WLIVE B0DDC6TCFR

WLIVE TV Stand User Manual

MODEL: B0DDC6TCFR

1. INTRODUCTION

This user manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your WLIVE TV Stand. Designed to accommodate TVs up to 65 inches, this 59-inch entertainment center features integrated LED lighting and versatile storage solutions, perfect for living rooms and bedrooms.

Figure 1.1: WLIVE TV Stand with LED and Storage

The WLIVE TV Stand is crafted from high-grade engineered wood, ensuring durability and stability. Its farmhouse style seamlessly blends with various interior decors, making it a functional and aesthetic addition to your home.

2. SAFETY INFORMATION

Your safety is paramount. Please adhere to the following safety guidelines during assembly and use:

- Always secure the TV stand to the wall using the provided anti-tipping device. This prevents accidents caused by the TV stand tipping over, especially in households with children or pets.
- Exercise caution while handling tools and components during assembly to avoid injury.
- Do not overload the TV stand beyond its stated weight capacity (Tabletop: 150 lbs, Shelves: 50 lbs).
- Keep all small parts and packaging materials away from children to prevent choking hazards.
- Ensure the TV stand is placed on a flat, stable surface.

3. SETUP AND ASSEMBLY

Your WLIVE TV Stand is designed for straightforward assembly. Please follow the steps below carefully. The package includes a detailed instruction manual, necessary tools, and each component is clearly labeled. Assembly can typically be completed within 1.5 hours.

3.1. Unboxing and Component Identification

Carefully unbox all components and verify them against the parts list in your included manual. Ensure all pieces are present and undamaged before beginning assembly.

Video 3.1: WLIVE Tall Farmhouse TV Stand Assembly Guide

This video demonstrates the step-by-step assembly process for the WLIVE TV Stand, including attaching panels and securing hardware. Pay close attention to the orientation of each piece and the proper use of fasteners.

Figure 3.2: TV Stand during assembly

1. Begin by attaching the main support panels to the base using the provided screws and cam locks.
2. Assemble the top section, ensuring it aligns correctly with the main frame.
3. Install the adjustable shelves into the desired positions within the cabinets. The shelves offer three different height options for flexible storage.
4. Attach the metal mesh cabinet doors using the hinges, ensuring they open and close smoothly.
5. Connect the LED light strip to the designated area and plug it into a power source.
6. Secure the anti-tipping device to the back of the TV stand and to a wall stud using appropriate wall anchors (not always included, check your local hardware store for suitable anchors for your wall type).

Video 4.1: WLIVE Farmhouse TV Stand LED Features

This video showcases the dynamic LED lighting features of the TV stand, demonstrating color changes and atmospheric effects controlled via the app.

- Download the specified control application (check your physical manual for app name/QR code) from your device's app store.
- Follow the app's instructions to pair it with your TV stand's LED system via Bluetooth.
- Use the app to select from various colors, adjust brightness, and choose different lighting modes.

5. MAINTENANCE

To ensure the longevity and appearance of your WLIVE TV Stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish. The high-quality textured surface is scratch-resistant and easy to clean.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.
- **LED Lights:** If the LED lights dim or malfunction, check the power connection and ensure the control app is updated.

6. TROUBLESHOOTING

If you encounter any issues with your WLIVE TV Stand, please refer to the following troubleshooting table:

Problem	Possible Cause	Solution
TV Stand feels wobbly or unstable.	Loose connections or not secured to wall.	Ensure all screws are tightened. Verify the anti-tipping device is properly installed and secured to a wall stud.
LED lights are not working or not sticking.	Power connection issue, app not connected, or adhesive failure.	Check if the LED strip is properly plugged in. Re-pair with the mobile app. If adhesive fails, consider using stronger adhesive strips or clips to secure the lights.

Problem	Possible Cause	Solution
Difficulty during assembly.	Incorrect part orientation or missing steps.	Refer to the detailed instruction manual provided in the package. Ensure each component is correctly identified and oriented as per the diagrams. Do not force parts together.

7. SPECIFICATIONS

Detailed specifications for your WLIVE TV Stand:
