

Xilingol CLXLF012GR

Xilingol 5-in-1 Baby Bassinet Bedside Sleeper Instruction Manual

Model: CLXLF012GR

INTRODUCTION

This manual provides detailed instructions for the safe assembly, operation, and maintenance of your Xilingol 5-in-1 Baby Bassinet Bedside Sleeper. Please read all instructions carefully before use and retain this manual for future reference. This product is designed to function as a bedside sleeper, portable pack and play, changing table, baby crib, and rocking bassinet for infants and toddlers.

SAFETY INFORMATION

- Always ensure all locking mechanisms are engaged before placing a child in the bassinet or playard.
- Do not use this product if any parts are missing or broken. Contact customer support for replacement parts.
- The maximum weight recommendation for the bassinet/sleeper is 33 pounds.
- Never leave a child unattended in the product.
- Keep small parts away from children to prevent choking hazards.
- Ensure the product is placed on a flat, stable surface.
- Do not modify the product or use accessories not approved by the manufacturer.
- Regularly inspect the product for wear and tear.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Main Bassinet/Playard Frame
- Mattress/Base Board

Video 1: 5-in-1 Baby Bedside Bassinet Assembly Demonstration. This video provides a step-by-step visual guide for assembling the Xilingol 5-in-1 Baby Bassinet.

Unfolding the Main Frame

1. Place the folded frame on the floor with the wheels facing down.
2. Pull the two short sides of the frame upwards until they lock into place.
3. Push down on the center of the base until the floor locks securely.
4. Insert the mattress/base board into the bottom of the playard.

Bedside Sleeper Configuration

1. Unzip the side panel of the bassinet.
2. Adjust the height of the bassinet to match your bed's height using the adjustable legs. There are 3 adjustable height settings.
3. Secure the bassinet to your bed using the provided safety straps. Ensure there is no gap between the bassinet and your bed.

Mobile and Music Box Attachment

1. Attach the mobile arm to the designated slot on the bassinet rail.
2. Hang the toys and ensure the music box is securely fastened.

Folding and Portability

To fold the bassinet for storage or travel:

1. Remove the mattress and any attachments (changing table, mobile).
2. Pull up on the strap located in the center of the playard base.
3. Simultaneously press the release buttons on the middle of each side rail and push the rails downwards to collapse the frame.
4. Gather the folded frame and secure it with the attached straps.
5. Place the folded unit into the carry bag.

OPERATING INSTRUCTIONS

Adjusting Height

To adjust the height of the bassinet, locate the adjustment buttons on each leg. Press the buttons and slide the legs up or down to the desired height. Ensure both sides are adjusted evenly and lock into place before use.

Rocking Bassinet Function

To activate the rocking function, adjust the base swing tubes. This allows for a gentle, soothing motion. Ensure the rocking mechanism is engaged or disengaged as needed for stability.

Figure 12: Rocking Bassinet Feature.

Using the Mobile and Music Box

The mobile can be manually rotated. The music box typically operates with batteries (not included) and features various melodies to soothe your baby. Refer to the music box's specific instructions for battery installation and operation.

MAINTENANCE AND CARE

- **Cleaning:** The fabric components can be hand washed with mild soap and water. Do not use harsh detergents or bleach. Allow to air dry completely.
- **Frame:** Wipe the metal and plastic frame components with a damp cloth.
- **Storage:** When not in use, fold the bassinet and store it in the provided carry bag in a dry, cool place.
- **Inspection:** Regularly check all screws, fasteners, and fabric for any signs of damage or wear. Replace worn parts immediately.

Product Care Instructions: Hand Wash Only.

TROUBLESHOOTING

Problem:

Frame does not lock into place.

Solution: Ensure all side rails are fully pulled up until they click. Then, push down firmly on the center of the base until it locks. Sometimes, the side rails need to be lifted slightly before pushing down the center.

Problem:

Bassinet feels unstable.

Solution: Verify that all locking mechanisms are engaged. If used as a bedside sleeper, ensure the safety straps are securely fastened to your bed and there is no gap.

Problem:

Mobile or music box not working.

Solution: Check if batteries are correctly installed (if applicable) and replace them if necessary. Ensure the mobile arm is securely attached.

Problem:

Difficulty folding the bassinet.

Solution: Ensure the mattress is removed. Pull up on the strap in the center of the base. Then, release the locking mechanisms on the side rails (usually by pressing buttons or squeezing levers) and fold the sides inwards.
