HUMMINGBIRD MK6

HUMMINGBIRD MK6 Body Hair Trimmer Instruction Manual

Model: MK6

INTRODUCTION

The HUMMINGBIRD MK6 Body Hair Trimmer is engineered for precise and comfortable body grooming. It features a wide ceramic blade designed to minimize nicks and cuts, a waterproof construction for versatile use, an LED display for battery status, and convenient USB-C recharging.

PACKAGE CONTENTS

- HUMMINGBIRD MK6 Body Hair Trimmer
- 4FT Braided USB-C Charging Cable
- Wireless Charging Dock
- 2 Adjustable Guide Comb Attachments (2-7mm)
- Premium Microfiber Drawstring Travel Pouch
- Cleaning Brush

SETUP AND CHARGING

Charging the Trimmer

Before initial use, fully charge the trimmer. The trimmer can be charged using the included wireless charging dock or by directly connecting the USB-C cable.

1. Connect the 4FT braided USB-C charging cable to the wireless charging dock.
2. Place the trimmer onto the charging dock. The LED display will show the battery level and a charging indicator.
3. Alternatively, you can plug the USB-C cable directly into the bottom of the trimmer for charging.

A full charge takes approximately 90 minutes. A 5-minute quick charge provides enough power for a quick touch-up.

OPERATING INSTRUCTIONS

Power On/Off and LED Display

Press the power button once to turn the trimmer on or off. The LED display will show the current battery percentage.

LED Spotlight

The trimmer features an integrated LED spotlight to illuminate the trimming area for precision. This light activates automatically when the trimmer is turned on.

Travel Lock

To engage the travel lock, press and hold the power button for 3 seconds until a lock icon appears on the LED display. This prevents accidental activation during travel. To disengage, press and hold the power button for another 3 seconds.

Attaching and Adjusting Guide Combs

The trimmer includes two adjustable guide comb attachments (2-7mm) for customizing hair length.

1. To attach a comb, align it with the trimmer head and push until it clicks into place.
2. To adjust the length, slide the comb up or down to select the desired millimeter setting (2-4mm or 5-7mm).
3. For a close trim (0mm), remove the guide comb.

CUSTOMIZE YOUR TRIM

Adjustable guide combs from 2mm - 7mm

0 mm

Just above the skin trim
without the razor burn

2mm - 4mm

Maintain a clean,
tight buzz

5mm - 7mm

A short sharp cut or
give it some texture

Wet and Dry Use

The HUMMINGBIRD MK6 is fully waterproof (IPX7 rated) and can be used wet or dry. This allows for convenient trimming at the sink, in the shower, or in the bath.

100% WATERPROOF

IPX7 rated to protect against immersion in up to
one meter of water for up to **30 minutes**

Figure 3: The trimmer is 100% waterproof for versatile use.

Body Grooming Areas

The wide ceramic blade design is suitable for efficient passes over various body parts, including the chest, back, arms, legs, and more intimate areas.

TOTAL BODY TRIM

Wide Blade for more efficient passes
on bigger body parts

MAINTENANCE

Cleaning and Care

Regular cleaning ensures optimal performance and hygiene.

1. After each use, turn off the trimmer and remove any attached guide comb.
2. Use the included cleaning brush to remove loose hairs from the blade and trimmer body.
3. Rinse the blade and trimmer head under running water. The waterproof design allows for easy rinsing.
4. Allow the trimmer to air dry completely before storing or recharging.

SAFETY INFORMATION

Important Safety Precautions

- Do not use the trimmer near water or while charging if not explicitly designed for wet charging.
- Exercise caution when handling the blades to prevent cuts.
- Apply gentle pressure during use to avoid skin irritation.

PRODUCT SPECIFICATIONS

Feature	Detail
Model Name	MK6
Model Number	HBTR-003-BLK
Product Dimensions	1.5 x 1.63 x 6 inches

TROUBLESHOOTING

Trimmer Not Turning On

- Ensure the trimmer is fully charged. Check the LED display for battery level.
- Verify the travel lock is disengaged (press and hold power button for 3 seconds).

Poor Trimming Performance

- Clean the blade and remove any accumulated hair.
- Ensure the blade is properly seated.
- Charge the trimmer fully, as low battery can affect motor speed.
