kwmobile Mi Band 9 Tempered Glass Cover

kwmobile Xiaomi Mi Band 9 Tempered Glass Cover Instruction Manual

Model: Mi Band 9 Tempered Glass Cover

Brand: kwmobile

1. INTRODUCTION

This manual provides essential information for the proper installation, use, and maintenance of your kwmobile Tempered Glass Cover for the Xiaomi Mi Band 9. This product is designed to offer comprehensive protection for your device's screen and body.

Package Contents: You will receive two (2) kwmobile Tempered Glass Covers with Plastic Frame.

This image displays the kwmobile tempered glass cover designed for the Xiaomi Mi Band 9. The cover is shown both attached to and detached from the fitness tracker, highlighting its transparent design and protective frame.

2. INSTALLATION INSTRUCTIONS

Follow these steps carefully to install the protective cover on your Xiaomi Mi Band 9. Incorrect installation may lead to damage or improper fit.

- 1. Clean Your Device:** Before installation, ensure your Xiaomi Mi Band 9 is clean and free of dust, smudges, or moisture. Use a soft, lint-free cloth to wipe the device thoroughly.
- 2. Align the Cover:** Carefully align the tempered glass cover with your Mi Band 9. Ensure the cutouts for buttons and sensors match the device's features.
- 3. Slide On the Cover:** Gently slide the cover onto your Mi Band 9. Do not attempt to snap it on forcefully, as this may cause damage to the cover or the device. The cover is designed to slide smoothly into place.
- 4. Check Fit:** Once installed, ensure the cover is securely seated and there are no gaps. Lightly press

around the edges to confirm a snug fit.

ULTRA-THIN DESIGN

This image demonstrates the touch sensitivity of the kwmobile tempered glass cover when applied to the Xiaomi Mi Band 9. A finger is shown interacting with the screen through the cover, indicating that the device remains fully functional.

3. USAGE NOTES

- **Touch Sensitivity:** Moisture between the screen and the cover may reduce touch sensitivity. If this occurs, remove the cover and use a dry cloth to clean both surfaces before re-installing.
- **Charging:** For optimal charging and to prevent potential issues, it is recommended to remove the cover from your Xiaomi Mi Band 9 before placing it on a charger.
- **Additional Screen Protectors:** Using this cover in combination with a film screen protector may interfere with screen operation and touch response. This cover provides integrated screen protection.

Please note that use in combination with a film screen protector may interfere with screen operation.

Please remove the case when charging.

This image illustrates important usage considerations for the kwmobile cover. It shows the cover on a Mi Band 9 and includes text advising users to remove the case during charging and noting that using it with an additional film screen protector may affect screen operation.

4. CARE AND MAINTENANCE

- Cleaning:** To clean the cover, gently wipe it with a soft, dry, lint-free cloth. For stubborn smudges, a slightly damp cloth can be used, followed by immediate drying.
- Avoid Chemicals:** Do not use harsh chemicals, abrasive cleaners, or solvents, as these can damage the material and finish of the cover.
- Storage:** When not in use, store the cover in a clean, dry place away from direct sunlight and extreme temperatures.

5. TROUBLESHOOTING

- Reduced Touch Sensitivity:** If you experience reduced touch sensitivity, remove the cover and check for any moisture or debris between the cover and the Mi Band 9 screen. Clean both surfaces thoroughly with a dry cloth and re-install.
- Difficulty Installing:** Ensure you are sliding the cover onto the device rather than attempting to snap it on. Verify correct alignment with the device's shape and ports.

6. PRODUCT SPECIFICATIONS

SP121 User Manual

INTRODUCTION
Our phones take more of a beating everyday than you realize. Between the screen being the most vulnerable part of your phone, handled at any point, and dropped or misplaced, they take a lot of punishment. This screen protector is designed to increase the durability of your phone at the same time. The only one that can see your screen is the one you are looking at, so your privacy is now protected.

PACKAGE CONTENTS
• 1x Privacy Screen
• 1x Cleaning Cloth
• 1x Dust Removing Cloth
• 1x Installation Kit

HOW TO USE
1. Open the package and make sure you have everything.
2. Start by wiping the screen to clean it of dust with the wet wipe.
3. Open the privacy screen and lay it over the screen.
4. Place your phone in the mounting tray and align it properly.
5. Press the privacy screen into the mounting tray.
6. Use the bubble eraser to make sure all bubbles are gone.
