SETUP AND ASSEMBLY

The Merax Queen Platform Bed Frame requires assembly. An installation manual with detailed, step-by-step instructions and diagrams is included with your product. Please refer to that manual for specific assembly procedures.

General Assembly Guidelines:

1. **Unpack Components:** Carefully unpack all parts and hardware. Verify that all components listed in the included manual are present.
2. **Identify Parts:** Familiarize yourself with the different parts, including the headboard, footboard, side rails, and support slats.
3. **Assemble Frame:** Follow the sequence provided in the installation manual to connect the headboard, footboard, and side rails.
4. **Install Slats:** Secure the wooden slats across the frame. These slats provide direct support for your mattress, eliminating the need for a box spring.
5. **Final Tightening:** Once fully assembled, ensure all connections are tight and secure.

Once assembled, your Merax Queen Platform Bed Frame is ready for use.

- **Mattress Placement:** Place your queen-sized mattress directly onto the wooden slats. No box spring is required.
- **Weight Distribution:** Ensure weight is distributed evenly across the bed frame. Avoid concentrating heavy loads on a single point.
- **Movement:** When moving the bed, lift it rather than dragging it to prevent damage to the frame and your flooring.

MAINTENANCE

Proper care will ensure the longevity and appearance of your bed frame.

- **Cleaning Wood Surfaces:** Wipe wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that can damage the finish.
- **Cleaning Rattan:** Gently dust the rattan with a soft brush or cloth. For deeper cleaning, a slightly damp cloth can be used, followed by immediate drying. Avoid excessive moisture.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the wood and rattan to fade or dry out.
- **Humidity Control:** Maintain a stable humidity level in the room to prevent wood from warping or cracking.

Rattan Style
