Internet Radio Mode

1. From the main menu, select "Internet Radio".
2. Browse stations by location, genre, or search by name.
3. Select a station and press OK to start playback.
4. To save a station as a favorite, navigate to the station and press the FAV button.

FM Radio Mode

1. From the main menu, select "FM Radio".
2. Use the navigation dial to tune to a frequency or perform an auto-scan for stations.
3. Press OK to select a station.

Bluetooth Mode

1. From the main menu, select "Bluetooth". The radio will enter pairing mode.
2. On your mobile device (smartphone, laptop), enable Bluetooth and search for "BLOW RI 1".

3. Select the radio to pair. Once connected, you can stream audio from your device to the radio.

Alarm Clock Function

1. Access the "Alarm" settings from the main menu.

2. Set up to two independent alarms.

3. Configure alarm time, source (buzzer, internet radio, FM), and snooze duration.

4. Ensure the radio is connected to power for the alarm to function reliably.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the radio's surface. Do not use liquid cleaners or abrasive materials.

- **Storage:** When not in use for extended periods, store the radio in a cool, dry place.

- **Software Updates:** Periodically check for firmware updates through the radio's system settings to ensure optimal performance and access to new features.

TROUBLESHOOTING

Problem	Possible Solution
No power	Check if the power adapter is securely connected to the radio and the electrical outlet. Try a different outlet.
Cannot connect to Wi-Fi	Ensure your Wi-Fi password is correct. Check if your router is working. Try restarting the radio and your router. Ensure the radio is within range of your Wi-Fi signal.
Internet radio stations not playing	Verify your internet connection is active. Some stations may be temporarily offline. Try other stations.
Bluetooth pairing fails	Ensure the radio is in Bluetooth pairing mode. Make sure Bluetooth is enabled on your mobile device and it's within range. Try unpairing and re-pairing.
Poor FM reception	Adjust the radio's position. Ensure there are no strong interference sources nearby.
