APPECK C6612-D

APPECK Smart Landscape Lights User Manual

Model: C6612-D

Your guide to setting up, operating, and maintaining your APPECK outdoor lights.

PRODUCT OVERVIEW

The APPECK Smart Landscape Lights are designed to enhance your outdoor space with vibrant, customizable lighting. Featuring RGBW color-changing capabilities, these low-voltage spotlights offer versatile control options via a dedicated app, remote, or voice commands. Built for durability, they are IP65 waterproof and resistant to extreme temperatures, ensuring reliable performance in various outdoor conditions.

WHAT'S IN THE BOX

- 6 Pack of lights
- Remote Control
- Control Box
- Mounting Hardware (ground stakes and screws)
- Transformer or Power Supply

SETUP AND INSTALLATION

The APPECK Smart Landscape Lights are designed for easy installation with two primary mounting options: ground staking or wall mounting. Ensure you have a suitable low-voltage power source nearby.

Mounting Options:

- **Ground Staking:** Simply attach the provided ground stakes to the spotlights and firmly insert them into the ground in your desired location.
- **Wall Mounting:** Use the included screws and mounting hardware to secure the spotlights to walls or other solid surfaces. The lights can be rotated to any angle for optimal illumination.

IP65 Waterproof

Brightness

Image: Illustration showing two installation methods: staking into the ground and mounting on a wall, with lights adjustable to various angles.

Wiring and Power:

Connect the lights in series using the provided cables. The sufficient cable length between each light allows for flexible placement. Plug the transformer into a suitable outdoor power outlet.

Sufficient Cable Length

Image: A diagram illustrating the cable lengths between the lights and the power supply, indicating flexibility in arrangement.

App Connection:

Download the "Smart Life" app. Ensure your Wi-Fi network is 2.4 GHz, as 5 GHz Wi-Fi is not supported. Follow the in-app instructions to pair your lights. This typically involves pressing and holding the on/off button on the control box until the lights blink red, then adding the device in the app.

Your browser does not support the video tag.

OPERATING INSTRUCTIONS

The APPECK Smart Landscape Lights offer multiple ways to control your lighting experience.

Control Methods:

- **Smart Life App:** Provides comprehensive control over individual lights, color selection (16 million RGB colors), brightness (1%-100% adjustable), and access to 111+ customized scene modes. You can also program, save, favorite, and cycle through scenes.
- **Remote Control:** Use the included remote for basic functions like turning lights on/off, changing colors, and adjusting brightness.
- **Control Box:** A physical control box on the wiring allows for basic on/off and mode changes.
- **Voice Control:** Integrate with Amazon Alexa or Google Assistant for convenient hands-free commands. (e.g., "Alexa, turn on the spotlights.")

MAINTENANCE

The APPECK Smart Landscape Lights are built for durability and require minimal maintenance.

- **Weather Resistance:** These lights feature an IP65 waterproof rating, ensuring they function effectively in heavy rain, snow, and extreme temperatures ranging from -4°F to 140°F.
- **Cleaning:** Periodically wipe down the light fixtures with a soft, damp cloth to remove dirt and debris. Avoid using harsh chemicals or abrasive materials.
- **Inspection:** Regularly check the wiring and connections for any signs of wear or damage. Ensure all connections remain secure to maintain optimal performance.

TROUBLESHOOTING

If you encounter any issues with your APPECK Smart Landscape Lights, refer to the following common solutions:

Problem	Possible Cause / Solution
Lights not turning on.	<p>Check power supply connection.</p> <p>Ensure the control box is receiving power.</p> <p>Verify lights are properly connected in series.</p>
App connection issues.	<p>Confirm your Wi-Fi network is 2.4 GHz (5 GHz is not supported).</p> <p>Ensure Bluetooth is enabled on your device during pairing.</p> <p>Try resetting the lights by unplugging and replugging the power.</p> <p>Re-attempt pairing process in the "Smart Life" app.</p>
Lights not responding to remote/app.	<p>Check remote battery (if applicable).</p> <p>Ensure line of sight for remote control.</p> <p>Verify app is connected to the correct device.</p>
Timing function not working correctly.	<p>Ensure the timing settings are saved within the app.</p> <p>Check for correct time zone settings in the app.</p>

SPECIFICATIONS

Feature	Detail
Brand	APPECK
