### 3. SETUP

#### 3.1. SIM Card and TF Card Installation

1. Locate the SIM card tray on the side of the phone.
2. Insert the provided Card Needle into the small hole next to the tray to eject it.
3. Place your Nano-SIM card(s) and/or TF card (for expandable storage up to 1TB, not included) into the tray according to the diagram.
4. Carefully reinsert the tray into the phone, ensuring it is flush with the device body.

#### 3.2. Initial Power On and Charging

1. Press and hold the Power button until the OUKITEL logo appears.
2. If the battery is low, connect the phone to the charger using the provided data cable. Ensure the dust-proof seal on the charging port is fully closed after charging to maintain water and dust resistance.
3. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, and Google account login.

### 4. OPERATING INSTRUCTIONS

#### 4.1. Display

The OUKITEL WP32 PRO features a 6.0-inch HD display with a resolution of 576x1152 pixels and a 60Hz refresh rate. It offers 450 nits brightness and is protected by Corning Gorilla Glass for enhanced durability.

#### 4.4. Durability Features

The OUKITEL WP32 PRO is designed to withstand harsh environments, meeting IP68, IP69K, and MIL-STD-810H standards. This means it is waterproof, dustproof, and drop-proof.

- **Waterproof (IP68):** Withstands immersion in water up to 1.5 meters for 30 minutes.
- **Dustproof (IP69K):** Fully protected against dust ingress and high-pressure, high-temperature water jets.
- **Drop-proof (MIL-STD-810H):** Designed to survive drops from 1.5 meters.

**Note: Always ensure the dust-proof seal on the charging port is fully closed to maintain water and dust resistance.**

## 5. MAINTENANCE

To ensure the longevity and optimal performance of your OUKITEL WP32 PRO, follow these maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth to clean the phone. Avoid harsh chemicals or abrasive materials.
- **Port Seals:** Always ensure all port seals (charging port, SIM tray) are securely closed when not in use to maintain water and dust resistance.
- **Temperature:** Avoid exposing the phone to extreme temperatures outside its operating range (-40°C to 70°C).
- **Impact Protection:** While rugged, avoid unnecessary drops or impacts to prevent potential damage.

## 6. TROUBLESHOOTING

If you encounter issues with your OUKITEL WP32 PRO, try the following steps:

- **Device Unresponsive:** Press and hold the Power button for about 10-15 seconds to force a restart.
- **App Issues:** Clear the cache and data of the problematic app in Settings > Apps. If the issue persists, uninstall and reinstall the app.
- **Network Problems:** Check your SIM card insertion, ensure mobile data is enabled, or try resetting network settings (Settings > System > Reset options > Reset Wi-Fi, mobile & Bluetooth).
- **Battery Drain:** Check battery usage in Settings > Battery to identify apps consuming excessive power. Adjust screen brightness and disable unnecessary features like GPS or Bluetooth when not in use.
- **Factory Reset:** As a last resort, you can perform a factory data reset (Settings > System > Reset options > Erase all data). **Warning: This will erase all data on your phone. Back up important information before proceeding.**

## 7. SPECIFICATIONS
