

## Cubehom LED TV Stand

# Cubehom 71-inch Black LED TV Stand Instruction Manual

Model: LED TV Stand | Brand: Cubehom

## 1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Retain this manual for future reference.

- Always follow the assembly instructions carefully.
- Ensure the TV stand is level and securely assembled before use.
- Do not exceed the load limit of 82 pounds (approximately 37 kg).
- Keep fingers and other body parts away from pinch points during assembly and use.
- Use appropriate safety gear when lifting heavy items.
- Place the TV stand on a flat, stable surface to prevent tipping.
- Do not allow children to climb on the TV stand or drawers.

## 2. PRODUCT OVERVIEW

The Cubehom 71-inch Black LED TV Stand is designed to accommodate televisions up to 75 inches. It features a modern aesthetic with integrated LED lighting and ample storage.

## 4. ASSEMBLY INSTRUCTIONS

Assembly of the Cubehom LED TV Stand is designed to be straightforward. Each component is carefully numbered, and clear, step-by-step instructions are provided in the separate assembly guide included with your product. It is recommended to have a second person assist with assembly for stability and ease.

### General Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all parts against the included parts list.
2. **Assemble Frame:** Follow the numbered steps to connect the main frame components using the provided hardware.
3. **Install Drawers:** Assemble the drawer boxes and install the metal silent slides onto both the drawers and the TV stand frame. Ensure smooth operation.
4. **Attach Acrylic Panels:** Secure the high-definition acrylic sheets to create the open shelving area.
5. **Install LED Strip:** Adhere the LED light strip to the designated area within the open shelving.
6. **Final Checks:** Ensure all connections are tight and the stand is stable.

## 5. OPERATING INSTRUCTIONS

---

### LED Light Strip Operation:

The integrated LED light strip can be controlled via a remote control or a mobile application. This allows for customization of colors and lighting modes.

- **Power On/Off:** Use the dedicated power button on the remote or in the app to turn the LED lights on or off.
- **Color Selection:** Select from 16 RGB colors using the color palette on the remote or app.
- **Lighting Modes:** Choose from various lighting modes, including static, flash, strobe, fade, and smooth transitions.

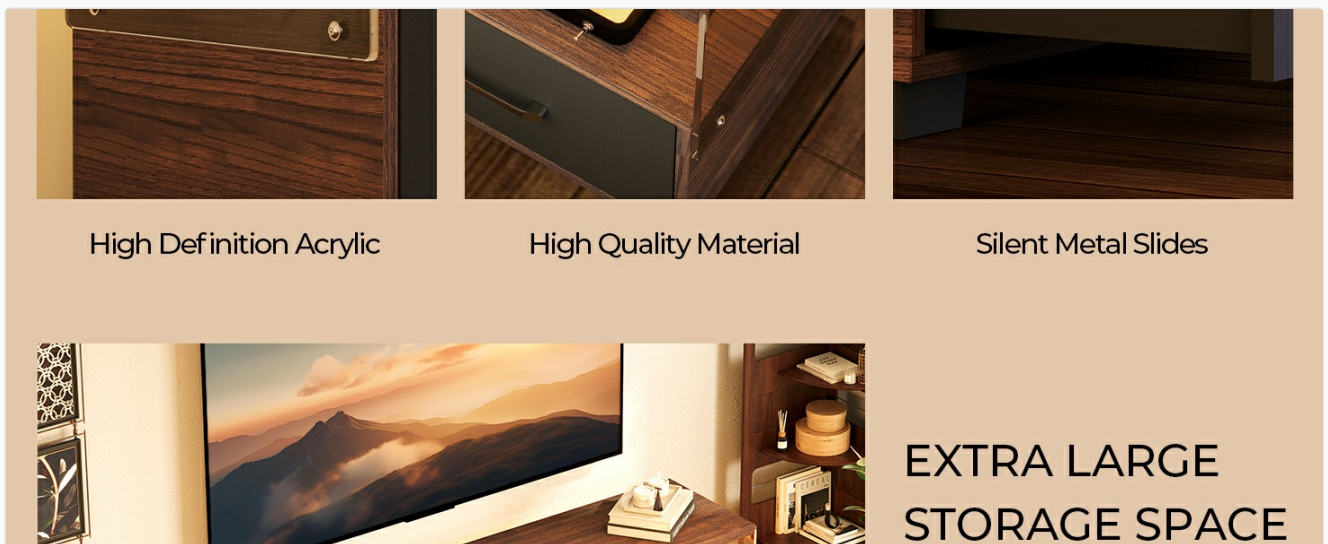

- **Brightness Control:** Adjust the brightness level to suit your preference.
- **Music Mode:** Some models may feature a music mode where lights synchronize with audio.
- **Timer Switch:** Set a timer for the lights to automatically turn off.

## Drawer Operation:

The four pull-out drawers are designed for smooth operation. To open, gently pull the handle. To close, push the drawer back until it is fully seated.

## 6. MAINTENANCE AND CARE

- **Cleaning:** Wipe the surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Dusting:** Regularly dust the TV stand to maintain its appearance.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **LED Lights:** If the LED strip requires cleaning, gently wipe it with a dry, soft cloth. Do not use liquids directly on the LED components.

## 7. TROUBLESHOOTING

### Common Issues and Solutions:

- **LED Lights Not Working:**
  - Check if the power adapter is securely plugged into both the LED strip and a working power outlet.
  - Ensure the remote control has fresh batteries and is pointed directly at the receiver.
  - If using an app, ensure Bluetooth or Wi-Fi connection is active and the app is correctly paired.
- **Drawers Not Sliding Smoothly:**
  - Verify that the drawer slides are correctly installed and aligned.
  - Check for any obstructions within the drawer tracks.
  - Ensure the TV stand is level on the floor. Uneven surfaces can affect drawer alignment.
- **Stand is Wobbly:**
  - Re-check all assembly hardware to ensure screws are fully tightened.
  - Ensure the TV stand is placed on a flat, even surface. Use shims if necessary to level it.

## 8. SPECIFICATIONS
