suitable USB power adapter (not included).
3. The indicator light on the base will illuminate during charging. The base typically charges in 3 hours, providing 24 hours of continuous use. The probe charges while in the base and can operate for up to 48 hours on a full charge.

SUPERCAPACITOR TECHNOLOGY

No power switch and potential risks

**Last over 48 hours
with each full charge**

4.2. App Installation

The AIBBQLIFE A5 thermometer requires a companion app for full functionality.

1. Search for the "AiBBQ Life" app on the Apple App Store (for iOS devices) or Google Play Store (for Android devices).
2. Download and install the app on your smartphone or tablet.
3. Ensure your device's Bluetooth is enabled.

4.3. Device Pairing

Follow these steps to connect your thermometer to the app:

1. Remove the probe from the charging base. This automatically activates the probe.
2. Open the "AiBBQ Life" app on your smartphone.
3. The app should automatically detect and connect to the thermometer via Bluetooth 5.2. If not, follow the in-app instructions to manually add a device.

4. Once connected, the app will display the current temperature readings.

5. OPERATING INSTRUCTIONS

5.1. Using the Probe

Proper probe insertion is crucial for accurate readings.

- Insert the probe into the thickest part of the meat, avoiding bones or gristle.
- Ensure the probe is inserted deep enough so that the internal temperature sensor (located near the tip) is fully within the meat.
- The black handle of the probe should remain outside the food and cooking vessel to prevent damage.

Figure 5.1: Correct probe insertion into meat.

5.2. App Functions

The "AiBBQ Life" app offers comprehensive control and monitoring features:

- **Preset Menus:** Select from 10 different food types (e.g., beef, chicken, pork) and 5 taste preferences (e.g., rare, medium, well-done). The app will automatically set the target temperature.
- **Custom Temperature:** For specific recipes, you can manually set your desired target temperature.
- **Real-Time Monitoring:** View the current internal temperature of your food and the ambient temperature (if applicable) on your smartphone.
- **Alerts:** The app will notify you when your food reaches the target temperature, preventing overcooking or undercooking.
- **Timer:** Utilize the built-in timer function for precise cooking duration management.
- **Temperature Units:** Switch between Celsius (°C) and Fahrenheit (°F) within the app settings.

NO WIRES NO FUSS

Monitor your cook anywhere. The APP will alert you.

6. MAINTENANCE AND CARE

To ensure the longevity and accuracy of your AIBBQLIFE A5 thermometer, follow these care instructions:

- **Cleaning the Probe:** The stainless steel probe is IP68 waterproof. After each use, clean the probe thoroughly with warm, soapy water. It can also be placed in a dishwasher. Ensure all food residues are removed.
- **Cleaning the Base:** Wipe the charging base with a damp cloth. Do not submerge the charging base in water.
- **Storage:** Store the probe in its charging base when not in use. Keep the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** Recharge the device regularly, even if not used frequently, to maintain battery health.

WIRELESS SMART MEAT THERMOMETER

Connect Range: Up to 656FT

Internal Temperature Range:
0°C-100°C / 32°F-212°F

Handle Withstand Temperature:
Max.608°F/320°C

Accuracy:±1.8°F/1°C

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not connecting to app	Bluetooth is off; Probe not activated; App not open; Out of range; Low battery.	Ensure Bluetooth is on. Remove probe from base to activate. Open the app. Move closer to the device. Charge the device.
Inaccurate temperature readings	Improper probe insertion; Probe damaged.	Re-insert the probe into the thickest part of the meat, avoiding bones. If issues persist, contact customer support.
Probe not charging	Cable issue; Base issue; Probe not seated correctly.	Check USB-C cable and power adapter. Ensure probe is fully seated in the base. Try a different charging cable/adaptor.
App crashes or freezes	Software glitch; Outdated app version.	Close and restart the app. Check for app updates in your device's app store. Restart your smartphone.

8. SPECIFICATIONS

- **Model Number:** A5
- **Brand:** AIBBQLIFE
- **Connectivity:** Bluetooth 5.2
- **Bluetooth Range:** Up to 656 ft (200m)

- **Internal Temperature Range:** 0°C-100°C / 32°F-212°F
- **Handle Withstand Temperature:** Max. 320°C / 608°F
- **Accuracy:** ±1°C / ±1.8°F
- **Waterproof Rating:** IP68 (Probe)
- **Charging Port:** USB Type-C
- **Base Charging Time:** Approximately 3 hours
- **Base Battery Life:** Up to 24 hours (continuous use)
- **Probe Battery Life:** Up to 48 hours (continuous use)
- **Outer Material:** Plastic (Base), Stainless Steel (Probe)
- **Included Components:** Meat Thermometer with Charging Cable
- **Certifications:** FCC
