3A SX816

3A SX816 Leather Portfolio with Card Holder and Magnetic Closure User Manual

Model: SX816

Brand: 3A

INTRODUCTION

Welcome to the user manual for your new 3A SX816 Leather Portfolio. This document provides essential information on the features, setup, operation, maintenance, and specifications of your portfolio to ensure optimal use and longevity. Please read these instructions carefully before using your product.

PRODUCT OVERVIEW

Key Features

- High-quality genuine or faux leather construction for durability and a luxurious feel.
- Integrated card pockets for business cards or credit cards.
- Dedicated writing board or compartments for notes.
- Secure magnetic closure to keep contents safe.

Components

The 3A SX816 Portfolio is designed for organization and convenience. It features a main compartment for documents, multiple card slots, and a dedicated area for a notepad or writing pad.

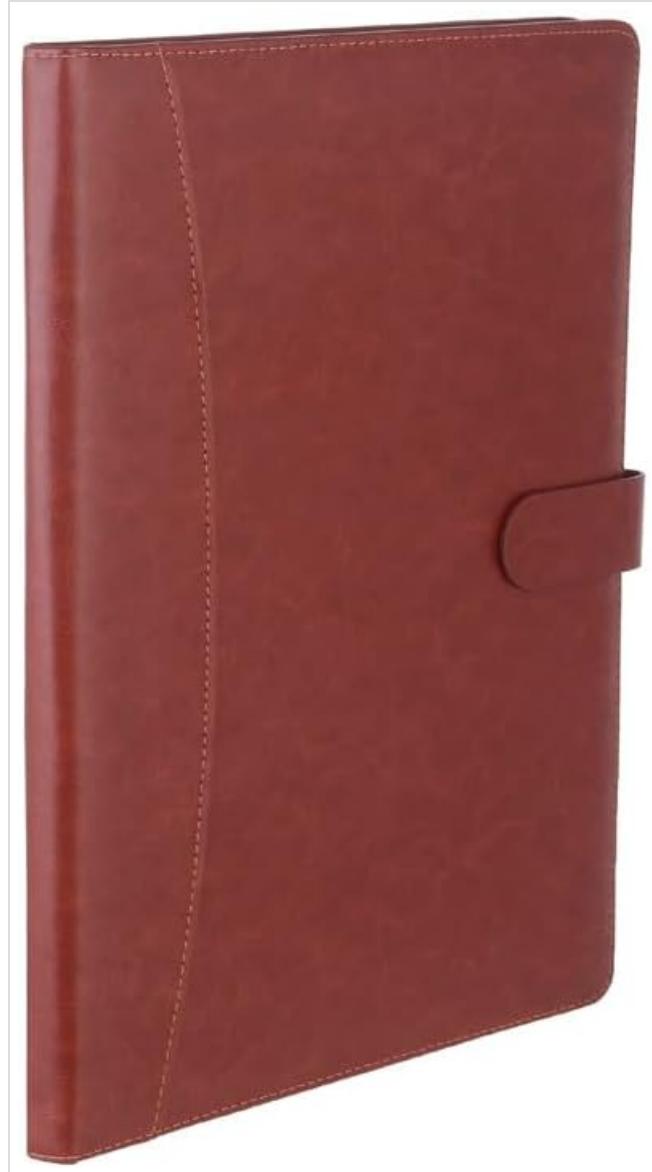

Figure 1: Front view of the 3A SX816 Leather Portfolio in its closed state, showcasing the magnetic closure flap.

Figure 2: Angled view of the closed 3A SX816 Leather Portfolio, highlighting its slim profile and textured leather finish.

Figure 3: Interior view of the open 3A SX816 Leather Portfolio, displaying card slots, a document pocket, and a notepad clip.

SETUP

Follow these steps to prepare your portfolio for use:

1. Unpack the 3A SX816 Portfolio from its packaging.
2. Gently open the magnetic closure flap.
3. Insert your notepad or documents into the main compartment or under the designated clip.
4. Place business cards, credit cards, or identification into the individual card pockets.
5. Ensure all items are securely placed and do not obstruct the closure mechanism before closing the portfolio.

OPERATING INSTRUCTIONS

Opening and Closing

To open the portfolio, gently lift the magnetic flap. To close, align the flap with the magnetic clasp until it securely attaches.

Using Card Holders

Slide cards into the individual slots provided. To prevent stretching or damage to the material, avoid overfilling the card pockets.

Using the Writing Board/Notepad Area

Place your notepad or loose papers under the metal clip or into the designated sleeve. Ensure the writing surface is flat for comfortable use.

MAINTENANCE

- Cleaning:** Wipe the exterior with a soft, slightly damp cloth. For leather materials, use a specialized leather cleaner and conditioner periodically to maintain its appearance and suppleness. Avoid using harsh chemicals or abrasive cleaners.
- Storage:** Store the portfolio in a cool, dry place away from direct sunlight and extreme temperatures. Prolonged exposure to heat or moisture can cause material degradation.
- Avoid Overloading:** Do not overfill the portfolio with excessive documents or items, as this can strain the stitching, deform the material, and weaken the magnetic closure.
- Protect from Moisture:** Keep the portfolio away from water and high humidity to preserve the material's integrity and prevent damage.

TROUBLESHOOTING

Magnetic closure not securing properly.

Check if the portfolio is overfilled. Remove any excess items that might be preventing the flap from aligning correctly. Ensure the flap is positioned directly over the magnetic clasp.

Leather appears dry or cracked.

Apply a small amount of quality leather conditioner specifically designed for your type of leather. Follow the conditioner's instructions. If damage persists, consult a leather care specialist.

Stitching appears loose.

Avoid pulling on loose threads. If the loose stitching is critical to the portfolio's function or integrity, contact customer support for potential repair options.
