uijino JM-700AL

uijino Charger for Solati JM-700AL Hair Trimmer

Model: JM-700AL | Brand: uijino

1. INTRODUCTION

This instruction manual provides essential information for the safe and effective use of your uijino charger, designed for Solati JM-700AL professional hair trimmers. Please read this manual thoroughly before use and retain it for future reference.

2. SAFETY INFORMATION

For your safety and to prevent damage to the product, please observe the following:

- Use this charger only with compatible devices, specifically the Solati professional hair trimmer model JM-700AL.
- Do not expose the charger to water or excessive moisture.
- Avoid using the charger if the cable or plug is damaged.
- Keep out of reach of children.
- Ensure proper ventilation during charging.

This product is certified by FCC, CE, ETL, RoHS, and CCC, ensuring compliance with safety and quality standards.

Image: The uijino charger cable is shown with safety certifications (CE, FCC, ETL, RoHS, CCC) indicating compliance

with international standards.

3. PACKAGE CONTENTS

Verify that your package contains the following items:

- 1 x uijino Charger Cable (3.3ft / 1m)
- 2 x Cleaning Brushes

4. SETUP AND CONNECTION

The uijino charger cable is designed for easy connection to various power sources. It features a USB Type-A input and a 2-prong output plug.

1. Connect the USB Type-A end of the charger cable to a compatible power source such as a computer, laptop, power bank, or a USB wall adapter.
2. Ensure the power source is active.

Image: The charger can be connected to a wall adapter, power bank, or laptop for versatile charging options.

5. OPERATING INSTRUCTIONS: CHARGING YOUR TRIMMER

Follow these steps to charge your Solati JM-700AL hair trimmer:

1. Ensure the uijino charger cable is securely connected to a power source (as described in Section 4).

2. Insert the 2-prong output plug of the charger cable into the charging port of your Solati JM-700AL hair trimmer.
3. The trimmer's charging indicator light should illuminate, signaling that charging has begun.
4. Allow the trimmer to charge fully before use. Charging time may vary depending on the trimmer's battery level.

Your browser does not support the video tag.

Video: This video demonstrates the process of connecting the ujjino charger cable to a power adapter and then to a shaver, showing the charging indicator light.

6. MAINTENANCE

The included cleaning brushes are for maintaining your hair trimmer, not the charger cable itself. Keep the charger cable clean and free from dust. Store it in a dry place when not in use.

7. TROUBLESHOOTING

If your trimmer is not charging:

- **Check Connections:** Ensure both ends of the charger cable are securely plugged into the power source and the trimmer.
- **Verify Power Source:** Confirm that the power outlet, USB port, or power bank is functional. Try a different power source if necessary.
- **Inspect Cable:** Check the charger cable for any visible damage, such as cuts or bends. Do not use a damaged cable.
- **Trimmer Compatibility:** Confirm that your trimmer is indeed a Solati JM-700AL model, as this charger is specifically designed for it.
